I-95 Express Lanes 

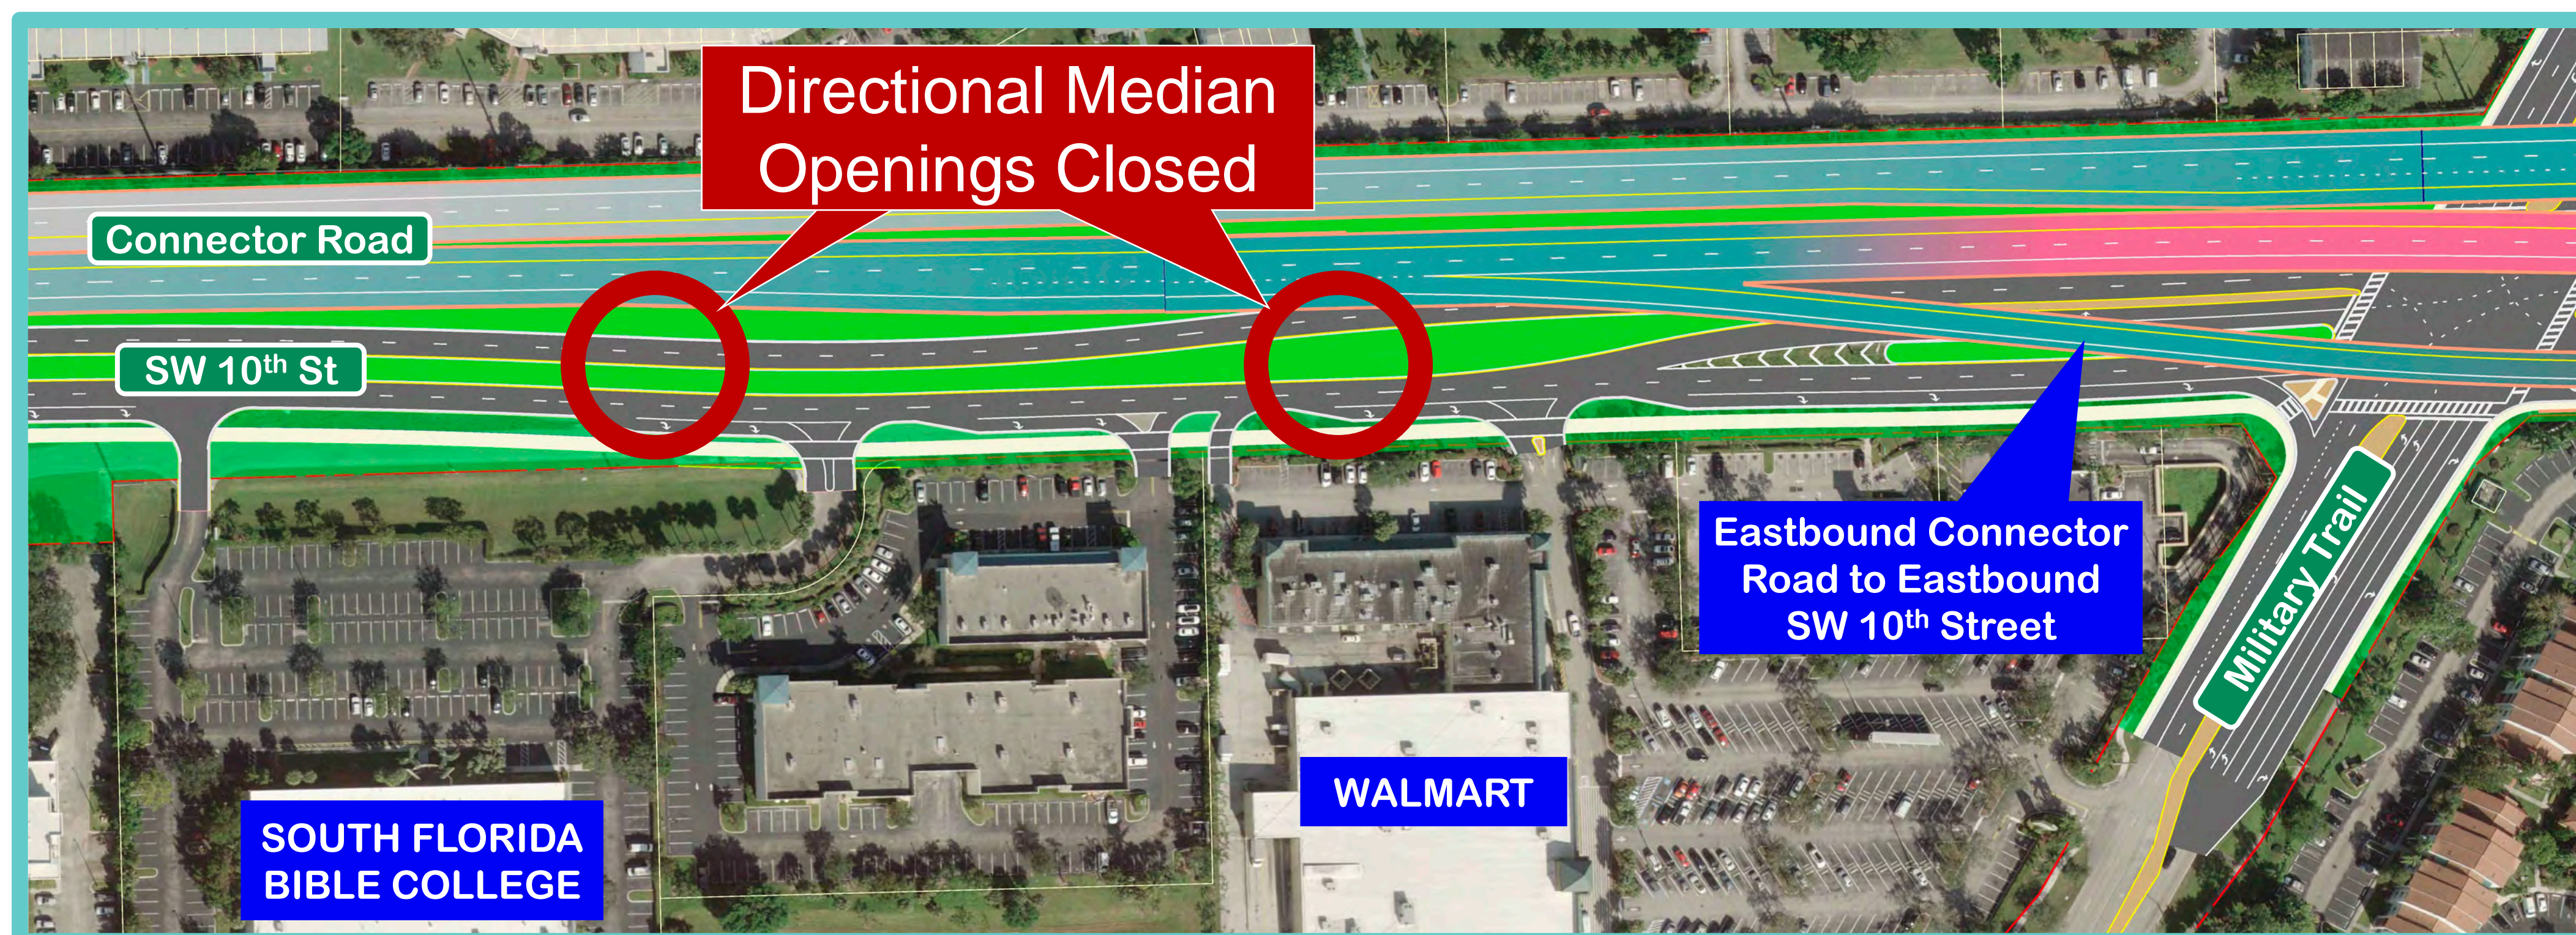

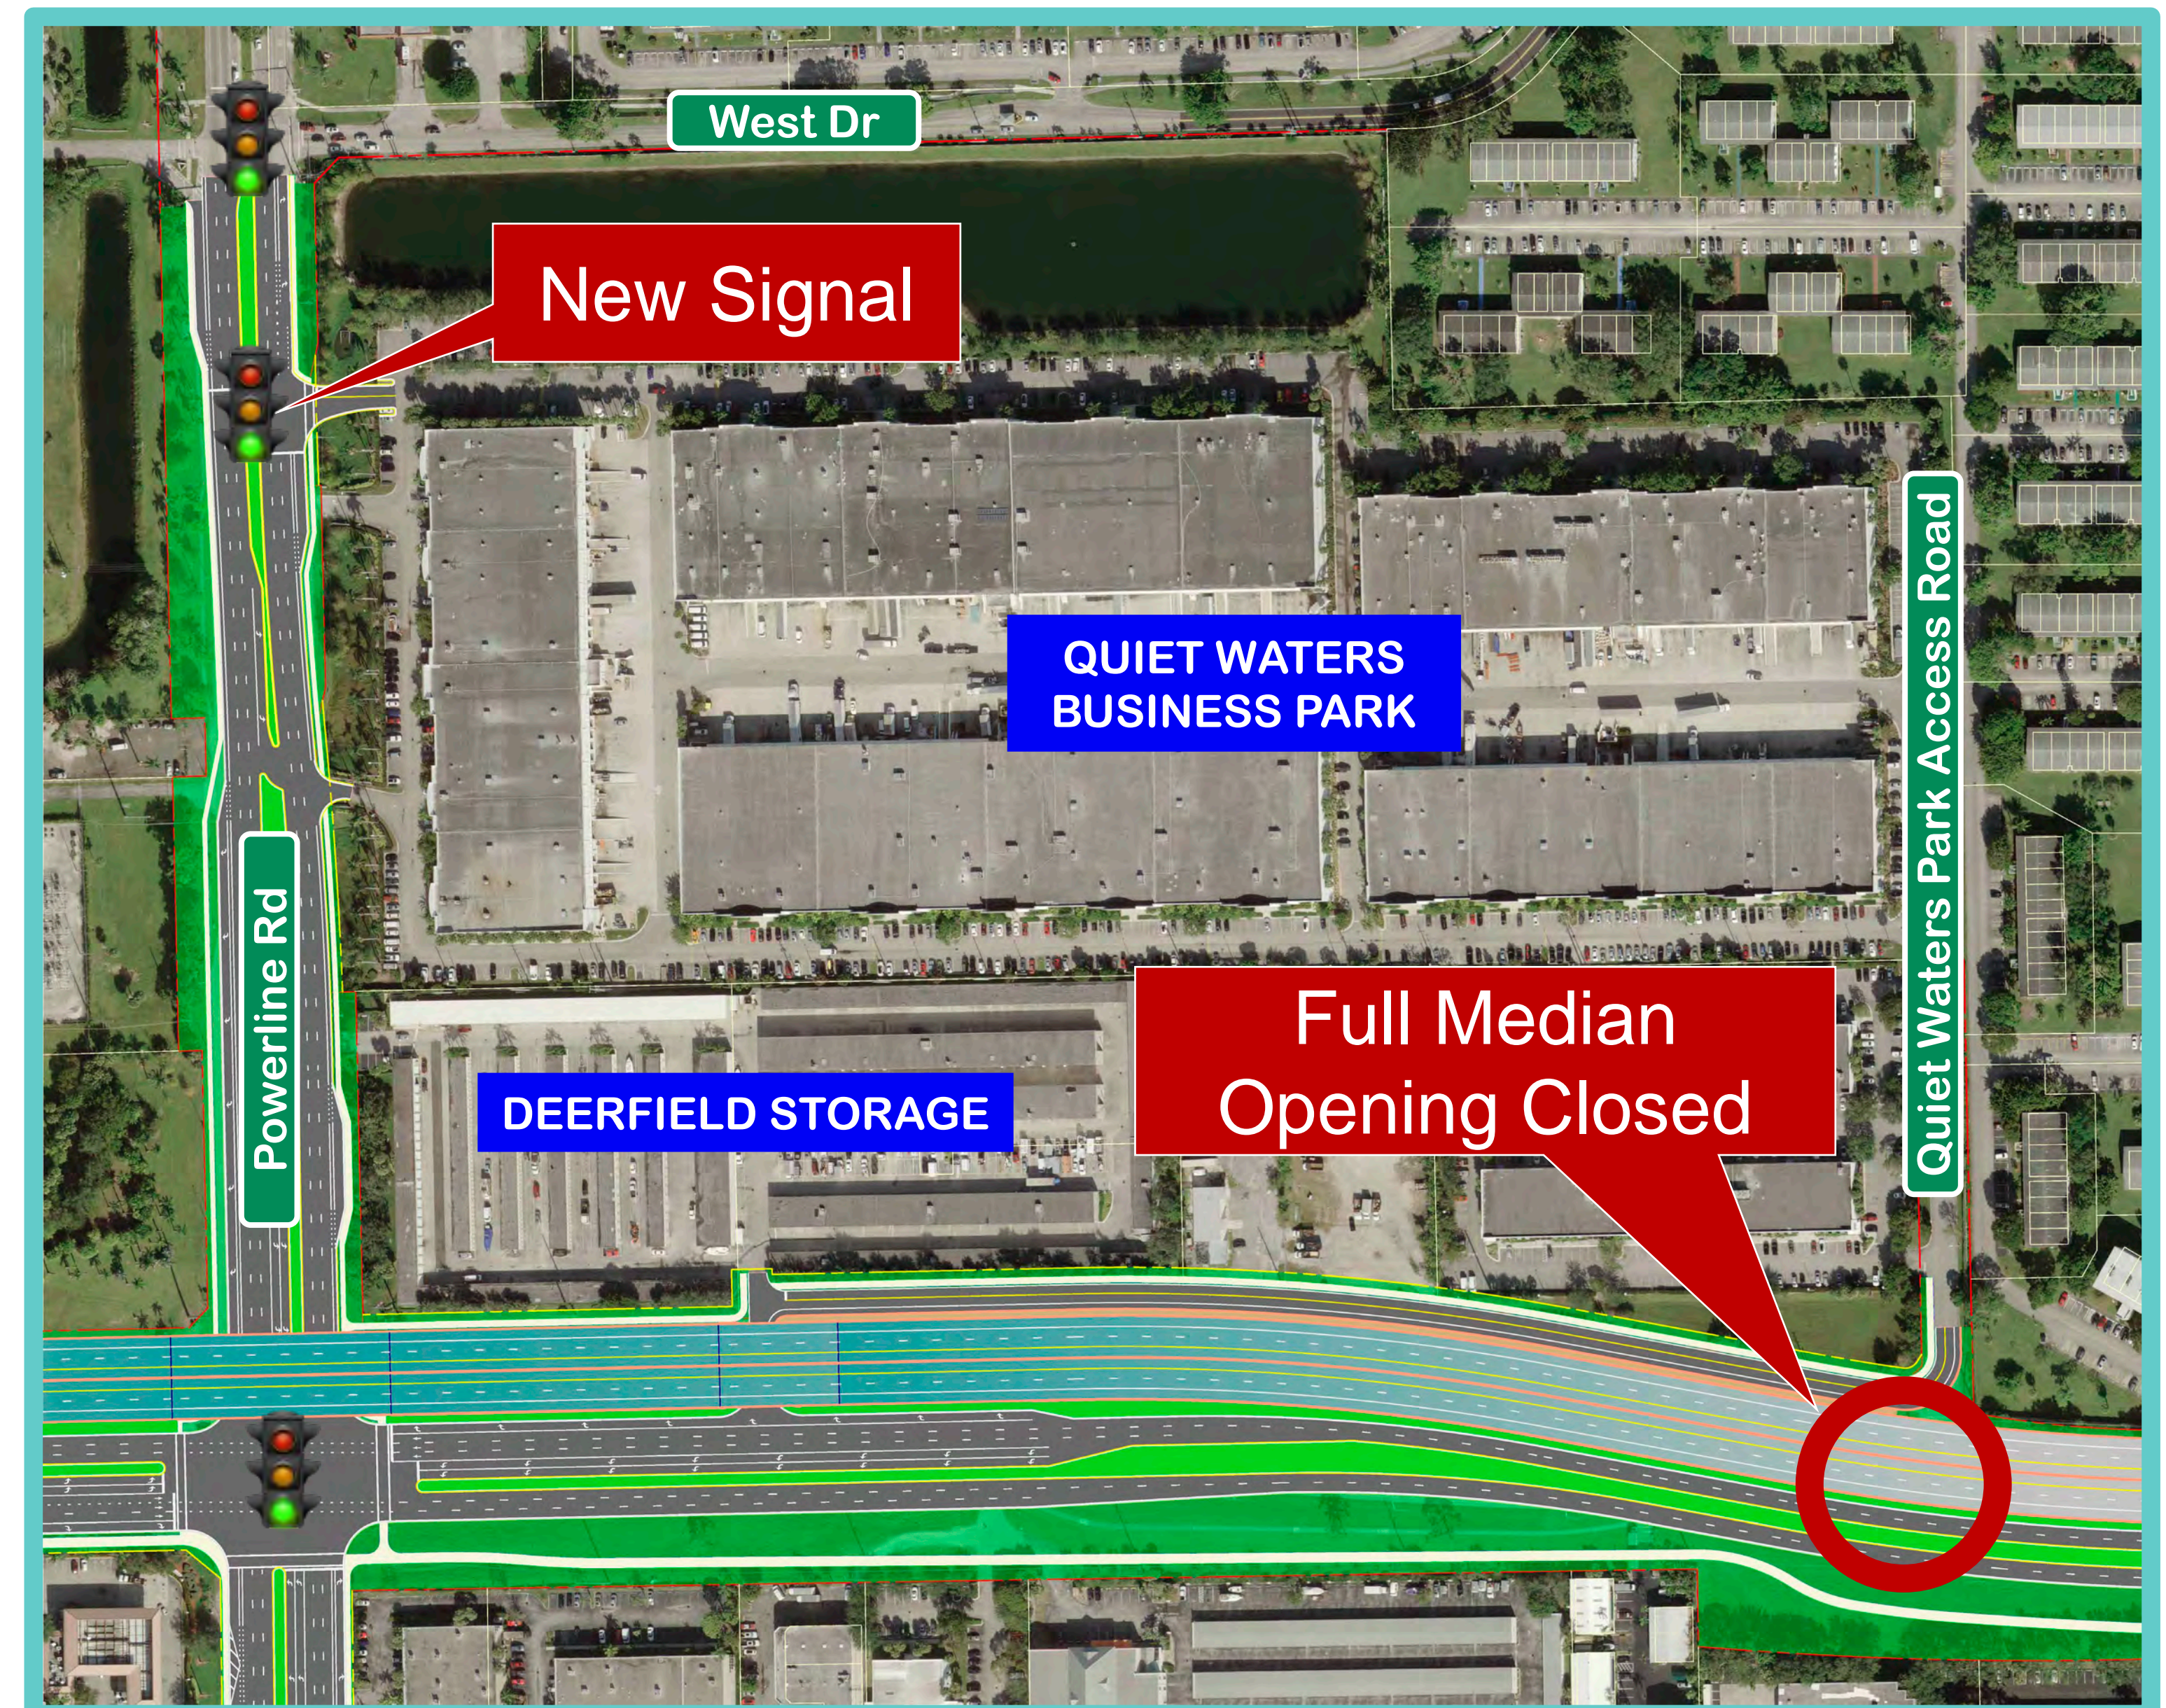

I-95 General Use Lanes 

* Without Powerline Road Ramps Alternative does not include these ramp connections

Local Road Access Modifications

- All residences and businesses that currently have access to SW 10th Street **will retain access** to local SW 10th Street (during construction and also with all of the Build Alternatives).
- The exact configuration of driveways and access points will be determined during the Final Design.
- Local SW 10th Street **will retain similar access** to / from I-95, Sawgrass Expressway and Florida's Turnpike as they have today.

Proposed Median Opening Changes
