COPIES: Will Watts, Dan Hurtado, Michael Shepard, Tim Lattner, Scott Arnold, Rudy Powell, Stefanie Maxwell, Paul Hiers, Christina Freeman, Ben Goldsberry, Larry Jones, Andre Pavlov, Vickie Young, Gevin McDaniel, Derwood Sheppard, Jennifer Green, David Wagner, Felix Padilla, Rafiq Darji (FHWA)

SUBJECT: 2023 *Structures Manual*

This bulletin announces the release of the 2023 *Structures Manual*. The *Structures Manual* can be found on the Structures Design Office website at:

<http://www.fdot.gov/Structures/StructuresManual/CurrentRelease/StructuresManual.shtm>

IMPLEMENTATION

The 2023 *Structures Manual* is effective on all projects beginning design on or after January 1, 2023, and on projects currently in the design phase where implementation will not adversely impact production schedules. Changes implemented via Structures Design Bulletins issued between December 2021 and November 2022 are incorporated into the 2023 *Structures Manual*. These changes are effective as described in each Bulletin.

COMMENTARY

The *Structures Manual* is the primary source for FDOT structural design criteria. The *Structures Manual* is provided as PDF files and includes hyperlinks, bookmarks, and search capabilities. The *Structures Manual* can be viewed online, or it can be installed on your computer. See the instructions at the link above. If you already have previous editions of the

Structures Design Bulletin 22-02
2023 Structures Manual
Page 2 of 2

Structures Manual installed on your computer, installation of the 2023 ***Structures Manual*** will not overwrite them.

A list of revisions is included at the end of each volume of the ***Structures Manual***. In addition, change bars are shown adjacent to revised and new text within each volume.
