# Superseded by Design Bulletin C02-08

The Standard Drawings Load and Resistance Factor Design (Customary US Units) (Index Nos. 1530 – 1537), dated 2000 Edition are modified as follows:

## STRUCTURES STANDARD DRAWINGS.

(REV 2-15-02)

Index No. 1531, 'K - SOUND BARRIER WALL NOTES', delete note 5 and substitute the following:

5. Posts shall not have the pile reinforcement cages integrally cast with same. Pile reinforcement cages, when required, shall be placed in the pile prior to installing the post.

Index No. 1531, 'K - SOUND BARRIER WALL NOTES', delete note 9 and substitute the following:

9. All Collars shall be cast-in-place in accordance with the details in the Contract Documents.

Index No. 1531, 'M - PAYMENT', add the following pay item note: Pay Item No. 455-112-4 shall be for both 30 and 36 inch Auger Cast Piles, whichever option is chosen by the Contractor. At the option of the Contractor, in lieu of Auger Cast piles, the Contractor may construct drilled shafts in accordance with the requirements contained in Section 455 for Mast Arms.

Index No. 1532, (Drawing No. 1 of 2), 'TYPICAL ELEVATION', the 2'-6" dia. Auger Cast Pile may be replaced with a 3'-0" dia. Auger Cast Pile, whichever option is chosen by the Contractor.

Index No. S-1535, 'DETAIL OF SECTION J-J'. If Option No. 1B of the FDOT NOISE WALL PILE/POST CONNECTION (see Appendices) is chosen by the Contractor, then a 3'-0" dia. Auger Cast Pile shall be used in lieu of the 2'-6" dia. Auger Cast Pile shown.

Index No. S-1536, delete both the detail and associated views pertaining to "PRECAST OPTION".

Index No. S-1535, 'CONCRETE & GROUT QUANTITY SUMMARY', (POSTS and PILES) delete all volume and total values.

(\*COLLARS\*) delete all values and related note.

Index No. S-1536, (Drawing 2 of 2), (COLLAR REINFORCING), delete all Precast values.

(REINFORCING STEEL SUMMARY).

(\*COLLARS) delete all Precast values and related note.
