Wetzel, Lisa

From:	Cyrus Transport <cyrustransportllc@gmail.com>
Sent:	Thursday, April 2, 2026 11:51 AM
To:	Commercial Vehicle Review Board
Subject:	Fwd: Formal Legal Protest and Request for Dismissal – Citation No. 000915421
Attachments:	Formal Protest – Citation #000915421.pdf; Bol + weight.pdf; IMG_4152.jpeg; IMG_4151.jpeg

To Whom It May Concern,

I hereby submit this formal legal protest regarding Citation Number 000915421, issued by the Florida Highway Patrol, Commercial Vehicle Enforcement Division.

At the outset, I respectfully assert that the citation in question does not involve any actual overweight violation or safety-related infraction. According to the citation itself, as well as the supporting Bill of Lading documentation, the gross vehicle weight at the time of inspection was 76,960 pounds, which is well within the federally permitted limit of 80,000 pounds. Therefore, the basis of the penalty is not rooted in any violation of weight regulations or public safety concerns.

The citation instead arises from an alleged registration status issue, which I acknowledge had lapsed at the time of inspection. However, I respectfully submit the following mitigating and exculpatory circumstances:

- The commercial vehicle had been inactive and parked for several months, which directly contributed to the delay in renewing the apportioned registration.
- I maintained possession of the previous valid registration, demonstrating a clear history of compliance and no intent to operate unlawfully.
- I am currently in the process of completing the registration renewal, evidencing good-faith efforts to rectify the administrative lapse.
- With respect to IFTA credentials, I possessed valid documentation and provided visual proof to the inspecting officer. The decals had not yet been physically affixed to the vehicle solely due to timing, as I was en route to complete that installation.

It is critical to emphasize that this matter constitutes, at most, a temporary administrative deficiency, not a willful violation, negligence, or conduct endangering public safety. There was no fraudulent intent, no attempt to evade regulatory obligations, and no operational misconduct.

CASE
26-06-002
PAGE 1 OF 8

Additionally, I would respectfully note that current operating conditions in the trucking industry have become increasingly challenging, particularly due to the significant rise in fuel (diesel) costs and overall expenses. As a small owner-operator, these economic pressures already place a substantial burden on my business. Imposing a penalty of this magnitude, under circumstances involving only an administrative issue and no safety violation, would create an even more severe and disproportionate financial hardship.

Furthermore, imposing a penalty exceeding $2,000 under these circumstances is grossly disproportionate to the nature of the violation, particularly in the absence of any overweight condition or safety hazard. Such a penalty places an undue and excessive financial burden on an owner-operator whose livelihood depends entirely on this commercial vehicle.

In light of the foregoing, and consistent with principles of fairness, proportionality, and administrative discretion, I respectfully request the following relief:

- Full dismissal of the citation, or in the alternative,
- A substantial reduction of the assessed penalty

I am fully committed to maintaining compliance with all applicable federal and state regulations and have taken immediate steps to ensure that all credentials are current and properly displayed.

Attached please find supporting documents, including Bill of Lading confirming legal weight, IFTA credentials, prior registration, and proof of registration renewal payment

Thank you for your time, consideration, and careful review of this matter.

Respectfully submitted,

Mike Haghparast

REMARKS

Truck tractor/semi-trailer entered the scale facility. The Texas (state) no cab card at the time of stop the vehicle had expired on 07/31/2024. License Plate and/or VIN# was checked thru Smart Cop and was confirmed to be expired more than 90 days. According F.S. 316.545, legal weight is 35,000 lbs. laden combination Vehicle has a scale weight of 76,960 lbs. less legal weight of 35,000 lbs equals 41,960 lbs. over at .05 cent per pound. Driver was issued a 10 day temporary fuel tax permit for the state of Florida.

NOTE: Driver was advised that operating with an expired registration is a violation of Florida Statute. Citation does NOT make vehicle legal. Continued operation would be subjected to further enforcement by other Law Enforcement Agencies. Driver/Vehicle was released. Driver was given a copy of the Not Apportioned for Florida Explanation letter.

Good afternoon,

We received citation 000918555 and would like to appeal. We purchased this vehicle from a dealership. Unfortunately, they failed to process the documentation in a timely manner as we were told, nor did they provide us with a extended paper plate. I have attached the below information for review:

Citation
New registration
Title transfer from dealership

If any further documentation is needed, please reach out.

Thank you,

REMARKS

A truck tractor/semi-trailer entered the scale facility. The South Carolina Temporary Paper Tag for vehicle had expired on 3/23/2026; with NO grace period. License Plate and/or VIN# was checked thru SmartCop and confirmed to be expired less than 90 Days. According F.S. 316.545, legal weight is 35,000 lbs laden combination OR 10,000 lbs un-laden combination. Straight trucks (regardless of load) is 10,000 lbs. Vehicle has a scale weight of 133,600 lbs less legal weight of 35,000 lbs equals 98,600 lbs over at .05 cent per pound. Penalty capped at $1000.00.

NOTE: Driver was advised that operating with an expired registration is a violation of Florida Statute. Citation does NOT make vehicle legal. Continued operation would be subjected to further enforcement by other Law Enforcement Agencies. Driver/Vehicle was released.

Note: Driver presented a State of FL Oversize Permit (#2629296).

Note: Also, Driver given "Expired Registration for Florida Explanation" paperwork at time of stop.

Dear Clerk of Courts,

As per the instructions provided to me by your customer service department, I have attached the following documentation for citation # 000912187, vehicle VIN 3AKJGLDR9GSGV7785.

Citation 000912187
Cab Card - renewed 2/27/26
Certificate of Insurance

I would like to request a waiver for the citation if permissible by the court.
Due to being owner-operator and a lack of resources, I inadvertently missed the window for completing the registration renewal prior to expiration. However, as you will note on the attached cab card, I obtained the renewal the day following the issuance of the citation.

Please advise if additional information is required and what are the next steps involved in my plea. Your understanding in this matter is greatly appreciated.

REMARKS

A FL based truck tractor semi trailer was operating with an expired registration as of 01/31/2026. The vehicle weighed 62,920 lbs. Per Florida Statute legal 316.545(2)(b) weight for a loaded truck tractor is 35,000 lbs. making the vehicle 27,920 lbs. over weight @ $0.05 per lb. Due to registration being expired for less than 90 days the penalty is capped at $1,000.00. Both the tag and V.I.N were entered into NCIC/FCIC with information returning verifying the registration was expired. The driver was advised that continued operation without proper registration is a violation of Florida Law.

Good afternoon

This Letter is the response to Violation Notice – Expired IRP Registration

Vehicle/Unit: 1999 Peterbilt, Unit 446
Violation Date: 4/1/2026
Violation: Absence of Valid Registration

We are writing in response to the above-referenced violation issued for alleged absence of valid vehicle registration. We respectfully request that this violation be dismissed based on the following grounds.

Our IRP registration expired on March 31, 2026. However, pursuant to an official notice published by the Illinois Secretary of State on the official state website (ilsos.gov), all IRP registrations and IRP license plates expiring on March 31, 2026, were granted an automatic extension and remain valid through April 15, 2026.

The citation was issued on 04/01/2026, which falls within the extended validity period authorized by the Illinois Secretary of State. Therefore, our vehicle was operating under a valid registration at the time of the stop.

For reference, the extension notice is publicly available at the official Illinois Secretary of State website: https://www.ilsos.gov

We respectfully request that this violation be dismissed in its entirety. Please do not hesitate to contact us at (773) 656-9236 or dscarriersgroup@gmail.com should you require any additional documentation.

See attached Citation, Registration, and Extended Period Notice from Illinois Secretary of State.

Sincerely,
Denys Gogol

REMARKS

(71.5 ft) 5 axle truck tractor semitrailer out of (ILLINOIS) with an expired (03/31/2026) apportioned registration. The registration is expired less than 90 days.

I ran the VIN # 1XP5AB7XXXD476680 through the Smart Cop system and was unable to confirm that the registration is expired nothing showed up. The (LADEN) vehicle weighed in at 59,460 pounds, took the vehicles weight back to 35,000 pounds per FS 316.545 (2)(b), which makes the vehicle 24,460 pounds overweight at 5 cents per pound = $1,000.00 With the registration being expired less than 90 days, the penalty is capped at $1,000.00. I Did advise the driver that it is unlawful to drive on the Florida highway system without a proper registration.

Driver is also in violation of FS 316.515. Semitrailer exceeding 48' in length but measures no more than 57' in length, with a kingpin setting greater than 41' from the kingpin to the center of the rear tandem axles and does not have an appropriate permit. The semitrailer measured 53' in length with a kingpin setting of 47' 2", making the semitrailer 5' over the legal semitrailer length of 48', this is because the kingpin setting was not set at 41' or less.

Required the company to correct the problem prior to leaving the Madison Scales by correcting the kingpin setting to a legal setting of 41' or less or by obtaining a proper permit.

Total Penalty Due = $1,100.00

ALEXI GIANNOULIAS
SECRETARY OF STATE

To: IRP Member Jurisdictions

From: Brian Alexander - Director, Vehicle Services

Re: Extension of registration period for Illinois motor vehicles under the International Registration Plan (IRP).

Due to a high volume of in-person renewals, the Illinois Office of the Secretary of State is extending the registration period for vehicles registered under the International Registration Plan (IRP) with expiration dates in March 2026.

Vehicles with IRP temporary registration expiring March 31, 2026, will remain valid through April 15, 2026. Vehicles with IRP license plates expiring March 31, 2026, will also remain valid until April 15, 2026, provided the vehicle owner has renewed online and presents their receipt of renewal with their 2026 registration credentials.

Notwithstanding this extension, registrants are strongly encouraged to submit renewal applications online by April 3, 2026, to ensure receipt of their 2027 registration by April 15, 2026.

Law enforcement agencies in all IRP member jurisdictions are asked to refrain from taking enforcement action against Illinois vehicles with IRP temporary registration expiring on 3/31/2026 or IRP license plates expiring March 2026, provided the vehicle has proof of online renewal and valid 2026 registration credentials, until after April 15, 2026.

Questions concerning the extension may be directed to Jenny Budd, Administrator for Commercial & Farm Truck Division at 217-785-7197 or jbudd@ilsos.gov.

Re:
Citation Number: 00919360
Date of Citation: 04/01/2026

Dear Sir or Madam,

I respectfully submit this letter requesting reconsideration and possible reduction or dismissal of the penalty associated with the above-referenced commercial motor vehicle citation.

On the date indicated above, I was cited for a registration/tax class violation relating to the gross vehicle weight (GVW) of my truck. At the time, the vehicle was registered at 14,000 pounds GVW, whereas it should have been registered at 26,000 pounds GVW.

I want to emphasize that this was not an intentional violation or an attempt to evade any regulatory requirement, but rather an administrative oversight. Importantly, the vehicle was not operating in an unsafe condition, nor was it exceeding its actual weight limits of lb 26,000 for this type of Non CDL truck/trailer setup. At the time of the citation the total vehicle weight was lb 25,200 This matter strictly involved the registration classification.

Immediately after the stop when I was made aware by the officer of this discrepancy took corrective action on 04/02/2026 by updating the vehicle's registration with the Florida DMV to reflect the proper 26,000-pound GVW classification. I have attached proof of the corrected registration for your review.

As a commercial operator, I make and will continue to make every effort to remain in full compliance with all state and federal regarding weigh limitation regulations.

Given that:

- The issue has been promptly corrected

CASE
26-06-006
PAGE 1 OF 4

- There was no safety risk or overweight condition
- The violation was unintentional
- I acted in good faith to resolve the matter immediately
- I have a clean driving and compliance record.

I respectfully request that the Court consider reducing or dismissing the $501.05 penalty.

I sincerely appreciate your time and consideration, and I am fully willing to provide any additional documentation if needed.

Respectfully,

Max Tucker

Good afternoon,

I am providing written notice that I would like to protest this citation that one of my drivers received while in the state of Florida.
Dry Box Inc, DOT 1782842 is a Washington based company.
The vehicle and trailer in question were registered in Washington.

The citation states that our truck was not properly registered.
The citation improperly calls out our vehicle as a 4 axle straight truck with a 38' wheelbase.
This is a standard Dodge Ram 3500 Dually pickup pulling a two axle trailer.
The 2 axle truck is registered for 14,000 pounds.
The 2 axle trailer is registered as 12,000 pounds.
Combined registered weight of 26,000 pounds.
Actual weight of 18,980 pounds.
All axle weights are good, and we are under the 26,001 pound limit.

This truck and trailer are properly registered in the state of Washington to operate in this manner.

Florida shows the following definitions for a Commercial motor vehicle.

207.002 Definitions.—As used in this chapter, the term:
(1) "Commercial motor vehicle" means any vehicle not owned or operated by a governmental entity which uses diesel fuel or motor fuel on the public highways; and which has a gross vehicle weight in excess of 26,000 pounds, or has three or more axles regardless of weight, or is used in combination when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

320.01
(24) "Apportionable vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, and government-owned vehicles, which is used or intended for use in two or more member jurisdictions that allocate or proportionally register vehicles and which is used for the transportation of persons for hire or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a power unit having a gross vehicle weight in excess of 26,000 pounds;
(b) Is a power unit having three or more axles, regardless of weight; or
(c) Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

This pickup, and trailer combo, clearly do not meet these definitions.

If I am incorrect in this matter, can you please provide the code that requires a different registration type for this vehicle?
I want to be able to properly comply to make sure I stay legal and proper.

To: Commercial Motor Vehicle Review Board
Subject: Request for Dismissal of Citation No. 000914655 and Removal of Out-of-Service Record

Respected Sir/Madam,

I hope this message finds you well.

My name is Tittomon Thomas, and I am writing on behalf of my company, **TIAN LOGISTICS LLC**. I would like to respectfully bring to your attention an issue regarding a recent inspection and citation (**Citation No. 000914655**).

On **March 16, 2026**, one of our company trucks was inspected at **Jackson, FL Location 101W on Interstate 10**. During this inspection, a citation was issued because the driver, **Mr. Regi Vadakkemuriyil Anthony**, was found to have a **Restriction "L" (Air Brake Restriction)** on his CDL.

However, we would like to clarify that this restriction was added due to a **clerical error during a DMV address update**. The driver had successfully passed the air brake exam on **January 11, 2023**, and his previous CDL did not carry any such restriction. Unfortunately, the error went unnoticed at the time of issuance.

Upon discovering the issue, we immediately contacted the DMV, and they confirmed the mistake. A **corrected CDL without the restriction has since been issued** to the driver.

I hereby attach the driver's **previous CDL (issued before the address change)**, the **corrected/latest CDL**, and a **copy of Citation No. 000914655**, along with this email for your reference.

We sincerely assure you that there was **no intention to violate any regulations**, and this situation arose purely due to an administrative error beyond our knowledge at the time.

In light of these facts, we respectfully request:

- **Dismissal of Citation No. 000914655**, and
- **Removal of the Out-of-Service (OOS) record** associated with our DOT number

TIAN LOGISTICS LLC is a small business that was established less than a year ago, and this OOS record is significantly impacting our ability to grow and operate effectively. Your understanding and consideration in this matter would mean a great deal to us.

Thank you for your consideration.

Protest

This protest is to provide documentation/information that the load transported was only 10' wide. Based on Florida's law if your load is 10' or less you are only required to have flags on all four corners of over width loads and at the extreme ends of all protrusions, projections, or overhangs. On the attached bill of lading, it shows this load was 10' wide from Metals USA. From our understanding the $100 fine shouldn't have been assessed.

Please advise.

REMARKS

CMV truck-tractor/ semi-trailer combination, laden with an oversized load, in Interstate commerce was stopped for a CVSA inspection. A CVSA inspection was conducted in accordance with FSS 316.302(9) and 316.545(1). The CMV was noted to be operating on permit 2499084-2024-0001. The CMV was operating in Interstate commerce from Mobile, AL to Orlando, FL. CMV is over width and does not have flags displayed on all four corners of CMV. (flags are displayed on the front and rear of the load only). Trailer is 102 inches, right side of load is 11 inches and left side is 10 inches making the width 123 inches (10ft 3inches) This is in violation of FAC 14-26.012 (5)(a). A $100.00 penalty is assessed to the carrier.

Subject: Request for Review and Possible Dismissal - IFTA Citation 000920584 (April 6, 2026)

Hello,

I am writing to request a review of a citation I received on April 6, 2026, in the state of Florida regarding IFTA compliance.

At the time of the inspection, I did not have the IFTA sticker displayed, and I was unable to immediately access my IFTA documentation on my phone. As a result, I was issued a temporary fuel tax permit.

However, my IFTA account was active and fully paid at the time of the stop. I have since obtained and am attaching proof of my valid IFTA registration.

The officer who conducted the inspection advised me to send my documentation and contact your office to request a possible reduction or dismissal of the citation.

I respectfully request that you review my case and consider reducing or dismissing the citation, as I was in compliance and this was only a documentation issue at the time of inspection.

Please let me know if any additional information is required.

Thank you for your time and consideration.

Sincerely, Gerardo Vergara Vargas

Subject: Request for CMVRB Hearing Blue Monkey Heavy Haul
Attachments: 3781 Blanket Permit Through 3-20-2026.pdf; 3781 Blanket Permit Through 3-23-2027.pdf; Citation 000918344.pdf

Good Afternoon,

We purchase yearly oversize/overweight blanket permits from FDOT for all of our trucks. One of our trucks had their permit expire on Saturday March 21st. The person who is in charge of ordering our permits came in on the Monday morning of March 23rd and placed the order for the new yearly permit. Our driver who was in the truck that the permit expired over the weekend pulled into a scale at 10:29 AM while we were waiting for the permit to be issued. The permit was issued at 10:32 AM on Monday March 23rd. We were issued a citation for weight and length. Due to the nature of the yearly permits and the history our company has shown to stay up to date on these permits I am requesting that the citation please be dismissed.

I have attached the citation along with the permits mentioned above to this email.

Please let me know if you need anything else to proceed with scheduling a hearing,

Dominic

Subject: Appeal of Citation #00918095

Dear Sir or Madam,

Good day. I am writing to formally appeal Citation Number 00918095 issued to our company, Destination Bound.

At Destination Bound, we make every effort to comply with all applicable state and federal transportation laws and regulations. Unlike many operators we encounter on the road who may run oversized loads without proper permits, banners, flags, or lighting, our company takes compliance very seriously and strives to operate within legal requirements at all times.

In this instance, the driver was in possession of a valid permit authorizing travel along I-75 to the Georgia state line. While en route, the driver became aware of potential traffic delays on I-95 and mistakenly diverted onto State Road 528 in an attempt to avoid those delays. This was not an intentional violation, but rather an error in judgment while trying to maintain safe and efficient travel.

The driver was uncertain at the time whether this route deviation was in violation of the permitted route. It is important to note that we also maintain blanket permits covering length requirements for our truck and trailer combinations. Additionally, the vehicle was properly equipped with banners, flags, and strobe lights, and the driver complied with procedures by entering the weigh station as required. At no time was there any intent to violate the law or operate outside of legal compliance.

We respectfully request that you consider these circumstances. This citation presents a significant financial burden, especially given the current high costs of fuel and operating expenses. Given that the driver held a valid permit and made an unintentional routing error while attempting to avoid traffic issues, we kindly ask for leniency and consideration in this matter.

We appreciate your time and attention to this appeal and respectfully request that this citation be reconsidered.

Sincerely,

Thomas R Williams
Destination Bound Marine Transport .

REMARKS

Over Width, Over Height & Over Length Violations:

Vehicle is a 2 axle straight truck pulling a trailer with Boat with a wheelbase of 55 ft., weighing 28,320 lbs. The width of the vehicle and load measured at 11 ft. 1 " resulting in 2 ft. 7 in. of violation. Penalty assessed at $250 per foot or any portion thereof for a total penalty of $750.00. (Penalty includes 3-inch tolerance deduction, actual measurement 11 ft. 4 in.)

The height of the vehicle and load measured at 13 ft. 8 In. resulting in 0 ft. 2 in. of violation. Penalty assessed at $250 per foot or any portion thereof for a total penalty of $250.00. (Penalty includes 3-inch tolerance deduction, actual measurement 13 ft. 11 in.)

Vehicle measured at 68' 9" from front bumper to end of load (inclusive of load). Legal length of a straight truck and trailer combination is 68 ft. resulting in a 0 ft. 9 in penalty, penalty assessed at a flat $40.00 for length violation less than 2 ft. (Penalty includes 3-inch tolerance deduction, actual measurement 69 ft. 0 in.)

The driver was advised to correct the violation or obtain a valid permit before departing, otherwise open to further citations.

Driver presented permit #2635996-2025-0001; however, this permit is Null & Void for being off route, as the route showed taking I-95 to I-10.
No match on the overdue list.

REMARKS

2 axle straight truck pulling a 2 axle flat bed trailer laden with motor vehicles traveling in Interstate Commerce.

The vehicle exceeds the maximum legal length. Actual length measured at 71 feet 6 inches, minus legal length of 68 feet, minus 3 inch tolerance equals 3 feet 3 inches over. Cited at $100.00 for exceeding the maximum legal length by more than 2 feet but not more than 10 feet for a total penalty of $100.00.

The driver is operating a vehicle outside of the classification of his license. The CGVW is 29,040 pounds, and the GVW of the trailer is 15,200 pounds, which requires a Class A CDL. The driver only has a Class E Operator's license. Cited at $100.00.

Total penalties equal $200.00. Driver is placed out of service until he has the proper class license. Driver also did NOT have an overlength permit at the time of the stop.

Inspection Notes

Previous inspections with CDL OOS violations: 6/4/25 - FL4326001191 3/26/25 - TN1033x11394 2/12/25 - FL2217007857 2/4/25 - SC0379001204 All of these OOS violations were for being over weight on his license, all required a Class A CDL and each time he has only had a Class E Operator's license. 2 axle straight truck pulling a 2 axle flat bed trailer laden with motor vehicles traveling in Interstate Commerce. The vehicle exceeds the maximum legal length. Actual length measured at 71 feet 6 inches, minus legal length of 68 feet, minus 3 inch tolerance equals 3 feet 3 inches over. Cited at $100.00 for exceeding the maximum legal length by more than 2 feet but not more than 10 feet for a total penalty of $100.00. The driver is operating a vehicle outside of the classification of his license. The CGVW is 29,040 pounds, and the GVW of the trailer is 15,200 pounds, which requires a Class A CDL. The driver only has a Class E Operator's license. Cited at $100.00. Total penalties equal $200.00. Driver is placed out of service until he has the proper class license. Driver also did NOT have an overlength permit at the time of the stop. Lease agreement between the owner and the listed carrier was provided, signed on 4/22/2025.

Good morning,

Please see the attached proof from the Office of the Secretary of State showing that our driver had temporary registration valid through April 15, 2026, and **NOT til March 31, 2026**, as the officer stated on 04/02/2026 that the registration had expired. For this reason, we are not responsible for paying $771.00, as the temporary registration issued by the Secretary of State was valid.

In addition, please see the attached IFTA for Flan Enterprises Inc that the driver had in his book. and show it to the officer. It looks like the stickers peeled off when he washed the truck or while he was driving on the highway.

Enclosed are your IFTA license and decals. You are required to make legible copies or electronic images of this license so a copy is carried in each qualified motor vehicle. This license is valid in all current IFTA jurisdictions.
Please read the Illinois Motor Fuel Use Tax Carrier Compliance Manual (MFUT-53) on our website at **tax.illinois.gov** to familiarize yourself with IFTA requirements.
Each vehicle must display one set of decals on the exterior portion of the qualified motor vehicle's cab — one decal on each side. Do not display decals on windshields, side vent windows, saddle tanks or trailers. You must remove all expired decals. Failure to display the decals in the required location may result in a citation issued by law enforcement officials. In addition, jurisdictions may require you to purchase a single trip permit if decals are not properly displayed.

THESE 2026 CREDENTIALS MAY BE DISPLAYED BEGINNING NOVEMBER 1, 2025

Upon closure of your account, you are required to destroy this license (and all copies) and remove all decals applied to each motor vehicle. You are required to retain the records of your operations, including distance, fuel, and individual vehicle records, as well as any unused decals, for a period of four years.

Re: Extension of registration period for Illinois motor vehicles under the International Registration Plan (IRP).

Due to a high volume of in-person renewals, the Illinois Office of the Secretary of State is extending the registration period for vehicles registered under the International Registration Plan (IRP) with expiration dates in March 2026.

Vehicles with IRP temporary registration expiring March 31, 2026, will remain valid through April 15, 2026. Vehicles with IRP license plates expiring March 31, 2026, will also remain valid until April 15, 2026, provided the vehicle owner has renewed online and presents their receipt of renewal with their 2026 registration credentials.

Notwithstanding this extension, registrants are strongly encouraged to submit renewal applications online by April 3, 2026, to ensure receipt of their 2027 registration by April 15, 2026.

Law enforcement agencies in all IRP member jurisdictions are asked to refrain from taking enforcement action against Illinois vehicles with IRP temporary registration expiring on 3/31/2026 or IRP license plates expiring March 2026, provided the vehicle has proof of online renewal and valid 2026 registration credentials, until after April 15, 2026.

Questions concerning the extension may be directed to Jenny Budd, Administrator for Commercial & Farm Truck Division at 217-785-7197 or jbudd@ilsos.gov.

CASE
26-06-018

April 7, 2026

RE: Formal Protest of Citation – 49 CFR § 383.51A-SIN
Driver: David Trenschel
Motor Carrier: USL Logistics LLC
CDL State: Florida
Highway Patrol Citation No.: 000916334
Examination/Inspection Report No.: FL3537007366
Citation Date: March 30, 2026

To Whom It May Concern:

This correspondence serves as a timely formal protest of Highway Patrol Citation No. 000916334, issued on March 30, 2026, in connection with Examination/Inspection Report No. FL3537007366, citing an alleged violation of 49 CFR § 383.51A-SIN for operating a Commercial Motor Vehicle while the driver's CDL was suspended or disqualified for a safety-related or unknown reason, with additional information added "disqualified on 11/3/2025 for having an expired medical certificate on file."

The citation was issued to Mr. David Trenschel, a duly employed driver of USL Logistics LLC. At the time of the roadside inspection, Mr. Trenschel was in physical possession of a valid and current Medical Examiner's Certificate, with an expiration date of September 30, 2027. The issuing officer expressly acknowledged within the citation narrative that Mr. Trenschel presented a valid medical certificate at roadside ("The driver did show me a valid medical certificate that is [sic] has in his possession…"). The alleged disqualification apparently was based solely upon the Florida licensing database reflecting an expired medical certification on file, not upon Mr. Trenschel's actual medical qualification status.

Effective June 23, 2025, pursuant to federal regulatory changes under the Federal Motor Carrier Safety Administration (FMCSA), CDL holders are no longer authorized to self-submit medical certificates directly to their state driver licensing agency. Responsibility for transmission rests with the certified Medical Examiner through the National Registry system, which then transmits the information electronically to the state driver licensing agency. Mr. Trenschel complied fully with all federal

requirements by obtaining a valid medical certificate from a certified examiner prior to the expiration of his prior certificate.

Following the officer's instruction, Mr. Trenschel appeared at the Florida DMV and was informed that during the month of December the state system experienced a failure, resulting in medical certificates issued during that timeframe not being properly updated in the state database. DMV personnel advised that the only corrective remedy was to contact the designated state telephone number (850-617-5606) for manual processing. Mr. Trenschel promptly complied and was affirmatively informed that the medical certification record was thereafter updated and brought into proper standing.

The alleged violation therefore arises solely from an administrative transmission failure within the governmental system, not from any lapse in qualification, misconduct, or safety violation on the part of the driver or the motor carrier. Thus, this is a case of a clerical discrepancy in the state database caused by system malfunction, which neither the driver nor the company was made aware of.

Imposing a citation, out-of-service order, fine, and CSA impact under these circumstances constitutes an inequitable penalty for a governmental error beyond the control of both the driver and USL Logistics LLC.

Accordingly, we respectfully request:

- Immediate dismissal of Highway Patrol Citation No. 000916334;
- Rescission of any associated disqualification;
- Removal or correction of Examination Report No. FL3537007366; and
- Elimination of any CSA or carrier record impact associated with this event.

We further request written confirmation that this matter has been corrected and removed from both the driver's and motor carrier's records.

Respectfully,

Brittany Clayton

To Whom It May Concern,

I am writing to formally protest Citation #00919322 issued to MLB Transportation.

I am the owner of MLB Transportation, and at the time of this incident, one of my drivers, Bennie Thomas, was operating a non-CDL box truck on a booked load in Florida. Our company strictly operates under the 26,000 lb gross vehicle weight limit and does not knowingly accept loads exceeding this threshold.

At the time of booking, we were provided with a stated freight weight of 9,100 lbs. Based on this information, the total gross weight of the truck and load was calculated to be within legal limits (approximately 25,640 lbs). However, upon arrival at the weigh station, it was discovered that the actual weight exceeded the allowable limit, resulting in the citation.

Immediately following the incident, we contacted both the shipper and the broker to address the discrepancy. They acknowledged that the weight provided was incorrect and issued a revised rate confirmation that included additional compensation to assist with the cost of the citation. Documentation supporting this has been attached, along with the truck's gross weight information used when booking loads.

This situation was not the result of negligence, but rather reliance on incorrect information provided at the time of dispatch. Our driver acted in good faith, including stopping at the weigh station as required.

Given these circumstances, I respectfully request that this citation be reviewed and removed from MLB Transportation's record.

Additionally, I would appreciate any guidance your office can provide on best practices to help prevent situations like this in the future, particularly when carriers must rely on third-party weight information during the booking process.

Thank you for your time and consideration.

Sincerely,
Damian Webber
Owner, MLB Transportation

REMARKS

Driver was operating a Dodge dually with a GVWR of 14,000 pounds pulling a goose neck style trailer with a GVWR of 25,900 pounds. The combination was operating in INTERSTATE commerce from Orlando, Florida to Midland, Texas and laden with motor vehicles.

The power unit had "Trans Service' with US DOT number 527894 displayed using white window pencil material. Documents present did not seem authentic. I notified the carrier via email and a rep stated the power unit was not authorized to display their name and US DOT number.

The combination was weighed using the Madison Weigh Station scales. The vehicle has registered net weight of 8,034 pounds. The vehicle has a declared weight of 13,025 lbs (14,999 lbs tax class). Combination weighs 39,260 lbs minus 14,999 lbs equals 24,261 lbs over legal declared weight @ .05 cents per lb.

The carrier failed to register for interstate operations. A $500 safety penalty assessed.

The carrier has no operating authority. A $500 safety penalty assessed.

Carrier required to have an International Fuel Tax Agreement and had none. A $50 safety penalty assessed and $45 ten day permit issued.

The driver was in violation of the 14 hour rule at the time of stop. A $100 safety penalty was assessed.

Total safety penalties $2,408.05.

RE: Citation # 000911848

Dear Review Board:

We are protesting the above citation as follows:

- Registration was completed on 3/16/26 with GVW of 25,950
- Manufacturer door stickers in place at time of stop verify GVW 25,950
- Using the NHTSA Vin Decoder, the chassis is a Class 6 with a GVWR of 19,501 – 26,000 lb
- Certified scale weight done 3/31/26 is 17,520 lb modified chassis with a 22 ft refer box

Supporting documentation is attached. We are requesting a correction to the officer's legal weight of 10,000 to reflect the GVWR vs the actual weight of 22,300 with a load at time of stop, thus no weight violation.

Please refund the amount of $615 paid for the violation in error.

Sincerely,

Lauren Gavagni

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.

For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

WAIVER & RELEASE

I, Skylar Sanders understand and agree that there are risks of significant injury, whether caused by myself or someone else, in my presence in or about a commercial motor vehicle, equipment, and premises visited in such a vehicle used in the course of performance of the Contractor's services for the Carrier. I understand and agree that these risks of injury include, but are not limited to slips, trips, falls, collisions, thefts, equipment failure, or other such accidents or incidents that may result injury, harm or damage, including but not limited to economic, property, emotional, mental, physical or any other type of damage. I fully understand, voluntarily accept, and specifically assume these risks of injury.

I agree that if I am present in or about a commercial motor vehicle, equipment, and premises while the Contractor is in the course of performance of services for the Carrier, that I do so at my own risk and assume all risk of injury, illness, damage, or loss to myself or my property that might result, including, without limitation, any loss or theft of any personal property.

I agree to release and discharge from all liability, and waive all claims, demands, and actions against the Carrier and its owners, operators, subsidiaries, affiliates, employees, agents, independent contractors, vendors, and volunteers for any and all injuries, harms, or damages sustained by my presence in or about a commercial motor vehicle used by the Contractor, equipment, or premises visited in such a vehicle in the course of performance of the Contractor's services for the Carrier, resulting or arising from the negligent acts or omissions of the Carrier, or the negligent acts or omissions of myself, the Contractor, other independent contractors, or any third party.

I agree to defend, indemnify and hold the Carrier and the above-listed associates of the Carrier forever harmless against any and all claims brought by anyone against the Carrier and its associates related to such injuries, harms, or damages, including, but not limited to, any brought by me. In any such action or court proceeding the Carrier shall be entitled to reasonable attorney's fees and all costs and expenses incurred in connection with such action or proceeding.

I agree to abide by all of the rules and regulations of the Contractor, which may be issued in writing or orally at the discretion of the Contractor, and I understand and agree that my failure to do so will subject me to increased risks of significant injury.

By signing this Waiver and Release, I certify that I have carefully read it and fully understand that it is a release of liability, and voluntarily accept and agree to its terms.

COMMERCIAL MOTOR VEHICLE REVIEW BOARD
FLORIDA DEPARTMENT OF TRANSPORTATION
605 Suwannee Street, MS 90
Tallahassee, FL 32399

RE: Protest of Citation Nos. 000918268 and 000915702

To Whom It May Concern:

We respectfully submit this protest regarding the above-referenced citations issued on March 31, 2026, involving our driver, Mr. Daniel Pérez, employed by Jab Towing Inc. (USDOT No. 2920283).

Background Facts
On March 31, 2026, Mr. Pérez was operating a 2024 International wrecker (VIN: 3HAEUMML2RL098739) owned by Jab Towing Inc. He was directed to a weight inspection at the Plant City weight station in Hillsborough County, conducted by Officer Daniel Forest. The officer recorded a gross weight of 28,080 pounds.

Citation No. 000918268 – Improper Registration
Officer Forest issued this citation alleging that a 45-foot, 3-axle wrecker was hauling non-disabled vehicles using a Type 3 wrecker plate.

At the time of inspection, Mr. Pérez clearly stated that both transported vehicles were disabled, without keys, and had been picked up from repossession agencies in Tampa for delivery to AutoNation in Longwood. Although the transport orders had not yet been updated to reflect "disabled" status, we are submitting supporting documentation, including email confirmations from the repossession agencies verifying that both vehicles were in fact disabled at the time of transport.

Based on this evidence, the vehicles being transported meet the criteria for disabled vehicles, and therefore the use of a Type 3 wrecker plate was proper. Accordingly, we respectfully assert that this citation was issued in error and should be dismissed.

Citation No. 000915702 – Safety Violations

This citation includes the following alleged violations:

- No CDL
- No Medical Certificate
- Stop lamps inoperative

We respectfully contest each allegation as follows:

1. CDL Requirement
The subject vehicle has a registered GVWR of 26,000 pounds. Under applicable regulations,

CDL requirements are based on the manufacturer's GVWR or GCWR—not actual scale weight. Because the vehicle's GVWR does not exceed 26,001 pounds, a CDL is not required.

While the combined actual weight at the time of inspection may have exceeded 26,000 pounds, this does not trigger CDL requirements where the rated GVWR remains below the statutory threshold. Therefore, Mr. Pérez was legally operating without a CDL.

2. Medical Certificate Requirement
Because Mr. Pérez was not required to hold a CDL, he is not subject to CDL medical certification requirements. Accordingly, this violation is also unfounded.

3. Stop Lamps
At the time of inspection, all lighting equipment, including stop lamps, was fully operational. No defects were observed prior to or during operation. Any alleged issue did not impact the safe operation of the vehicle and appears to have been noted in error.

Out-of-Service Determination
The vehicle was placed out of service as a result of the above findings. Given that the CDL and medical certificate requirements were incorrectly applied, and no safety-critical violations existed, we respectfully contend that the out-of-service designation was unwarranted.

Conclusion
In light of the supporting documentation and applicable regulations, we respectfully request that Citation Nos. 000918268 and 000915702 be dismissed in full.

We appreciate your time and consideration of this matter.

Sincerely,
Jab Towing Inc.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Wreckers

What Makes a Wrecker a Wrecker?

If it looks like a Wrecker is it a Wrecker?

If it is carrying a Vehicle – * Disabled OR Non- * Disabled, is it a Wrecker?

What makes a Wrecker a Wrecker is: HOW it is registered and weather the vehicle being hauled or towed is DISABLED, a Vessel, an Abandoned Vehicle, a Stolen or Recovered Vehicle, an impounded or Replacement Vehicle. (See RS-46-01 to RS-46-04)

* Definition of Disabled for this Handout is: A DISABLED Vehicle, a Vessel, an Abandoned Vehicle, a Stolen or Recovered Vehicle, an Impounded or Replacement Vehicle. (So when you see an * refer here).

There are 3 types of License Plates that you may think is a Wrecker.

1st Type of License Plate.

What we call a Regular Tag – Class Code 41 – Usually an "N Tag" registered for a certain Tax Class range.

a) This TYPE of Registration can carry anything – Forklifts, Pipe, Containers, Boxes or <u>any</u> other freight you can fit on the bed of the vehicle or TOW. Can also carry or Tow * Disabled or NON * Disables Vehicles.
b) This TYPE of Registration CANNOT go over on the Tax Class that it is registered for on ANYTHING it is carrying – EVEN * DISABLED VEHICLS.
c) So this Type of Registration is <u>NOT a Wrecker</u> – IT is just like ANY vehicle carrying any freight – EVEN when it is carrying * DISABLE VEHICLEs.

2nd Type of License Plate.

What we call a Tan Colored "E" Wrecker Tag – Class Code 41 – This Tag starts with an "E" and is registered for a certain Tax Class range. This is a GVW Wrecker or Tow Truck.

a) This TYPE of Registration can carry anything – Forklifts, Pipe, Containers, Boxes or any other freight you can fit on the bed of the vehicle or TOW. Can also carry or Tow * Disabled or NON * Disabled Vehicles.
b) This TYPE of Registration CANNOT go OVER on the Tax Class that it is registered for on anything it is carrying – Except * DISABLED VEHICLS. If the Vehicle is * DISABLED then the Tax Class DOESN'T MATTER. If the Vehicle is NOT * Disabled then the Tax Class is enforced.
c) This TYPE of Registration is ONLY a Wrecker when it is Hauling or Towing a * DISABLED Vehicle(s). Any other freight or NON * Disabled Vehicle being hauled or towed, then you treat this like any other vehicle carrying freight because it is NOT a Wrecker.

3rd Type of License Plate.

What is called a Restricted "D" Wrecker Tag – Class Code 92, This Tag starts with a "D" and does NOT have a Tax Class range. This is a Regular Wrecker License Plate.

a) This Type of Registration can only carry or TOW * DISABLED Vehicles – NOTHING ELSE (NO Forklifts, Pipe, Containers, Boxes or <u>any</u> other freight).

CASE
26-06-024
PAGE 9 OF 11

b) This TYPE of Registration is ONLY a Wrecker when it is Hauling or Towing a * DISABLED Vehicle(s). If this TYPE of Registration is carrying NON * Disabled Vehicles or OTHER Freight then there is a Registration Violation – NOT a Tax Class.

Any other violation i.e. Axle. Dimensions or Gross Weight would be a Case unless he has a Permit allowing them.

Be familiar with RS-46 Wreckers.

COMMERCIAL MOTOR VEHICLE REVIEW BOARD
FLORIDA DEPARTMENT OF TRANSPORTATION
605 Suwannee Street, MS 90
Tallahassee, FL 32399

RE: Protest of Citation Nos. 000918268 and 000915702

To Whom It May Concern:

We respectfully submit this protest regarding the above-referenced citations issued on March 31, 2026, involving our driver, Mr. Daniel Pérez, employed by Jab Towing Inc. (USDOT No. 2920283).

Background Facts
On March 31, 2026, Mr. Pérez was operating a 2024 International wrecker (VIN: 3HAEUMML2RL098739) owned by Jab Towing Inc. He was directed to a weight inspection at the Plant City weight station in Hillsborough County, conducted by Officer Daniel Forest. The officer recorded a gross weight of 28,080 pounds.

Citation No. 000918268 – Improper Registration
Officer Forest issued this citation alleging that a 45-foot, 3-axle wrecker was hauling non-disabled vehicles using a Type 3 wrecker plate.

At the time of inspection, Mr. Pérez clearly stated that both transported vehicles were disabled, without keys, and had been picked up from repossession agencies in Tampa for delivery to AutoNation in Longwood. Although the transport orders had not yet been updated to reflect "disabled" status, we are submitting supporting documentation, including email confirmations from the repossession agencies verifying that both vehicles were in fact disabled at the time of transport.

Based on this evidence, the vehicles being transported meet the criteria for disabled vehicles, and therefore the use of a Type 3 wrecker plate was proper. Accordingly, we respectfully assert that this citation was issued in error and should be dismissed.

Citation No. 000915702 – Safety Violations

This citation includes the following alleged violations:

- No CDL
- No Medical Certificate
- Stop lamps inoperative

We respectfully contest each allegation as follows:

1. CDL Requirement
The subject vehicle has a registered GVWR of 26,000 pounds. Under applicable regulations,

CDL requirements are based on the manufacturer's GVWR or GCWR—not actual scale weight. Because the vehicle's GVWR does not exceed 26,001 pounds, a CDL is not required.

While the combined actual weight at the time of inspection may have exceeded 26,000 pounds, this does not trigger CDL requirements where the rated GVWR remains below the statutory threshold. Therefore, Mr. Pérez was legally operating without a CDL.

2. Medical Certificate Requirement
Because Mr. Pérez was not required to hold a CDL, he is not subject to CDL medical certification requirements. Accordingly, this violation is also unfounded.

3. Stop Lamps
At the time of inspection, all lighting equipment, including stop lamps, was fully operational. No defects were observed prior to or during operation. Any alleged issue did not impact the safe operation of the vehicle and appears to have been noted in error.

Out-of-Service Determination
The vehicle was placed out of service as a result of the above findings. Given that the CDL and medical certificate requirements were incorrectly applied, and no safety-critical violations existed, we respectfully contend that the out-of-service designation was unwarranted.

Conclusion
In light of the supporting documentation and applicable regulations, we respectfully request that Citation Nos. 000918268 and 000915702 be dismissed in full.

We appreciate your time and consideration of this matter.

Sincerely,
Jab Towing Inc.

REMARKS

Safety Inspection:

On March 31, 2026, at approximately 1:12 p.m., weigh inspector Daniel Forest at the (EB) Interstate 4 weight station, in Seffner, Florida, requested me to assist him with a CMV safety inspection in a case where the driver was operating a wrecker truck with a Florida class E operator license. The CMV safety inspection was initiated at approximately 1:15 p.m., at the above mentioned location. A Level II safety inspection was conducted.

CDL Violation:

Driver operating a CMV (2 axles) straight truck wrecker loaded with a vehicle on the rear bed and another vehicle on the rear wheel lift system, with actual GVW: 28,080 lbs, and GVWR: 26,000 lbs. The driver had a valid Class E Operator license. Valid Class B (or A) CDL required. Penalty assessed to the carrier $100.00 dollars.

Medical Examiner's Certificate Violation:

Driver operating a CMV (2 axles) straight truck wrecker loaded with a vehicle on the rear bed and another vehicle on the rear wheel lift system, with actual GVW: 28,080 lbs, and GVWR: 26,000 lbs. The driver did not have a valid medical examiner's certificate. Penalty assessed to the carrier $100.00 dollars.

The CMV driver was placed out of service.

The CMV driver informed he loaded the vehicles at Impound & Recovery Services LLC – 2608 S 86th Street, Tampa, Florida 33619. The driver also informed he was enroute to deliver the vehicles at AutoNation Auto Auction Orlando – 650 N. US Highway 17-92, Longwood, Florida 32750.

WARNING: Violation of this order will subject the driver/owner to civil penalties of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 396.9(c), and Florida Statutes 316.302 and 316.70, I hereby declare vehicles with defects followed by an "Y" in the "Out of Service" column in the violations discovered section of this report OUT OF SERVICE. No person shall operate, or allow to be operated, such vehicle(s) until the out-of-service defect(s) has been repaired and the vehicle(s) restored to safe operating condition. WARNING: Violation of this order will subject the driver/owner to a civil penalty of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

The undersigned certifies that all violations noted on this report have been corrected and action has been taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations insofar as they are applicable to motor carriers and drivers. False certifications of the required repairs are required to be prosecuted with penalties up to $10,000.

Inspection Notes

CMV was placed out of service. The CMV driver informed he loaded the vehicles at Impound & Recovery Services LLC 2608 S 86th Street, Tampa, Florida 33619. The driver also informed he was enroute to deliver the vehicles at AutoNation Auto Auction Orlando 650 N. US Highway 17-92, Longwood, Florida 32750. Adding additional information or violations. The driver informed that he works for JAB TOWING INC. The driver also informed the CMV is operating under JAB TOWING INC and USDOT # 2920283. Florida automobile insurance identification card showed insured: JAB TOWING INC. USDOT # 2920283 was acquired from the side markings of the CMV. JAB TOWING INC was displayed on both sides of the CMV. FMCSA Query Central portal - Legal Name: JAB TOWING INC. No company assigned dba on FMCSA. Safety Inspection: On March 31, 2026, at approximately 1:12 p.m., weigh inspector Daniel Forest at the (EB) Interstate 4 weight station, in Seffner, Florida, requested me to assist him with a CMV safety inspection in a case where the driver was operating a wrecker truck with a Florida class E operator license. The CMV safety inspection was initiated at approximately 1:15 p.m., at the above mentioned location. A Level II safety inspection was conducted. CDL Violation: Driver operating a CMV (2 axles) straight truck wrecker loaded with a vehicle on the rear bed and another vehicle on the rear wheel lift system, with actual GVW: 28,080 lbs, and GVWR: 26,000 lbs. The driver had a valid Class E Operator license. Valid Class B (or A) CDL required. Penalty assessed to the carrier $100.00 dollars. Medical Examiner's Certificate Violation: Driver operating a CMV (2 axles) straight truck wrecker loaded with a vehicle on the rear bed and another vehicle on the rear wheel lift system, with actual GVW: 28,080 lbs, and GVWR: 26,000 lbs. The driver did not have a valid medical examiner's certificate. Penalty assessed to the carrier $100.00 dollars. The CMV driver was placed out of service.

CASE 26-06-025

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Mail To:

JAB TOWING INC
2736 ROOKS RD
DAVENPORT, FL 33837

Important note: If you cancel the insurance for this vehicle, immediately return the license plate from this registration to a Florida driver license or tax collector office or by mail to: DHSMV, Return Tags, 2900 Apalachee Parkway, Tallahassee, FL 32399. Surrendering the plate will prevent your driving privilege from being suspended.

Wreckers

What Makes a Wrecker a Wrecker?

If it looks like a Wrecker is it a Wrecker?

If it is carrying a Vehicle – * Disabled OR Non- * Disabled, is it a Wrecker?

What makes a Wrecker a Wrecker is: HOW it is registered and weather the vehicle being hauled or towed is DISABLED, a Vessel, an Abandoned Vehicle, a Stolen or Recovered Vehicle, an Impounded or Replacement Vehicle. (See RS-46-01 to RS-46-04)

* Definition of Disabled for this Handout is: A DISABLED Vehicle, a Vessel, an Abandoned Vehicle, a Stolen or Recovered Vehicle, an Impounded or Replacement Vehicle. (So when you see an * refer here).

There are 3 types of License Plates that you may think is a Wrecker.

1st Type of License Plate.

What we call a Regular Tag – Class Code 41 – Usually an "N Tag" registered for a certain Tax Class range.

a) This TYPE of Registration can carry anything – Forklifts, Pipe, Containers, Boxes or <u>any</u> other freight you can fit on the bed of the vehicle or TOW. Can also carry or Tow * Disabled or NON * Disables Vehicles.
b) This TYPE of Registration CANNOT go over on the Tax Class that it is registered for on ANYTHING it is carrying – EVEN * DISABLED VEHICLS.
c) So this Type of Registration is <u>NOT a Wrecker</u> – IT is just like ANY vehicle carrying any freight – EVEN when it is carrying * DISABLE VEHICLEs.

2nd Type of License Plate.

What we call a Tan Colored "E" Wrecker Tag – Class Code 41 – This Tag starts with an "E" and is registered for a certain Tax Class range. This is a GVW Wrecker or Tow Truck.

a) This TYPE of Registration can carry anything – Forklifts, Pipe, Containers, Boxes or any other freight you can fit on the bed of the vehicle or TOW. Can also carry or Tow * Disabled or NON * Disabled Vehicles.
b) This TYPE of Registration CANNOT go OVER on the Tax Class that it is registered for on anything it is carrying – Except * DISABLED VEHICLS. If the Vehicle is * DISABLED then the Tax Class DOESN'T MATTER. If the Vehicle is NOT * Disabled then the Tax Class is enforced.
c) This TYPE of Registration is ONLY a Wrecker when it is Hauling or Towing a * DISABLED Vehicle(s). Any other freight or NON * Disabled Vehicle being hauled or towed, then you treat this like any other vehicle carrying freight because it is NOT a Wrecker.

3rd Type of License Plate.

What is called a Restricted "D" Wrecker Tag – Class Code 92, This Tag starts with a "D" and does NOT have a Tax Class range. This is a Regular Wrecker License Plate.

a) This Type of Registration can only carry or TOW * DISABLED Vehicles – NOTHING ELSE (NO Forklifts, Pipe, Containers, Boxes or <u>any</u> other freight).

b) This TYPE of Registration is ONLY a Wrecker when it is Hauling or Towing a * DISABLED Vehicle(s). If this TYPE of Registration is carrying NON * Disabled Vehicles or OTHER Freight then there is a Registration Violation – NOT a Tax Class.

Any other violation i.e. Axle, Dimensions or Gross Weight would be a Case unless he has a Permit allowing them.

Be familiar with RS-46 Wreckers.

REMARKS

Stopped laden 5 axle straight truck semi trailer combination engaged in interstate commerce. Laden with motor vehicles from St Petersburg, FL to Verona, WI. Conducted safety and weight/registration inspection.

SAFETY:
Combination weighed using FHP issued portable scales. Found to have an actual GCVW of 27,700 lbs with 13,900 lbs weighed under the trailer tandem. This results in combination requiring a Class A CDL for operation.

Nowhere on power unit, or combination in general, was any required identifying carrier markings displayed..

Driver holds a Class E Florida NON-CDL. Driver presented an expired Medical Examiners Certificate dated 01/05/2024. Driver stated he had a newer one but could not furnish it nor a photograph of it. Driver not in possession of any RODS. Presented a blank paper logbook and showed me an error login screen for what he claimed was his ELD app.

Fine assessed at $100 for no CDL.
Fine assessed at $100 for no Medical Examiners Certification
Fine assessed at $100 for no RODs.
Fine assessed at $50 for no required identifying markings on power unit.

WEIGHT/REGISTRATION:
Straight truck operating on a Florida straight plate with a NET WT of 8500 and a GVW of 14000 lbs. Combination had an actual weight of 27,700 lbs. Legal weight of 14,999 lbs.

Fine assessed at $0.05 per pound over ($0.05 x 12,701 lbs) for a total of $635.05.

Inspection Notes

Vehicle Manufacturer Name is: HIDE for vehicle type: ST with VIN#: 1H9CE5131XA263258. TRAILER EQUIPPED WITH 3 AXLES, HOWEVER ONE AXLE NOT IN USE. BOTH SIDES RIMS ENTIRELY REMOVED. UCC NOTES: Stopped laden 5 axle straight truck semi trailer combination engaged in interstate commerce. Laden with motor vehicles from St Petersburg, FL to Verona, WI. Conducted safety and weight/registration inspection. SAFETY: Combination weighed using FHP issued portable scales. Found to have an actual GCVW of 27,700 lbs with 13,900 lbs weighed under the trailer tandem. This results in combination requiring a Class A CDL for operation. Nowhere on power unit, or combination in general, was any required identifying carrier markings displayed.. Driver holds a Class E Florida NON-CDL. Driver presented an expired Medical Examiners Certificate dated 01/05/2024. Driver stated he had a newer one but could not furnish it nor a photograph of it. Driver not in possession of any RODS. Presented a blank paper logbook and showed me an error login screen for what he claimed was his ELD app. Fine assessed at $100 for no CDL. Fine assessed at $100 for no Medical Examiners Certification Fine assessed at $100 for no RODs. Fine assessed at $50 for no required identifying markings on power unit. WEIGHT/REGISTRATION: Straight truck operating on a Florida straight plate with a NET WT of 8500 and a GVW of 14000 lbs. Combination had an actual weight of 27,700 lbs. Legal weight of 14,999 lbs. Fine assessed at $0.05 per pound over ($0.05 x 12,701 lbs) for a total of $635.05. DRIVER UNABLE TO FURNISH A LEASE AGREEMENT DURING COURSE OF INSPECTION. ATTEMPTED TO CALL CARRIER, WENT STRAIGHT TO VOICEMAIL WHICH HAS NOT BEED SETUP/UNABLE TO LEAVE MESSAGE. ATTACHED FILE SHOWS BOL WITH CARRIER'S INFORMATION ON IT.

Dear Commercial Motor Vehicle Review Board,

I am writing to formally protest a DOT citation issued in the state of Florida.

Citation Number: 000896754
Date Issued: 04/10/2026 start: 11:25 AM
Driver Name: Michael Anthony Canty
Company Name (if applicable): KDA LOGISTIC INC

I believe this citation was issued in error for the following reasons:

- At the time of the inspection, the driver possessed a valid Medical Card. The inspecting officer acknowledged that the Medical Card was valid through midnight of that day. Additionally, the driver was actively en route to a medical examiner to complete the renewal process.

I have attached supporting documentation to verify my claim, including:

- The Medical Card and MVR that the Medical was certified and legal for that day.

- Screenshot showing the inspection occurred that morning

and the driver was still legal at the time of the inspection.

I respectfully request a review of this matter and dismissal of the citation based on the evidence provided.

Please let me know if any additional information is required.

Thank you for your time and consideration.

Sincerely,

Angela Simjanovska

Subject: PROTEST – Inspection FL2297002855 / Citation 000896754 – Request for Review and Dismissal
Attachments: MICHAEL CANTY MVR.pdf; MICHAEL CANTY MEDICAL CARD 2026.pdf

Dear Sir or Madam,

I am writing to formally **PROTEST** the violation associated with Inspection Number FL2297002855 and Citation Number 000896754, and to request a full review and dismissal based on the following facts.

The violation states that the driver was operating a property-carrying vehicle without a valid medical certificate, citing that the medical certificate had expired. This is not accurate.

The inspection occurred at approximately 11:25 AM on April 10, 2026. The driver's medical certificate has an expiration date of April 10, 2026, which means it remained valid throughout the entire day, until 11:59 PM. Therefore, at the exact time of the inspection, the driver was fully compliant with all medical certification requirements.

Furthermore, at the time of the stop, the driver was actively en route to obtain a renewed medical certificate. During the inspection, the officer acknowledged that the medical certificate was valid until midnight on the expiration date. Despite this acknowledgment, the violation was still issued.

To support this protest, I am providing the following documentation:

- A copy of the driver's valid medical certificate showing the expiration date of April 10, 2026
- A Motor Vehicle Record (MVR) confirming that the driver's medical certification has that expiration date. Based on these facts and supporting documents, it is clear that the violation was issued in error. The driver was in full compliance at the time of inspection, and there was no lapse in medical certification.

For these reasons, I respectfully request that this citation and associated violation be reviewed and dismissed promptly.

Please confirm receipt of this protest and advise if any additional information is required.

Thank you for your attention to this matter.

Sincerely,

--
Angela Simjanovska

REMARKS

Today I stopped the above listed Commercial Motor Vehicle (CMV) for inspection per FSS 316.302(09). The CMV is a truck tractor-semi trailer combination. Upon inspection it was determined that the driver's side of the CMV was missing it's required company name & USDOT number, the right side markings were present. The inspection also revealed that the driver's medical card also expired.

REMARKS

Stopped CMV (straight truck & trailer) for violation of traffic control device. CMV failed to enter open weigh station on SB I-95 MM 112 weigh station in Martin County, FL as directed by posted signs. CMV was marked with "L&A Global Power Corp" on the sides. No USDOT # were displayed. Driver was identified via his Florida non-commercial driver's license. Truck had a GVWR of 19K and trailer of 16K, for a combined GVWR of 35K. Driver advised he did not speak English, only Spanish. I asked if he wanted to try and he stated "no".

Company did have a USDOT # but it was inactive. Driver provided a valid FL registration with a declared GVW of 19,999 lbs. Combination was weighed at 31,500 lbs. Driver advised did not have a CDL nor a med card. Driver placed OOS for ELP, no CDL & no med card.

Violations assessed:

Operate a CMV without USDOT number displayed. Must be preceded by the letters "USDOT": GVWR combo of 35K. Actual weight of 31,500lbs. Straight truck & trailer. USDOT #'s not displayed.

Driver cannot satisfy the English language proficiency requirements of 391.11(b)(2) as per FMCSA Enforcement Guidance Memo MC-SEE-2025-0001. Driver failed the Interview: Driver advised did not speak English. I asked if he wanted to try, he stated "no". Spanish only.

Medical (Certificate) - Operating a property-carrying vehicle without a valid medical certificate in possession: None. Combo GVWR 35K. Actual weight of 31,500lbs.

State/Local Laws - State registration/tag violation: Straight truck & trailer w/ a declared GVW of 19,999lbs, which is highest of class. Actual weight of 31,500lbs, over by 11,501lbs. Weighed with state issued portable scales.

Carrier penalized 5 cents per pound over weight.

REMARKS

CMV was stopped in accordance with FSS 316.302 and 316.545.

CMV / CARGO: Two axle straight truck x three axle semi-trailer laden with automobiles

VIOLATION(S): ELP, NO CDL, Violation of FEDERAL OUT OF SERVICE x 2 (CDL and ELP)

COMMENT(S): CMV is interstate commerce from TX to FL. CMV carrier confirmed by supporting documents, driver statements (post-ELP in Spanish via native Spanish speaking Trooper), and attained active lease agreement from carrier. CMV was observed entering point of Entry to FL on I10 eastbound and bypassing an active open weight station with signs present to enter. CMV driver stopped at mile marker 3 and immediately stated he spoke only Spanish with little English. Driver struggled to understand to enter the ahead rest area to exit the busy roadway. Driver repeatedly stated he knew little English and could not obtain most of the basic paperwork for the carrier, truck, insurance, etc. CMV driver at points could not perform the level 1 inspection either due to no understanding of English or even how to use functions such as the key, lights, and trailer brakes. CMV driver was shown four road signs from a FHP provided list of nationally recognized road signs (railroad crossing, truck runaway ramp, trucks must enter weigh station, and one way). CMV driver understood 0/4 signs and made no attempt to state what the signs were (only stating no English).

CMV driver has Class-E FL DL only. CMV power unit GVWR is 14,000 lbs and trailer data plate is 18,000 lbs making this a Class-A CDL required combination. The trailer was researched through Kaufman manufacturer to be 18,000 lbs as well.

The CMV driver has multiple prior OUT OF SERVICE for operating without a CDL when required (see attachments and prior inspections). The CMV driver has multiple OUT OF SERVICE for operating a CMV while in violation of 391.11 (ELP) (see attachments and prior inspection). The driver was placed OUT OF SERVICE (trailer as well) and explained in Spanish a warrant for the OUT OF SERVICE violations and is being submitted in violation of FSS 316.3026.2.

PENALTY: $100 (ELP), $100 (NO CDL), $2,750 (violation of OUT OF SERVICE ORDER (x2)

PAYMENT: Twenty (20) days to make payment.

OUT OF SERVICE VIOLATION(S): Driver OOS and trailer OOS.

Inspection Notes

Adding additional information or violations OOS TRAILER. Adding additional information or violations scale sign. CMV was stopped in accordance with FSS 316.302 and 316.545. CMV / CARGO: Two axle straight truck x three axle semi-trailer laden with automobiles VIOLATION(S): ELP, NO CDL, Violation of FEDERAL OUT OF SERVICE x 2 (CDL and ELP) COMMENT(S): CMV is interstate commerce from TX to FL. CMV carrier confirmed by supporting documents, driver statements (post-ELP in Spanish via native Spanish speaking Trooper), and attained active lease agreement from carrier. CMV was observed entering point of Entry to FL on I10 eastbound and bypassing an active open weight station with signs present to enter. CMV driver stopped at mile marker 3 and immediately stated he spoke only Spanish with little English. Driver struggled to understand to enter the ahead rest area to exit the busy roadway. Driver repeatedly stated he knew little English and could not obtain most of the basic paperwork for the carrier, truck, insurance, etc. CMV driver at points could not perform the level 1 inspection either due to no understanding of English or even how to use functions such as the key, lights, and trailer brakes. CMV driver was shown four road signs from a FHP provided list of nationally recognized road signs (railroad crossing, truck runaway ramp, trucks must enter weigh station, and one way). CMV driver understood 0/4 signs and made no attempt to state what the signs were (only stating no English). CMV driver has Class-E FL DL only. CMV power unit GVWR is 14,000 lbs and trailer data plate is 18,000 lbs making this a Class-A CDL required combination. The trailer was researched through Kaufman manufacturer to be 18,000 lbs as well. The CMV driver has multiple prior OUT OF SERVICE for operating without a CDL when required (see attachments and prior inspections). The CMV driver has multiple OUT OF SERVICE for operating a CMV while in violation of 391.11 (ELP) (see attachments and prior inspection). The driver was placed OUT OF SERVICE (trailer as well) and explained in Spanish a warrant for the OUT OF SERVICE violations and is being submitted in violation of FSS 316.3026.2. PENALTY: $100 (ELP), $100 (NO CDL), $2,750 (violation of OUT OF SERVICE ORDER (x2) PAYMENT: Twenty (20) days to make payment. OUT OF SERVICE VIOLATION(S): Driver OOS and trailer OOS.

I am protesting Citation No. 000918526.

The citation states that the vehicle was registered for 10,000 lbs and weighed 18,400 lbs. This is incorrect.

The vehicle is actually registered at a gross weight of 26,000 lbs, as shown on the attached registration card. Therefore, the vehicle was not overweight and was operating within its legal registered weight at the time of the stop.

The citation appears to be based on an incorrect registered weight. I respectfully request that this citation and all associated penalties be dismissed.

Attached:
- Copy of registration showing 26,000 lbs gross weight
- Copy of citation

Thank you.

To: Commercial Vehicle Review Board
Subject: CMVRB Protest Information
Attachments: IMG_8038.jpeg; IMG_8037.jpeg

Dear Review Board,

I am writing today to protest my citation for not following an out of service order because during my 4 DOT inspections no officer except the one in Tennessee did not accept my paper logs. When I got grounded in Tennessee, I waited the full 10+hrs at a near by truck stop before having to find a room due to snow storms. Also, no officer not even the one in Tennessee gave me instructions on me not being able to drive the truck until I had an ELD.

Last but not least, I would like to protest this citation because while being grounded in Tennessee I ordered an ELD and did not have access to it until after my Florida DOT Inspection.

When I was made aware of the only ELDs accepted way of doing things. I made the changes.

I hope the board can see it fit that I do not need to be penalized for the out of service orders and no ELD. This moment in time was a real grey area with ELDs and log books. Once the rules were made clear to me, I took actions to follow them.

Thank you,
Jordan Batiste

REMARKS

The vehicle is a two axle straight truck laden with machine parts. The vehicle is going to Laredo, TX from Medley, FL. The vehicle was stopped for a safety inspection at the Sneads West bound weight station. The vehicle was being operated by Jordan Batiste, identified by his Louisiana Driver's License # 0103464329. Mr. Batiste is also the owner of the carrier. Mr. Batiste provided me with paper logs from 01/30/2026-01/31/2026 and 02/02/2026-02/05/26. When asked if he had been inspected previously, he stated that he had. He went on to state that he has used paper logs but an officer recently advised him that he had to use an ELD. Mr. Batiste stated that he had ordered it and that it was at his home in Louisiana and that he was going to pick it up on his way to Texas.

A computer check indicated previous inspections in Georgia on 09/25/25, New Mexico on 10/21/25, Colorado on 11/18/25. On all of these inspections Mr. Batiste was placed out of service for hours of service violations but was never cited for no ELD. On 01/30/2026, Mr. Batiste was stopped by the Tennessee Highway Patrol for a traffic infraction. Mr. Batiste was placed out of service at 6:55 am for not having an ELD. The log provided for this date does not indicate an inspection and shows that he continued driving until 2:30 pm.

Mr. Batiste is in violation of an out of service order for failing to have an ELD. The carrier was assessed a penalty of $2,500. The carrier was also assessed a penalty of $100 for not having ELD.

The total penalty assessed is $2,600.

To: Commercial Motor Vehicle Review Board

From: Motor Carrier, Cassel Logistics LLC. & Owner, Marc A. Cassel

On 04/09/2026 @ 08:29 I was pulled over for my first roadside inspection. As a new commercial driver I had confused my weight GVW on my registration with the total GVW I wish to haul.

As stated on my registration I put 14,999 lbs that weight of my door panel on my F450 dually.

I should have stated my maximum weight in which I wish to haul.

I went and updated my registration at my local DMV office the very next day 04/10/2026 to 43,999 lbs.

I pray up the review board to grant me leniency as I just obtained my Florida CDL in March 2026 , and am struggling to get started after the financial stress of equipment and driving schools .

I am now clear of the expectations set upon me and my equipment in order to operated on the Florida roadways.

Attached are copies of the citation and the new registration showing corrected weight.

With Sincere Hope & Lesson Learned,

I work for D D Transporting. I would like to
explain the situation regarding the ticket at the
weigh station.

After receiving the permit, I ordered an escort
service, as required by the state of Florida
for the safety of other road users. After
reviewing the permit route, the escort driver instruc
us to take I-95. Trusting his guidance,
we followed him and missed the last exit to t
Turnpike that was specified in the permit.
As a result, we had to stop at the weigh station,
where we obtained a new permit and then
continued our trip according to the updated rou

I apologize for any inconvenience cause

Thank you and have a good day.

Subject: Dispute – Citation #000919915

Dear Officer,

I am writing to respectfully dispute citation **#000919915**.

At the time of the stop, the driver did in fact have a valid oversize/overweight permit. Please find the permit attached for your review. The permit was valid for the vehicle and in effect on the date of the inspection.

It appears that the citation was issued because the permit was not presented at the time of the stop. However, the permit did exist and was valid, and there was no intent to operate in violation of permit requirements.

We kindly ask that you review the attached documentation and reconsider or dismiss the citation based on the fact that a valid permit was in place at the time.

Please let us know if any additional information is required.

Thank you for your time and consideration.

Sincerely,

Andrii Shapovalov

REMARKS

The CMV was stopped for an inspection on State Road 4/ Max.Ln in Santa Rosa County, FL. The CMV is a truck-tractor / semi-trailer combination laden with an over dimensional trench box traveling in interstate commerce from Conyers, GA to Jay, FL. Driver operating a CMV without a medical certificate with a prior violation cited on 03/23/2026 (DVER AL1928004246). This is violation of 49 CFR 391.45B. A $100.00 safety penalty is assessed to the carrier and the driver placed Out Of Service until a valid medical certificate is obtained.
During the course of my inspection I was able to determine the driver Joshua Jerod Anderson (AL DL 7188467) who is also the owner operator was operating under an OUT-OF-SERVICE ORDER (driver placed out-of-service on 3/23/26) for no medical card. Driver continues to operate in violation of an OOS order which violates FSS 316.3025. Since being placed OOS driver delivered the load he had at time of inspection and picked up another load. Driver was placed OOS for no medical card 03/23/2026 (DVER AL1928004246). The driver was stopped today for over dimensional violations. This is a violation of 49 CFR 383.53. A $2,750.00 penalty is assessed to the carrier.
The CMV has a legal laden unregistered gross weight of 35,000 lbs. (Per FCIC/NCIC no vehicle registration found in all 50 states) and an actual weight weighed on a set of certified portable scales of 42,800 lbs. making the CMV 7,800 lbs. over legal unregistered gross weight. A penalty is assessed to the Carrier at a rate of $0.05 over legal registered gross weight for a total of $390.00.
*The CMV is over dimensional with no permit and has a legal width of 102 inches. CMV has an actual width measured at 124 inches making the CMV 22 inches over legal unpermitted width. This is in violation of FSS 316.515(1). A penalty is assessed to the carrier at a rate of $250.00 per foot or portion thereof over legal width for a total of $500.00.
*The CMV is a three axle truck-tractor/ semi-trailer combination with a GVWR >26,000 operating in interstate commerce without a valid 2026 IFTA license, decals, or permit. A 10 day temporary IFTA permit is issued to the Carrier for a fee of $45.00 and penalty of $50.00 for a total of $95.00.

Total penalty assessed to the Carrier for $3,835.00.
Twenty days to make payment.
**UTC #AN2AIHE issued to driver as well.

REMARKS

Tennessee based 65' 5 axle truck tractor semi trailer operating operating with an expired registration as of 03/23/2026 Per Florida Statute 316.545 (2)(b) penalty for a loaded truck tractor semi trailer is based on weight over 35,000 lb making the vehicle 43,760 lbs over weight. Penalty assessed @ $0.05 per lb. Due to registration being expired for less than 90 days the penalty is capped at $1,000.00

VIN verified and run thru NCIC in Florida and Tennessee to confirm no current registration

Secondary violation:
Vehicle pulling a 53' trailer with a kingpin setting greater than 41'. Kingpin was physically measured in front of driver at 45'. Penalty assessed at $100.00 and driver advised to make legal before leaving scale facility.

Note. Loaded truck tractor semi trailer operating on a Tennessee Temporary Straight Plate with no IRP or IFTA credentials. Since registration was expired at time of stop vehicle had to be written as expired instead of non apportioned.

Total penalty assessed $ 1,100.

Driver advised that continued operation is against Florida Law.

CASE
26-06-039

Hi my name is Aaron Mcgruder owner of Jones Mac Farms. I was carrying a worksite load for TQL from Fort Worth,Texas to Stuart Fl. I have attached a file and sent pictures of the load showing how much was agreed on when they sent me to pick up the load. I received a ticket from DOT. The officer that had given me the ticket explained to me to contest this ticket and put it towards the shipper because there was an error in weight.
I would have never accepted the job if the shipper would've been truthful about how much weight I was assigned to carry.
I would like to contest the ticket that was given to me and ask that the shipper be held responsible for all charges accrued due to them giving me the wrong specs listed in the transport contract.

My phone number is 6017099807 if you need any further information from me about this ticket.

Good morning,

We've received a IFTA related citation on 3/31/2026. With a 10 day Florida Fuel Tax permit issued. Our IFTA is up to date. Our IFTA is based in Michigan and their mailing system is slow. We're currently awaiting the second set of stickers we have ordered. The IFTA license was presented at the scale house but not recognized. Please see attached documents. We're looking to see if we can wave this citation as our season is just starting.

To: Commercial Vehicle Review Board
Subject: Hearing Request and Remote Appearance - Citation #000918064 (Stephen James Williams)

To the Commercial Motor Vehicle Review Board,
I am writing this email on behalf of the driver, **Stephen James Williams**, regarding **Citation #000918064** issued on March 31, 2026 .
We would like to formally **protest this citation** and request a hearing to seek **mitigation** of the $1,200 assessment. We respectfully request that this hearing be held **remotely via Microsoft Teams**. Please note that I [Your Name] will be the representative appearing online for this matter.
Basis for Mitigation:

- **Device Malfunction:** As noted by the officer in the "Remarks" section of the citation, the driver's pre-pass device failed to signal, which led to the bypass of the weigh station . The driver was following the device's guidance in good faith.
- **Corrective Action:** The issues regarding the missing flags and warning lights have been addressed to ensure future compliance .

We are seeking an **amelioration of the penalty amount** based on these circumstances. Please provide the link for the remote hearing and any further instructions.
Respectfully,
Mark Rangel
On behalf of Stephen James Williams

Thank you,
Mark Rangel

REMARKS

CMV truck tractor/trailer combination, laden with an oversized load, operating on permit # 2640373-2025-0001, and measured to be 125", was stopped for inspection & bypassing an OPEN weigh station. The CMV driver indicated he was "waiting on this thing" his pre-pass to advised him what to do. He also indicated that the pre-pass device did not go off, indicating it is not working. The CMV driver was required to enter due to being an oversized load in violation of FAC 14-26 & indicated on the permit, & the user agreement for pre-pass. The CMV was noted to be missing front & rear flags, along with two warning lights that are required per the permit. The carrier is assessed the below listed penalites in conjunction with the inspection:

1) Missing flags: $100.00.
2) Missing warning lights: $100.00.
3) Oversized/permitted CMV bypassing open weigh station: $1,000.00.

The total assessment to the carrier is $1,200.00 with the driver advised of payment, protest, & permit compliance.

Hello,

I am reaching out regarding the attached citations received on 3/12/2026.
It appears that the officer listed our legal weight limits at 10,000 lbs, when our vehicles are listed with a GVWR of 26,000 lbs. The citations have already been paid, I just wanted to follow up since it appears that our actual violation $ should be much less than what was listed on the citation.

Please advise.

Subject: Overweight Citations: 000916635, 00916392

Hello,

I am reaching out regarding the attached citations received on 3/12/2026.
It appears that the officer listed our legal weight limits at 10,000 lbs, when our vehicles are listed with a GVWR of 26,000 lbs. The citations have already been paid, I just wanted to follow up since it appears that our actual violation $ should be much less than what was listed on the citation.

Please advise.

CITATION # **000922335**

To Whom It May Concern,

I am writing on behalf of my company to formally request a waiver of the citation issued under DOT# 3589259 for an expired registration.

At the time of the citation, our company had recently relocated operations from New Jersey to Georgia. During this transition, the vehicle registration was issued by the State of Georgia; however, the assigned expiration period reflected an end date of February, while the registration and tag were provided to us in March already showing as expired. This discrepancy was administrative in nature and occurred outside of our control, and was not the result of negligence or willful non-compliance.

Immediately upon becoming aware of the issue, we acted in good faith and without delay to correct the registration and ensure full compliance with all applicable regulations. For your review, we have attached a copy of the most recently updated and valid registration confirming that the matter has been resolved.

Our company maintains a strong commitment to safety and regulatory compliance, and we have taken additional internal measures to prevent similar issues in the future. In light of the documented circumstances, our prompt corrective action, and our compliance history, we respectfully request that this citation be waived.

We appreciate your time and consideration of this matter. Should you require any additional documentation or clarification, please do not hesitate to contact us.

Sincerely,
Kemar Allen

Subject: 24/7 Logistic Services - Vehicle Not Appropriated for FL

Good afternoon,

We were just made aware of this citation for "No apportioned for FL, IRP Registration, and weight." We paid immediately, for fear of future challenges. After looking further into the citation and contacting MVA, MDOT, FLHSMV, etc... We are now finding out that this is something that Ryder should have taken care of for us. Please see all attached as requested, and if there is anyway to be reimbursed for this citation, we would greatly appreciate it.

If you need any other information, please contact me directly at 754-206-6009.

REMARKS

Improper Registration Violation, Not Apportioned for Florida FS: 316.545

Inspector measured a 23 foot, 2 axle, an box truck hauling furniture weighing 26,580 lbs.
Vehicle with a VIN # 3ALACWFC1PDUF7935 was operating on a MARYLAND Tag # 6FC4570which was confirmed as Non-Apportioned for Florida.
Penalty assessed according to 316.545. On a basis of $0.05 cents per pound on that scaled weight which exceeds
(10,000 pounds on a laden straight truck.)
Vehicle did not have a current valid 2025 IFTA decals (stickers), Florida temporary IFTA permit, or IFTA license at the time of stop; therefore, in violation of Florida statute 207.004, a 10-day temporary IFTA permit is issued with a $50.00 civil penalty and a $45.00 permit fee. For a total penalty of $95.00.
IRP FS:320.0715
Issued a 10-temporary permit to cover the excess weight at a fee of $30.00. to make Vehicle legal for Florida.
Driver started working for the carries or the lease company 24 7 LOGISTIC SERVICES at the time of stop.
Copies of the rental / lease agreement are attached to the agency copy of this citation.
No match on overdue list

REGISTRATION VIOLATIONS FS:316.545

Not Apportioned for Florida Explanation And
Expired OR No Registration

Apportioned plates are the type of plate business receives when vehicle owners register under the IRP. They are for trucking businesses that plan to travel in more than two jurisdictions under the IRP (International Register Plan).

Commercial plates are a type of registration for trucks staying in one state.

Your vehicle, at the time of stop, was determined to be in violation of Florida Statue 316.545(2) (b) of this Statue:
"… In those cases when the commercial vehicle, as defined in F.S. 316.003(66). Is being operated over the highway of the stated with an expired registration or with no registration from this or any other jurisdiction or is not register under the applicable provisions of Chapter 320, the penalty herein shall apply on the basis of $0.05 cents per pound on that scaled weight which exceeds 35,000 pounds on laden truck tractor-semitrailer combinations or tandem trailer truck combinations ,10,000 pounds on laden straight trucks or straight truck trailer combinations, or 10,000 pounds on any unladed commercial motor vehicle…"
Since your vehicle was not properly registered to operate on Florida, the weight was rollback to either 35,000 pounds or 10,000 pounds; depending on its configuration and all weight more than that limit was then assessed at $0.05 cents per pound Penalty.

Please feel free to call if you have questions or concerns.
Florida Yulee, Scale I-95 facilities supervisor.
Harold Goodwin (904) 849-3510.

Hello, my name is Dieulifranc Bien-Aime.

I am writing regarding a citation I received while entering Florida. I purchased the truck in Texas on March 11, 2025, and was driving it to Florida after the purchase. While entering Florida, a state trooper stopped me and issued me a ticket because the truck did not have a DOT number.

This truck was recently purchased, and at the time of the stop, I had not yet had the opportunity to complete the registration or obtain a DOT number. I did, however, have valid insurance on the vehicle so that I could legally transport it to Florida in order to complete the tag and registration process.

Because the truck was newly purchased and not yet in service, and I was in the process of bringing it to Florida for proper registration, I respectfully plead **not guilty**. I have provided all the truck's information so it can be reviewed and verified that this was a newly purchased vehicle from Texas.

I kindly ask that this situation be taken into careful consideration.

Thank you very much for your time and understanding.

Subject: Request to Be Placed on CMVRB Agenda – Protest of Weight Violation Ticket

I am formally requesting to be placed on the agenda of the CMVRB to protest a weight violation ticket issued to me on April 8, 2026.

On that date, I received a citation for a weight violation related to my vehicle registration. At the time, I had no knowledge of, nor control over, the weight classification that was originally entered on my registration by the dealership.

Upon becoming aware of the issue, I immediately went to the DMV and corrected the registered weight from 10,000 pounds to 14,999 pounds as I was told to do by Stg. Pittman (3306) This action was taken promptly to ensure compliance with the proper requirements.

I have attached supporting documentation confirming that the correction was made through the DMV.

Based on these circumstances, I respectfully request a hearing before the CMVRB to review this matter.

Thank you for your time and consideration.

Sincerely,

Steven Wangroon 4/9/2026

To whom this may concern,

My name is Robert Tipper I am the owner operator of RCT Logistics. I am writing you today because on March 29, 2026, I was cited for not having my IFTA sticker on my truck.

In explanation as to why it wasn't, is that on or about 1/30/2026, my IFTA was filed with the state of Vermont where my business is located out of. I have a digital copy of the license issued by Vermont, which I will include in this letter. Unfortunately, the hard copy with the stickers were either never mailed, or lossed in the mailing process. During this time, my living situation at the address in Vermont changed dramatically. my wife left me and I was left without a place to live. I subsequently ended up moving to South Carolina where I have family. My adult children that were still living at my former address insisted that I had not received anything from Vermont concerning my IFTA license. After receiving the Florida citation, I immediately called the state of Vermont, they confirmed my IFTA was filed and mailed a new set of stickers for my truck which I have since received.

I humbly ask that Florida CMVRB understand my unique situation that my IFTA was filed and that a breakdown in either the state of Vermont or the USPS had been the issue for the failure to display my stickers. Also, that the problem has been addressed, albeit not timely, and has been rectified. Also, my second quarter IFTA has been filed.

With regards,
Robert Tipper

Subject: Formal Request for Payment Plan
To: <heidrisocarizlorenzo@gmail.com>

To Whom It May Concern:

I, Heidris Ocariz Lorenzo, respectfully address this entity to request consideration for establishing a payment plan regarding an outstanding fine in the total amount of $5,450.00.

I would like to express that I fully acknowledge my responsibility for the situation. Due to personal circumstances, including my difficulty with the English language, I made decisions without fully understanding the legal consequences of my actions. Additionally, my family situation has significantly influenced me, as I am responsible for a minor child and must continue striving for the well-being of my family, including my granddaughter and my spouse, who suffers from an illness and requires costly medications.

For these reasons, during a moment of need, I made the decision to drive without properly considering the legal consequences. However, I want to make it clear that I have ceased this behavior and am committed to complying with all legal requirements moving forward.

At this time, my financial situation does not allow me to pay the full amount of the fine in a single payment. Therefore, I respectfully request the opportunity to establish a payment plan with affordable installments. I am fully committed to making each payment on time until the total balance is paid in full.

I sincerely appreciate your understanding, consideration, and the time taken to review my request. I remain available to provide any additional information if needed.

Sincerely,
Heidris Ocariz Lorenzo

2 axle box truck in interstate commerce from MI to FL.

CMV Inspection Report – English Language Proficiency Evaluation
Driver/Vehicle Information:
Vehicle Type: 2- axle box truck in interstate commerce from MI to FL
Inspection Location: Weigh Station
Inspection Type: Roadside Inspection – Level II
Narrative Summary:
During a routine inspection at the weigh station, I contacted the driver of a 2-axle box truck. Upon initiating the interview, the driver exhibited difficulty understanding and responding to basic questions in English. When asked about the origin of the load, the driver initially responded I don't speak English.

I had the driver remove headphones and leave phone in truck and came in front of my patrol vehicle. I asked the driver basic job-related questions to include.
Q where did you start you're your trip today?
A no English
Q where are you driving to today?
A 6 pause then 60
Q who are you driving for today?
A I am not driver anymore.
Q what year is the truck?
A I don't know.

The driver was unable to answer some job-related questions in English and struggled significantly with comprehension and communication. Due to the driver's inability to clearly communicate English, respond to official inquiries. The driver was placed Out-of-service for failure to meet English Language Proficiency requirements. The driver was informed of the violation and the reason for the out-of-service order. Penalty $100.00

Driver placed OOS by Missouri state Highway Patrol on 03/26/26 for ELP report Number MOW152004366. Driver was also placed OOS by Pennsylvania state police on 11/20/25 for ELP report number PAC130000428. The driver was placed OOS by Illinois State Police on 9/23/25 for ELP report number IL4182870413. The driver has been found operating in a OOS condition and continued to operate. in addition to being th driver the Driver stated that he owns the company and as the company official according to MCMIS the only officer the company also permitted the driver to continue operating in OOS condition of not understanding and communicating in English. Penalty $2,750.00

Driver also had no ELD/ was unable to transfer Logs. Driver showed an app on phone in Spanish. I have never seen app in past and the driver was unable to view logs or display the logs. Driver unable to change to English or show any Logs. Penalty $100.00

**********Total Penalty Assessed $2,950.00**********

Commercial Motor Vehicle Review Board

Florida Department of Transportation

605 Suwanee Street, MS 90, Tallahassee, FL 32399

We have a production nursery operation, Parsons Nursery Inc., located in Georgetown, SC. We propagate, transplant and grow ornamental plants for sale to landscapers and garden centers. PTS of SC, LLC is our trucking entity which hauls strictly for our nursery operation. We make deliveries throughout SC, NC, GA, VA, MD. We also pick up plants in Florida and bring them back to our nursery for potting up or growing out to finished product for sale. We do not sell or make deliveries in Florida... we do haul plants out of Florida on a weekly basis and have been doing so for the last 30 years. Our trucking entity is not for hire and hauls nothing but plants for our nursery.

We have our trucks registered in SC with a farm tag registration. Our USDOT number is 1742643. Our IFTA number is 29930. All of our drivers that travel out of state for picking up or delivering plants have a proper CDL.

We do not have IRP registration or apportioned plates. The SC Transport Police and the SCDMV tell me that because we have a farm tag registration we are exempt from the IRP/apportion plate registration. They tell me the exemption holds in SC as well as any other state including FL. They tell me that we do have the proper registration.

This week one of our drivers was picking up plants in Florida to haul back to our operation in SC. He was on his way to Dover, FL to pick up plants from J & R Nursery. He was stopped in Bryceville, FL by the Florida Highway Patrol and ticketed for not having IRP apportioned tag or registration or IRP permit.

In our company we try to do things the right way. We are not trying to get away with something or take any shortcuts with regards to properly following the rules and regulations. I believe that we were improperly ticketed. I believe that we are properly registered to haul plants out of FL.

Thank you for attention to this matter. I have included some documentation below, please let me know if you need any additional information.

- Vehicle – a device used to transport persons or property on a highway, but does not include devices moved by human power or used exclusively upon rails or tracks

EXEMPT VEHICLES

The following types of vehicles are exempt from apportioned registration:

A.) Recreational vehicles which are used strictly for personal pleasure travel by an individual.

B.) Farm registered vehicles which are based and registered in a jurisdiction which is a member of the Uniform Prorate Agreement or International Registration Plan, and owned by an individual for the purpose of farming and used by the owner to transport agricultural products produced by the owner, or property purchased by the owner for use on his farm or vehicles displaying restricted plates which have geographic, distance or commodity restrictions.

C.) Commercial vehicles whose travel is limited to the base jurisdiction such as city pick up and delivery vehicles.

D.) Buses which are used in the transportation of chartered parties.

E.) Government owned vehicles.

F.) Vehicles displaying a restricted plate that are recognized under other Reciprocal Agreement.

PRISM: PERFORMANCE & REGISTRATION INFORMATION SYSTEMS MANAGEMENT

What is PRISM?

Performance and Registration Information Systems Management (PRISM) is a cooperative Federal-State safety program developed to reduce commercial vehicle accidents. PRISM utilizes the commercial vehicle registration process of the States to improve motor carrier safety in two ways:

- By determining the safety fitness of the motor carrier prior to issuing license plates; and
- By motivating the carrier to improve its safety performance either through an improvement process or the application of registration sanctions.

April 8, 2026

To whom it may concern:

My name is Juan Avina owner of J.A.C. Transport TX DL #17454618 my D.O.B 06/24/1979. On 4/1/26 as I came through a scale I was asked to show my cab card for my truck which had just expired at midnight and was not able to print or show proof of my renewed cab card due to no internet service in the area. The officer said she was going to have to bring my weight class down to 10,000 # which would make me be overweight and gave me a citation for this. She said that once I got my copy of my cab card I could call and get it taken off. I would really appreciate if you would take the time to look at my case and get my citation for this matter ~~to~~ fixed please.

Sincerely,
Juan Avina

REMARKS

A Texas apportioned plated truck tractor/semi-trailer entered the scale facility.
Kingpin setting appeared to be over legal length of 41ft
I measured the trailers overall length at 53 ft, from the front of trailer to the rear of trailer.
Kingpin setting was measured at 44' 6" ft (including 3 in tolerance), from the kingpin to the center hub of center of the tri-axle
The trailer exceeded the legal length of 48' according F.S. 316.515(3)(2a,b).
The trailer was 5 ft. over length with the above kingpin setting.

Driver did not have a permit at time of stop.

Driver was given information pertaining to F.S. 316.515(3)(2a,b) regarding legal trailer lengths and kingpin settings.

The Texas IRP Cab Card for vehicle had expired on 03/31/2026 with NO grace period.
License Plate and VIN # were checked through Smart Cop and confirmed to be expired less than 90 days. According F.S. 316.545,legal weight is 10,000 lbs. for un-laden combination.
Vehicle has a scale weight of 46240 lbs. less legal weight of 10,000 lbs equals 36240 lbs. over at .05/lb for a total penalty of $ 1,812.00
Penalty capped at $1000.00.
Driver provided information regarding F.S. 316.545.

Driver stated to Inspector he had paid for the registration renewal but the payment had not cleared.

Citation issued and explained in detail.

Total Assessed Penalty $1,100.00

NOTE: Driver was advised that operating with an expired registration is a violation of Florida Statute. Citation does NOT make vehicle legal. Continued operation would be subjected to further enforcement by other Law Enforcement Agencies.

Driver given website address to obtain an overlength permit before leaving scale facility, due to the stationary position of his rear axles.

Subject: CMVRB Protest – Citation #000921599

To: cmvrb@dot.state.fl.us

To Whom It May Concern,

We are submitting a protest for Citation #000921599 issued on 04/06/2026 in Marion County, Florida under Florida Statute 316.515.

This citation involves a sliding tandem trailer that was cited for an over-length condition related to kingpin-to-rear axle measurement. The trailer in question is fully adjustable and capable of being configured within legal limits.

At the time of inspection, the vehicle was actively in transit delivering an agricultural load. Due to normal operational conditions, including load distribution and shipper requirements, the tandem axle position was set to accommodate the load at the time of pickup. This is a temporary and adjustable configuration, not a fixed or permanent condition.

Following the inspection, the tandem axles were adjusted to bring the vehicle into full compliance prior to continuing the trip.

Additionally, the vehicle was operating within legal weight limits (75,700 lbs), and no out-of-service or safety-related violations were issued. This confirms that there was no safety risk to the motoring public.

Driver Statement:
The driver confirms that the trailer is equipped with sliding tandems and that the axle position can be adjusted as needed to comply with state regulations. The configuration at the time of inspection was based on load conditions at pickup and was corrected immediately after the stop.

Given that this was a non-safety, correctable configuration issue involving equipment capable of full compliance, we respectfully request that this citation be dismissed.

Thank you for your time and consideration.

Sincerely,

Bogdan Maxineanu

CASE

To Whom It May Concern,

This correspondence serves as a formal request for an administrative hearing regarding the scale ticket citation issued to our driver. We respectfully request review and reconsideration of this citation based on the vehicle's lawful registration and compliance at the time of inspection.

At the time the scale ticket was issued, the subject vehicle was **legally registered for a gross weight of 50,000 pounds**under the State of Wisconsin through both **IFTA and IRP registration credentials.** The driver presented the applicable registration documentation to the Wisconsin Department of Transportation officer at the scale during the inspection. These documents verified that the vehicle was authorized to operate at the cited weight.

Despite the driver's compliance and presentation of valid documentation, a scale ticket was issued. It is our position that the citation was issued in error, as the vehicle was operating within its legally registered and permitted gross weight. The issuance of the citation does not appear consistent with the documentation provided at the time of inspection.

Accordingly, we respectfully request:

1. A formal administrative hearing to review the facts and documentation related to this citation.
2. Consideration of the vehicle's valid IRP and IFTA registration authorizing operation at 50,000 lbs.
3. Dismissal of the citation upon verification of the registration credentials presented at the scale.

We are prepared to provide copies of all supporting documentation, including registration credentials, cab card, apportioned registration, and any additional materials requested for review.

Please advise of the next available hearing date and any additional steps required to proceed. All future correspondence regarding this matter may be directed to the contact information listed below.

Attached are the supporting documents. Thank you!

Thank you for your time and consideration.

Respectfully,

Mrs Michelle Krisher

This apportioned cab card must be carried in the vehicle at all times until the new registration year begins. Legible paper or electronic format is acceptable. The cab card is non-transferrable and must be surrendered with the license plate if the vehicle is deleted from the fleet.

The face of this cab card lists those jurisdictions in which the vehicle described is proportionally registered together with the registered gross weight. At the end of the listing a series of asterisks will appear in the following block. No jurisdictions are to be listed after the block containing these asterisks and any alteration or erasure renders this cab card invalid.

If you have any questions about the validity of any information on this cab card, you may call the Wisconsin Motor Carrier Registration Unit at (608) 266-9900, Monday through Friday.

Subject: Ethan Brown Citation number 000922379

Hello, my name is Ethan Brown. I am in training with my leader and I was driving into a Weigh station and they noticed we didn't have an IFTA sticker on the truck. He had just taken the truck to get a dot inspection and my leader said they didn't put it on the side of the truck. We were tired and couldn't find the sticker that night. I recived a citation number 000922379. I am still in training and I believe I shouldn't have recived the citation number one, since I am in training and number two, it is not my truck. We woke up the next morning and my leader said he found the sticker and we put it on the truck. Here is a picture of the sticker. If there is anything we can do to remedy this I would greatly appreciate it. I would like to start my new career off on the right foot.

Sincerely,

To whom it may concern

My name is Maria, and I am the Safety Manager at Freightbull Inc.

One of our drivers picked up a load in Pompano Beach, Florida on 03/30/2026. After loading, she proceeded to a scale at the Florida 595 Travel Center located at 2705 Burris Road, Davie, FL 33314, where the vehicle weighed 77,380 lbs according to the scale ticket issued at 4:35 PM. The ticket is attached.

On 03/31/2026 at approximately 12:39 PM, the driver was stopped at 106 W I-10 in Madison, Florida, where the Florida Highway Patrol cited her for being overweight. According to the citation, the vehicle was determined to weigh 84,300 lbs, and a fine of $215.00 was issued. A copy of the citation is attached for your review.

Afterward, the driver proceeded to another scale, where the weight measurements again confirmed that the vehicle was overweight. That second scale ticket is also attached.

The driver then contacted the first weigh station, and she was advised that their scale may not have been properly calibrated.

We are requesting that this citation and the associated fees be waived, as the driver took the appropriate steps to verify the load weight before departure. She relied on the first certified scale, and the discrepancy appears to have resulted from inaccurate equipment at that location. Under these circumstances, we do not believe the driver should be held responsible for these charges.

Please also find the driver's written statement attached.

If you need any additional information, please let me know.

Sincerely,
Maria Deleva

My STATEMENT TO THE CIRCUMSTANCES SURROUNDING the matter of the overweight ticket.

I picked my load up on 3/30/26. I immediately questioned the weight according to the BOL. I was told by the Shipper that it would not be a problem.

I called FREIGHT BULL AND INFORMED THEM of the BOL, and its weight. I was instructed to get it to a scale to weight it's accuracy.

Upon doing so, I took it to be weight at Florida 595 Truck Stop @ 2705 Burris Rd, DAVIE, FL 33314, phone number 954-357-1480.

The 1st weight in total was 77380. Over on the drive. I adjusted it and the second weight was in accordance with moving forward.

On 3/31/26, I was pulled over at the weight station by Florida Highway Patrol Commercial Vehicle Enforcement, city of Madison. My weight was told to me to be 4300 lbs over. I explained to the officer that I had just scaled my load the day before. Unfortunately, she mentioned that sometimes the scales outside of their scales aren't always calibrated accordingly.

I called the place was I received the weight tickets to inform them of my ticket and a

I was later pulled in again at Station ID: 101W Sneads, Westbound, Travel Direction, West and it showed that I was over as well. I did show and informed them that, I was ticketed.

REMARKS

The driver was operating a Dodge dually with a GVWR of 14,000 pounds pulling a goose neck style trailer with a GVWR of 22,000 pounds. The combination was operating in INTERSTATE commerce from Jacksonville, Florida to Baton Rouge, Louisiana.

I made contact with the driver identified as Raymond North. North stated he had taken a side by side from Louisiana to Jacksonville for a friend. I asked North if he had been paid or received any compensation for the trip at which time he stated he had not.

I asked North if he would call his friend and let me talk to him, at which time he agreed. The name in North's phone was "bro n law". I asked the person who answered the phone their name at which time he stated Arron (name might be spelled different). Arron stated North had confirmed North's story. I asked Arron how North got paid at which time he stated "Cash" and then retracted that statement and stated he filled his truck up with fuel for him.

North was advised he was in commerce. North did not have any USDOT numbers as required being in INTERSTATE commerce. A $500.00 penalty was assessed for failing to file before beginning operations.

North did not have a record of duty status. A $100.00 penalty was assessed.

Total fine amount of $600.00

REGISTRATION VIOLATIONS:
Not Apportioned for Florida Explanation Your vehicle at the time of stop , was determined to be in violation of Florida Statute 316.545(2) (b). The Statute States: "In those cases when the commercial vehicle, as defined in statue 316.003(66), is being operated over the highways of the state with an expired registration or with no registration from this or any other jurisdiction or is not registered under the applicable provision of chapter 320, the penalty herein shall apply on basis of .05 cents per pound on that scaled weight which exceeds 35,000 pounds on laden truck tractor-semitrailer combinations or tandem trailer truck combinations, or 10,000 pounds on laden straight trucks or straight truck-trailer combinations, or 10,000 pounds on any un-laden commercial motor vehicle....." Since your vehicle was not properly registered to operate in Florida the weight was rolled back to either 35,000 pounds or 10,000 pounds depending on its configuration, and all weight in excess of that limit was then assessed at .05 cents per pound penalty.

Subject: Renewal Request Approved

Your request to renew was approved by the Michigan IRP office and your new registration period has been created. Follow these steps to finish the renewal.

1. **You will need to enter the distances traveled during the last reporting period and choose which vehicles in the fleet are being renewed.**
2. **Make any changes necessary for the renewed vehicles including updating or verifying the USDOT/Federal ID for the motor carrier responsible for safety, adding any new vehicles to the fleet, and updating the weights for the renewed vehicles.**
3. **Submit the required documents for each vehicle.**
4. **You will need to Submit the renewal supplement when all changes are complete.**

Dear Judge,

I showed That I hadn't recieved my Tags, But I had documentation to show some (Lee Way) I was legal & paid up. Officer insisted on Wasting my Time + Ticket. I told a officer at another scale about it. He was a Florida Instructer he said Write You letter, and the officer that cited me, should be Reprimanded. It's hard enough out on the Road. Without this, and these delays.

Thank you Kurt

RE: Enforcement Dates for Oregon Apportioned Licensed Plates

Please distribute the following information to all IRP member jurisdictions:

The Commercial Vehicle Licensing Services Branch of the Commerce and Compliance Division of the Oregon Department of Transportation advises that under Oregon law a grace period is provided through March 15, 2026, for all trucks and buses with 2025 expired stickers displayed on their Oregon DOT plates. Please honor this grace period by delaying enforcement action on these vehicles operating in your jurisdiction until March 16, 2026.

Please share this with law enforcement from each IRP jurisdiction.

If you have any questions or need further information, please contact Nick Hopper, Commercial Vehicle Licensing Service Branch Manager, 971-718-1949.

Thank you,

Carla Phelps, Administrator

Good morning,

I would like to protest citation 000922722. The trailer cited is a 40' long flatbed hotshot, and the loaded product overhung from the trailer 6 feet. I contacted WCS Permits and Pilot Cars to obtain an overlength permit. However, they kept getting an error message from Florida State:

Brittany Workman <brittanyw@wcspermits.com>

to me, Chris

I AM GETTING AN ERROR MESSAGE FROM FLORIDA SAYING BECAUSE YOUR PERMIT IS ZERO DOLLARS THEY CANNOT ISSUE IT AND IT HAS TO GO TO THE SUPERVISOR BECAUSE THEY TECHNICALLY DON'T ISSUE PERMITS THAT ARE ZERO IN COST , ALL IS UNDER REVIEW STILL I'VE ATTACHED A SNIPPET BELOW OF THE FL MESSAGE FOR RECORD KEEPING

Brittany and her supervisors tried numerous times/ways to resolve this issue and were not able to. However, they still billed me for the extensive time they spent on it (bill attached...I can provide the email showing it was billed before the driver was pulled into the station).

The driver was still pulled in at the weigh station and the officer stated a permit was still required even though the permit agency was unable to obtain one from Florida state. He originally told me to ask the permit agency to put that the load was 80' feet long, so the permit could be issued. Brittany/permit company tried that, and it still didn't work. Then the officer said "well maybe she needs to try 86 feet." However, this makes no sense since it definitely wasn't near 86' feet long. The permit company/Brittany finally put that it was 80' long and 10' wide just so Florida would issue a permit and the driver could leave the scale house. Even though, the load was NOT 80' long nor overwidth at ALL (pictures attached). Having to lie/misrepresent the facts just to obtain a permit (so that he could leave the station), caused the driver more restrictions (not being able to drive at night and changed his route).

I appreciate your time and attention to this matter and look forward to hearing how this can be prevented in the future.

Sincerely,

Thanks
Tabitha

CASE
26-06-064

Your Honor, I respectfully ask that this citation be dismissed.

I had already renewed and ordered my IFTA license and decals in February 2026 prior to this stop. On March 9, 2026, when I was stopped, the decals had not yet arrived due to mailing delays.

My vehicle had valid New York registration and my IFTA account was already renewed. As soon as the decals arrived, I placed them on the truck immediately.

I was not attempting to avoid compliance; I was simply waiting for the decals to be delivered. I have documentation showing the renewal and the date it was ordered.

For that reason, I respectfully request that the court consider dismissing the citation or reducing it since the issue was administrative and has already been corrected. Thank you in adavance.

Best Regards,

Busy Moving Inc.

Subject: Protest Submission – Citation #000918959

I am writing to formally submit a protest regarding Commercial Motor Vehicle Citation #000918959 issued on March 27, 2026.

I believe this citation should be reviewed, as I would like to contest the violation related to length and kingpin setting. I request the Commercial Motor Vehicle Review Board (CMVRB) to review my case.

Please consider this email as my official protest submission within the required timeframe. I kindly request that payment be placed on hold until a final decision is made.

I will provide any additional supporting documents if required.

Thank you for your time and consideration.

Sincerely,
Parminder Singh Brar

Attachments: ELDDriverLog.pdf

Good afternoon,

Thank you for your email. Please add this supplemental statement to my protest for Citation #000918959, Case 26-06-065.

I respectfully request dismissal of this citation based on the full circumstances.

On March 27, 2026, I entered Florida from Georgia and passed the weigh station process without any issue. I was not stopped for any moving or roadway violation.

I then voluntarily entered the agricultural inspection station and fully cooperated with all instructions. My vehicle was stationary during the entire inspection process.

Before any inspection of the trailer, I adjusted the tandems in accordance with company safety policy for load inspection. This was a temporary adjustment while the vehicle was stopped and not in operation.

The Driver/Vehicle Examination Report confirms this matter arose during a Level II inspection at the inspection station, not from any unsafe operation on the highway. It also identifies the violation as attributable to the motor carrier.

My ELD records further confirm that I was On Duty for "Agriculture, DOT; Inspection," establishing that the vehicle was stationary and under inspection at the time.

No unsafe driving occurred, and no violation was observed while the vehicle was in motion. This was a temporary and correctable condition during a stationary inspection process.

For these reasons, I respectfully request that this citation be dismissed.

Mailing Address:

Thank you for your time and consideration.

Sincerely,

Parminder Singh Brar

CASE
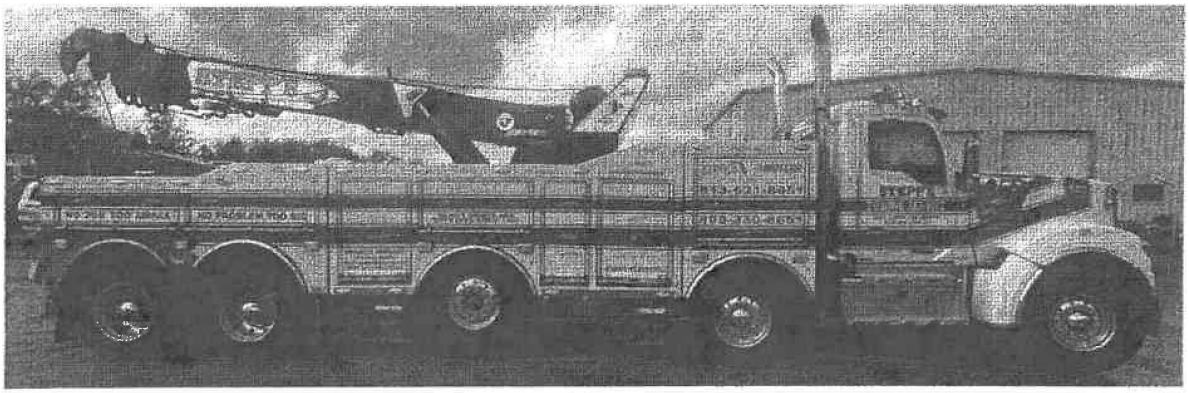
26-06-066

Attn: Commercial Motor Vehicle Review Board (CMVRB)
Citation- 000915521
Date Issued- 3/23/26
Stepp's Towing Service is requesting an in-person review for the citation.

Stepp's Towing Service Inc is in possession of citation number 000915521 issued to DOT number 1139317. This citation was issued to Stepp's as licensed wrecker actively engaged in the transport of a disabled vehicle. We presented a PAS issued blanket permit that we carry in each of our heavy wreckers. Under this permit we are permitted a specific weight on each axle. The citation states we exceeded the axle weight for group 4 by 4,700lbs. Our total weight for axle group 4 was 54,700lbs which would have been within legal weight if the axle spacing was different. The distance between the #3 and #4 was apparently measured at 8'1" which transformed it to a separate axle group. The axle spaces are part of a commercially manufactured wrecker body which cannot be moved to change the axle spacing. The only alternative to cure this violation would be to order a new permit for a self-propelled crane which allows a higher weight limit per axle grouping. The crane permit would not be valid if produced while towing a disabled vehicle since the crane permit is for a self-propelled unit not a wrecker unit towing a disabled vehicle.

We believe that our wreckers are being misclassified, and the configurations need to be updated to match the manufacturers' axle spacing.

Stepp's unit is a Jerr-Dan wrecker body which is manufactured by one of the top licensed and reputable builders and placed on a Kenworth W990 chassis.



Respectfully,

Todd Stepp

REMARKS

PERMIT AXLE WEIGHT VIOLATION:

A measured 68' 5 axle wrecker with a semi tractor in tow weighing 96,720 lbs. Driver produced a "Wrecker Permit"" #2503437 that permits 50,000 lbs on a tandem set of axles per the TTT-1 map. The distance between the #3 and #4 group measured 8' 1" which now is a sperate axle group. The tandem drive axles weighed in at 54,700 lbs making it over allotted 50,000 lbs by 4,700 lbs. The penalty was assessed at $.05 per pound for a total of $235.00.The driver was not given an opportunity to shift due to being a permitted load. Driver advised to be legal before leaving scales. No match. Photos taken. See copies.

Ok I'm not surprised.
Citation number is 000919580

It looks like the truck weight information was entered incorrectly so my registration had incorrect weight limits of 10286. This truck was bought at insight auction in Sebring. I don't know what was on the title from polk county. So not sure if that was what they entered for weight or allowed cargo weight?

The truck is rated for more than 26000 lbs.
I've attached pictures of truck.

Also do I need a DOT number for a truck listed as private use?

Thanks
John

CASE
26-06-069

I recently wrote an appeal but later decided I could have been more detailed of the chain of events.

My wife and I left Indiana on December 14 2025 for Florida. We were going to spend Christmas and New Years there. On New Years Eve We were traveling back to Haines City to take my 10-hour break when our tractor trailer was hit from behind, destroying the reefer trailer. Now I had no way to make any money. So, Steve Wilkinson at Delane Brokerage located me some trailers I could use until I could buy another trailer.

On March 29, 2026 I was given a citation for not displaying my IFTA stickers. The state of Indiana is notorious for not getting their decals out on time. To make sure I was getting my mail I would have my nephew to forward my mail to Haines City. The officer at the weigh station must not have noticed I had my IFTA License and it had been paid at the end of December 2025.

The other citation I received was that the trailer I bought did not have a registration. To put this in context. I have to explain what happened on the night of 4/8/26. Around 18:00 -19:30 I Parked My semi at the Pilot truck stop At Yeehaw Junction in a parking space. A few moments later A truck driver approached me saying I had hit a car that was loaded on the top front position of his car hauler trailer. Soon after, a police officer arrived. The truck driver and the police officer agreed that I had hit the car with my reefer trailer. The police officer informed me that the truck driver had video. Of course I wanted to see the video. The police officer said the driver was in the shower and would show me later. Finally, I got to see the video and all you could see is me passing by the car and his car hauler; because the camera lens is mounted in the cab near the windshield. So, you can't tell one way or the other. The police officer informed me I had to wait about 10 days to get an accident report. Earlier I told the police officer I was loading at Mack Farms 17 miles away the next day. Soon after that the people at Pilot told me I had to leave because another driver was waiting on that particular parking space. I removed my truck and trailer from space as I was instructed and drove over to the fuel islands. I waited over 30 minutes and no driver showed up. I then left pilot truck stop and drove down to Mack Farms to get loaded the next morning to go home toward Indiana. Eary in the mourning, about 1;30 AM that same police officer awakened me and said he needed to see more documents. He wanted to see my registration for my trailer. I told him I had a bill of sale and title and I would get my plates when I got the trailer back home which I was leaving anyway later that day. I also said I recently bought this trailer and I had not been using it because it was in the shop to get air shocks installed. I did not want to leave Florida until trailer was ready. He wrote me a citation even Thow I had a bill of sale and a title.

To end this, on the way home my transmission went out on the truck. When we got to Clarkesville in. to get our new trailer plate. The BMV Charged me $350.for sales tax which I am exempt. It seems never to stop but we are home safe and now I have to contact the Osceola

clerk of court to get accident report on what happened at pilot truck stop on 3/8/2026. It will be interesting to see how the police officer wrote up the accident report.

Please forgive me for going on and on.

Sincerely Joseph D Hinds

REMARKS

Weight and Safety Inspection: On April 15, 2026, at approximately 8:35 a.m., I observed the aforementioned CMV (6 axles) combination truck tractor and semitrailer traveling southbound on Interstate 75, at mile marker 240, in Ruskin, Florida. The CMV traffic stop was initiated at the above mentioned location, but due to safety and weight inspection purposes, this inspection was completed on 30th St SE, north of State Road 674, in Ruskin, Florida. A Level II safety inspection was conducted. External Bridge Weight Violation: Permit. The CMV combination weighs 87,600 lbs minus 78,500 lbs (legal weight for a 6 axles CMV combination w/ 41 feet wheel base) equals 9,100 lbs over legal external bridge vehicle weight @ .05 cents per lb. for a total of $455.00 penalty not assessed to the carrier. Internal Bridge (rear) Violation: The CMV combination rear internal bridge weighs 78,800 lbs minus 66,000 lbs (legal weight for a 5 axles CMV rear internal bridge w/ 29 feet wheel base) equals 12,800 lbs over legal rear internal bridge weight @ .05 cents per lb. for a total of $640.00 penalty assessed to the carrier. Driver provided an expired FDOT overweight blanket permit # 2486946-2024-0001, (with PERMIT RESTRICTIONS / MOVEMENT CONDITIONS - NO TRAVEL PERMITTED ON THE INTERSTATE SYSTEM, at the time of this weight and safety inspection. Effective Dates: 04/09/2025 – 04/09/2026. The CMV driver also provided an expired FDOT inner bridge permit # 2486950-2024-0001. Effective Dates: 04/09/2025 – 04/09/2026.

Driver English Language Proficiency (ELP) 2nd Violation: Driver previously placed out of service. Previous DVER # FL2426004783. Driver did not show English Language Proficiency. The driver failed to answer, and/or understand and/or articulate in English correctly 5 of 12 questions during Step 1 Driver Interview. Driver was unable to understand and/or communicate in English during the interview. I (Trooper) asked the driver multiple questions from the FMCSA Enforcement Guidance Memo MC-SEE-2025-0001.

Step 1: Driver Interview: Question # 1)Where did you start your trip today? and paraphrased "Where are you coming from?". The driver answered: "Blue Water". Question # 2)Where are you driving to today? and paraphrased "Where are going today?". The driver answered: Palmetto. Question # 3) How long have you been driving today? and paraphrased "What time did you start today?" "What time are you planning to stop driving today?". The driver answered: "7 hours in the morning". Question # 4) What are you "hauling" today? and paraphrased "What's in your truck" What cargo do you have in your truck?". The driver did not answer the question in English. He said "Sorry, No". Question # 5) Who are you driving for today? and paraphrased "Who are you working for?" "Who is paying you for the load?" "What is the name of your employer?". The driver answered: "Costa Nardo Inc Corp".Question # 6) What is the telephone number for the trucking company you are driving for today? and paraphrased "What telephone number would you call if you had a problem today?" "What telephone number at the company would call if you had an accident today? The driver answered: "The telephone number in my telephone. He retrieved his cellphone from the tractor and showed me the telephone number (656)444-2649. He said the telephone number in English.
Question # 7) Show me your driver's license please. and paraphrased "Show me your CDL". The driver said: "My license" and pointed his finger at his driver license inside my patrol vehicle. The driver could not articulate in English that he had provided his driver license to me at the beginning of the safety inspection.
Question # 8) Show me the proof of insurance for your vehicle. and paraphrased "Where is your insurance card?". The driver said: "Me for you" and pointed his finger at the insurance form inside my patrol vehicle. The driver could not articulate in English that he had provided his proof of insurance form to me at the beginning of the safety inspection. Question # 9) Show me the registration for your vehicle and paraphrased "Where is your cab card?" "Where is your IRP cab card? "The driver said: "The registration for vehicle for you" and pointed his finger at the vehicle registration form inside my patrol vehicle. The driver could not articulate in English that he had provided the vehicle registration form to me at the beginning of the safety inspection. Question # 10) What year was your truck manufactured? and paraphrased "What is the year of your truck?" "What year was your truck made?". The driver said: "Manufactured". We walked to the truck tractor, he looked at the VIN information sticker, but he could not find the year of the vehicle, because the VIN information sticker was unreadable. He asked me for the registration form. I gave him the truck registration form and he showed me the year 2007. He also said the year in English. Question # 11) Did you perform your pre-trip inspection before you started driving today? and paraphrased "Did you do your pre-trip inspection today?". The driver said: "6 hour in the morning".
Question # 12) Do you use time cards, an ELD, or a log book? and paraphrased "How do you report the time you worked?" "Do you use a time clock at work?". The driver said: No logbook, electronic, paper. Work 8,9 hour". He also tried to explain driving within 100-150 air mile radius, but was unable to properly articulate his answer in English. The driver did not answer the question correctly. He did not answer how he was reporting the time worked.
Step 2: Highway Traffic Sign Recognition Assessment: The driver failed to properly recognize, understand and/or articulate in English 3 of 4 traffic signs during Step 2 Highway Traffic Sign Recognition Assessment. 1)Wrong Way Sign: The driver said: "Sorry, No". The driver could not explain the actual meaning of the traffic sign in English and failed to properly identify the wrong way sign. See complete Step 2 on DVER#FL2667005300.

Good Morning!

We would like to request to be placed on the agenda of the CMVRB in regard to Citation #000912537. We would appreciate the opportunity to have the weights and scale calibrations compared between the scale used at the time of the citation and the weight ticket we obtained from the CAT Scales. Everything was exactly the same with the truck and trailer as when we were issued the citation.

We have included a copy of the citation, along with a copy of our weight ticket from the CAT Scales.

We sincerely appreciate your consideration in this matter.

Thank you,

Richie Frye

REMARKS

Over Dimensional (Over length trailer due to king pin setting): FS 316.515
Inspector measured a 65 foot, 5 axle, truck tractor/semi trailer hauling construction tools weighing 39,600 lbs.
Inspector measured a 53 foot trailer with a measured kingpin setting of 44 foot 3 inches. Three inch tolerance applied making kingpin setting measurement 44 foot 0 inches.
Inspector measured the distance between the center of axle 4 to the center of axle 5. This distance was found to be 10 foot 4 inches, making the trailer a split axle configuration.
Legal length for a trailer with a king pin setting greater than 41 foot is 48 foot making the trailer over legal length by 5 foot.
Penalty assessed $100.00 pursuant to FS 316.516.
Driver advised to become legal before leaving the scales.
No match on overdue list.
Copy of lease agreement attached to agency copy of citation.

REMARKS

Five axle truck tractor semitrailer in violation of F.S.316.515(3)(b). Semitrailer hauling a divisible load exceeding 48' in length, but no more than 57' in length, with a kingpin setting greater than 41' from the kingpin to the center of the last axle on the rear of the semitrailer. The rear spread axles measured 10' 7" apart. No appropriate permits were produced at the time of stop.

The semitrailer measured 53' in length, with a kingpin setting that measured 45' 5" (45' 2" with three inch tolerance), making the semitrailer 5' over the legal semitrailer length of 48' because of not having a kingpin setting of 41' or less.

Required the company to correct the violation prior to leaving the Madison scales by obtaining an appropriate permit or by correcting the kingpin setting to a setting of 41' or less.

Good morning, I'm emailing to protest against a citation that I got unfairly as the officer told me my driver license was suspended, when I go to the DMV they told me it was suspended because they didn't get a response from the insurance company, I showed them my insurance and they apologize for the mistake, but I need to protest for the citation as my driver license was canceled by mistake by the DMV as I had my insurance on both cars on October 19th 2025 which is prior to the date gave by the DMV (Oct 23 2025)

Attached are the documents from DMV, letter from the insurance

Do not hesitate to contact me if you need additional documents

Thank you.

Had insurance prior to suspension

MARCO SMARTMAN TOCEL
5640 NW CROTON AVE
PORT ST LUCIE, FL 34986

DL/ID Number: T240-557-82-229-0

This document serves as official notification fr[illegible]fety and Motor Vehicles (FLHSMV) that your driving privile[illegible]e suspended effective **October 23, 2025**, at 12:01 a.m. per section 324.02[illegible]use FLHSMV has been informed by GEICO INDEMNITY COMPANY that the Florida [illegible]cle(s) listed below are no longer insured in Florida. The Florida policy was either canceled, a ve[illegible]cle was removed from the policy, or you switched insurance companies and the new company failed to notify FLHSMV of your new policy within 10 days as required by law.

Policy Number – 4569155106 Company Name – GEICO INDEMNITY COMPANY

VIN	Vehicle Description	FR Sanction Number
KL4MMDS21LB130979	BUICK	752609697
KL4MMBS23NB016943	BUICK	752609699

To possibly avoid suspension or reinstate your driving privileges, you must comply with one of the following:

- If you **still own and intend to operate the vehicle**, you must obtain Florida insurance and request your insurance company electronically report your current coverage to FLHSMV.
- If you **no longer own or intend to operate the vehicle**, you must surrender the license plate(s) and vehicle registration(s) associated with the VIN(s) listed above or show proof you no longer own the vehicle(s).

If you acquire insurance coverage prior to **October 23, 2025**, your record is cleared upon electronic receipt of current coverage and no further action is required. You can also check the status of your record and update your insurance information to avoid suspension by creating an account or logging into your existing account at **MyDMVPortal.flhsmv.gov**.

If you acquire insurance coverage **after October 23, 2025**, you may reinstate using one of the available clearance methods detailed below.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 395.13, and Florida Statutes 316.302 and 316.70, I hereby notify and declare the driver: DYLAN ORRETT named on this report OUT OF SERVICE. No motor carrier shall permit or require this driver to drive or operate any motor vehicle until: Obtains a Medical Examiner's Certificate. WARNING: Violation of this order will subject the driver/owner to civil penalties of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

The undersigned certifies that all violations noted on this report have been corrected and action has been taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations insofar as they are applicable to motor carriers and drivers. False certifications of the required repairs are required to be prosecuted with penalties up to $10,000.

Signature Of Repairer X:_____ Facility:_____ Date:_____

NOTE TO DRIVER: This report must be furnished to the motor carrier whose name appears at the top of this report. [49 CFR 396.9(d)(1)]\nNOTE TO MOTOR CARRIERS: ATTENTION CARRIER: IF NO VIOLATIONS ARE LISTED IN THE "VIOLATIONS" SECTION ABOVE, IT IS NOT NECESSARY TO SIGN AND RETURN THIS REPORT. The motor carrier must examine this report and repair all violations noted in the "Violations" section. By signing below, the motor carrier certifies that all violations on this report have been corrected and action taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations and Florida Statute 316.302, insofar as they are applicable to motor carriers and drivers. After certifying with signature, return this report to the Florida Highway Patrol by email at OCVE-Inspections@flhsmv.gov within fifteen (15) days of the date of this report AND retain a copy at the principal place of business or where the vehicle is housed for 12 months from the date of the inspection. It is not necessary to provide supporting documentation of the repairs. Failure to return this required certification can result in penalties of up to $100 per day, for each day the violation continues, up to $25,000.

Attachments: IMG_9960.jpeg; IMG_9961.jpeg; IMG_9962.jpeg; IMG_9963.jpeg

Dear Sir or Madam,

I am writing to formally contest Citation No. 000920538, which was issued to me on April 17, 2026.

The citation references DOT No. 4477884 and MC No. 1768110, along with a vehicle registration (T# 2195851537, issued October 10, 2025) that lists an incorrect Gross Vehicle Weight (GVW) of 12,300 lbs. This discrepancy was the result of a clerical error and not due to any action or negligence on my part.

When I contacted the dealer, I was informed that the tag number on the registration in question did not match their records, indicating that a clerical error had occurred. The correct registration—Tag No. 2203396001, issued October 28, 2025—properly reflects the GVW as 14,000 lbs.

For your review, I have attached:
- The original (incorrect) registration
- The correct registration
- The certificate of title
- A copy of the citation

These documents demonstrate that the GVW discrepancy was due to an administrative mistake rather than any failure to comply with applicable regulations.

Given that this issue was beyond my control, I respectfully request that Citation No. 000920538 be reviewed and dismissed.

I make every effort to remain in full compliance with all laws and regulations, and I would greatly appreciate your consideration of this matter. Please let me know if any additional information or documentation is needed to support my request.

Thank you for your time and assistance.

Sincerely,
Miguel A Munoz

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.

For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Important note: If you cancel the insurance for this vehicle, immediately return the license plate from this registration to a Florida driver license or tax collector office or by mail to: DHSMV, Return Tags, 2900 Apalachee Parkway, Tallahassee, FL 32399. Surrendering the plate will prevent your driving privilege from being suspended.

Citation Protest and Hearing Request

Citation # 000920865

Citation Date: 4/3/2026 Date: 4/21/2026

Carrier: 7 Stars Logistics LLC U.S DOT # 2873040

I, Ismail Musa, the owner and Manager of 7 Stars Logistics LLC elect to protest this citation with the above-mentioned number for the following defense reasons:

1- Driver Todd Williamson was dispatched to pick up a Freight Load from Valdosta, GA to Hialeah, FL
2- The Driver at the pickup is required to Slide the Trailer's Tandems, where the driver did so successfully. Therefore, the trailer tandems should have been slid back after loading.
3- The trailer had gone under pre trip inspection and post-trip inspection.
4- The driver had been informed to slide back the trailer Tandems every time after loading
5- Driver had been informed with our company rules to stop the vehicle at the nearest truck stop immediately in case of Mechanical or technical default to assure and maintain safety.
6- Driver should have been able to slide the Tandems back to legal and required measurements by law.
7- If the driver forgot to do so, he should have explained his situation to the Inspection officer.
8- The company maintains its power units and trailers routinely.

I respectfully ask to dismiss this citation and relief my company from the safety violation responsibility.

Thank you,

Sincerely,

Ismail Musa IsmailMusa 407-837-5872

CASE
26-06-079

STATE OF FLORIDA
COUNTY OF DIXIE

BEFORE ME, the undersigned authority, personally appeared Javarris Jordan, who, being duly sworn, states:

1. My name is Javarris Jordan, and I am a licensed commercial driver holding CDL number 056072166.

2. On April 1, 2026, I was operating a tractor with a 53-foot flatbed trailer with a fixed tandem axle in Old Town, Dixie County, Florida.

3. I was issued a citation alleging that my kingpin-to-rear-axle measurement was 43 feet 4 inches.

4. Due to the fixed nature of the trailer axle, the kingpin-to-rear-axle distance is a factory-set dimension and not adjustable in operation.

5. I did not modify or alter the trailer configuration at any time.

6. I respectfully state that:

- I was operating equipment commonly used in interstate commerce;
- I had no reason to believe the equipment was in violation; and
- I question whether the measurement taken at roadside accurately reflected the manufacturer's specified kingpin-to-axle distance.

7. I was operating in good faith and in the normal course of commercial transport.

FURTHER AFFIANT SAYETH NAUGHT.

My Name is Ery Quintana - Citation number 000923638

Hello florida Deparment of tramsportation,
I hope this letter finds you well.
I am a CDL - Driver. Clean License.
I was Driving in my personal truck
my friend Armando Ramos pulling his
Trailer and his machine, because his Truck
broke down. FHP officer Sergeyev. Pull
me over and ask my where are you going
I explain the officer, that I was helping
my friend Armando move his trailer
because his truck broke down. then the
officer asked me if I was getting paid
for it. I say no we are just friends,
Then officer imply, if my friend was gonna
do me a favor So the officer told me in
that order I'm doing commercial and for that
reason he give me a $500 ticket for being
honest. I'm a father of three, husband $500 really
bad legislation,

Sincerely. Ery Quintana

CASE

REMARKS

2 axle straight truck, towing 2 axle semi-trailer, laden with machinery (Kubota SVL 75-3), operating in intrastate commerce, stopped for inspection.

I asked the driver (owner of straight truck) if he was transporting the trailer and its load for free. The driver stated that he was not. I asked him how much he was getting paid. The driver stated that he was not getting any money for it. I asked him what he was getting in return. The driver stated that the person he was doing it for will do something for him. I asked the driver what he was getting in return. The driver stated that in return he would get a pallet of pavers unloaded.

Truck GVWR: 14,000lbs, trailer GVWR: 17,500. CMV combined GVWR was 31,500lbs.

CMV over 26,001lbs was required to have a USDOT number registered. The CMV operated by the driver had none.

Penalty assessed: $500.00

CMV was weighed on portable scales. The GVW of the CMV was 24,300lbs. Registered GVW was 14,000lbs. CMV tax class ends at 14,999lbs. CMV was 9,301lbs over its tax class.

Penalty assessed: $0.05 per pound.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, motorcycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide for the protection of the child by properly using a crash tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Good morning,
I'm writing to formally dispute the payment calculation listed on the citation issued to one of our vehicles, a North Carolina-based 2-axle straight truck weighed at 27,400 lbs.

The citation states the vehicle's legal weight is 10,000 lbs and concludes that the vehicle is 17,400 lbs overweight. This appears to be an error based on the incorrect application of the weight limits.

For a 2-axle straight truck, the correct legal gross vehicle weight is 26,000 lbs, not 10,000 lbs. The 10,000 lb figure is not applicable as a gross vehicle weight limit for this type of vehicle and may have been mistakenly applied.

Additionally, the axle weights recorded on the citation are as follows:

- Steering axle: 8,600 lbs
- Drive axle: 18,800 lbs

Both axle weights are within their respective legal limits (typically 12,000 lbs for the steering axle and 20,000 lbs for a single drive axle). Therefore, there are no axle violations.

Based on the recorded gross weight of 27,400 lbs and the correct legal gross weight of 26,000 lbs, the actual overweight amount is 1,400 lbs—not 17,400 lbs as cited.

I respectfully request that this citation be reviewed and corrected to reflect the proper legal gross vehicle weight and accurate overweight calculation. Specifically, I ask that the overweight violation be amended from 17,400 lbs to 1,400 lbs, and that any associated fines be adjusted accordingly.

Thank you for your time and consideration in this matter.

Sent: Wednesday, April 29, 2026 11:04 AM

Subject: Citation Number 000913947

I am writing to formally contest Citation 000913947, issued on April 16, 2026, and to respectfully request either dismissal or a reduction of the associated penalty.

At the time of the citation, I was operating an oversized load with a total length of 95 feet. Throughout the evening, I made repeated and diligent attempts to locate a safe parking location that would accommodate my vehicle without blocking any roadway or posing a hazard to the public.

My first attempt was the Loves truck stop at Exit 130 on westbound I-10, which was my planned stopping point per my route. Upon arrival at approximately 6:30 PM, the facility was completely full with no available space. I then attempted each subsequent rest area along my route, all of which were similarly at capacity with trucks lining the entrance and exit ramps, making it physically impossible for a 95 foot oversized load to safely enter.

With no viable parking options remaining and a responsibility to keep myself, my load, and the public safe, I made the decision to proceed slowly in the right lane to the Pensacola/Escambia County weigh station, where I knew sufficient space would be available to park safely and legally.

Upon arrival, I was cited by Officer Vinton Purdey-Shann. During our interaction, the officer acknowledged that increased truck congestion in the area is a direct result of ongoing road construction on the western end of I-10, a factor entirely outside of my control. Despite this acknowledgment, no consideration was given to the circumstances that led to my situation.

I believe this citation does not reflect a willful or negligent violation, but rather the only reasonable and safety conscious decision available to me given the conditions that evening. I respectfully ask that this be taken into consideration and that the citation be dismissed or reduced accordingly.

Thank you for your time and fair review of this matter.

REMARKS

The CMV was stopped for an inspection westbound on Interstate 10 at the 2.5 mile marker in Escambia County, FL. The CMV is a straight truck / semi-trailer combination laden with overhead garage doors that are being taken to Las Vegas to be set up at a show booth. Driver traveled from Saint Cloud, Florida to Pensacola, Florida to pick up the load and take it to Las Vegas, NV. Driver operating a CMV without a medical certificate with a prior violation cited on 05/27/2025 (DVER MS1019011668). This is violation of 49 CFR 391.41. A $100.00 safety penalty is assessed to the carrier and the driver placed Out Of Service until a valid medical certificate is obtained.

*During the course of my inspection I was able to determine the driver WILFREDO ELIAS VILLA ESPIN (FL DL V244707090000) was operating under an OUT-OF-SERVICE ORDER (driver placed out-of-service on 5/27/25) for no medical card. Driver who is owner operator continues to operate in violation of an OOS order which violates FSS 316.3025. The driver was stopped today for bypassing the open scale house without pre-pass or drive wyze. This is a violation of 49 CFR 383.53. A $2,750.00 penalty is assessed to the carrier.

*The CMV was traveling in interstate commerce 1438.06 nautical air miles without a record of duty status. This is in violation of 49 CFR 395.8A. A $100.00 safety penalty is assessed to the carrier and the driver is placed out of service for 10 hours starting at the completion of the report.

*The carrier failed to register with FMCSA prior to beginning interstate commerce. This is a violation of 49 CFR 390.19. A $500.00 penalty is assessed to the carrier.

*The carrier has a GVWR of 17,500 lbs, has No Operating Authority and is laden with overhead garage doors belonging to Wayne Dalton Marketing Department. The garage doors are being transported for Wayne Dalton Marketing Department from Pensacola, FL to Las Vegas, NV for a show booth. The Bill Of Ladings for Wayne Dalton is 2453822. This is a violation of 49 CFR 392.9A, the carrier is assessed a $500.00 penalty, and is placed OOS.

Total penalty assessed to the Carrier for $4,185.00.

Subject: Formal Request for Review – Citation #000901208

To Whom It May Concern,

Good afternoon,

I am writing to respectfully request a review and reconsideration of citation number **000901208** issued on April 10, 2026 in Jacksonville, FL.

After carefully reviewing the citation and inspection report, I would like to clarify that this situation was not the result of intentional non-compliance, but rather a misunderstanding regarding the vehicle's registered gross weight (GVW) versus its operational weight.

The vehicle is currently registered at **50,000 lbs**, while the applicable tax class allows up to **54,999 lbs**, and the actual operating conditions of this type of commercial dump truck often fall within a higher working range. This discrepancy indicates an administrative or classification issue rather than deliberate overloading.

Additionally, I would like to highlight that we are fully compliant with federal and state obligations, including payment under **Category F (Form 2290)**, demonstrating our commitment to operating legally and responsibly.

It is also important to note that although a secondary overweight condition was identified on the steering axle (+3,200 lbs), it was not assessed, further indicating that this was not a case of intentional violation but rather a load distribution and classification misunderstanding.

Since this incident, we have taken immediate corrective actions to ensure full compliance, including reviewing registration weight limits and operational loading procedures.

For these reasons, I respectfully request consideration for:

- A reduction of the penalty, or
- Reclassification or adjustment based on the circumstances described

Thank you for your time and consideration.

Sincerely,
Dulce Daniela Duque Duran

To whom it may concern,
My name is Slavisa Vanovac, and I am a driver and co-owner for Visatrans LLC (MC #820602). On April 19th, 2026, I was stopped by a state trooper (badge #1494) and received a violation 395.3 and a $100 penalty. I was cited for not fulfilling the requirement of 10 hours of mandatory rest. I was in Sleeper Berth status for 8 hours and was on my way home with the intention of splitting the 10-hour requirement into 8/2; I would be at home for the next few days and would receive sufficient rest. Additionally, the receiving facility would not allow me to stay any longer, so I decided to split the 10 hours. My trailer was empty and I was using Personal Conveyance time so I could commute to my residence. In his remarks on the commercial motor vehicle citation form, which is attached below, he refers to incorrect times that are not present on my ELD logs. For example, I set Sleeper Berth status at 11:04pm on April 18th and switched to Off-Duty/Personal status at 7:04am on April 19th, but he refers to the "Unloaded & Signed Out" time (6:30am) on the bill of lading which does not match with the ELD. In his words describing the situation, "he then begun driving again without a ten hour break and using personal conveyance again to go home instead of stopping to rest at the first location reasonably available." He told me that I cannot split the 10-hour off-duty period, but the Sleeper Berth Provision of the FMCSA clearly states that I have the legal right to do so as long as I have at least 7 consecutive hours. Regarding the 30 minutes of Personal Conveyance time on April 18th, the officer mentioned that I went over the 11 hour driving limit. I was in heavy traffic and there were no empty parking locations nearby, so I decided to use PC to go directly to the receiving facility and stop to rest there since it was also close. I believe that the citation was not entirely reasonable, and therefore I am requesting a review of it.

Thank you,
Slavisa Vanovac

REMARKS

On 04/19/2026 at approximately 8:22 AM, I observed the above CMV traveling west on I-4 by mile 17 in Dover, FL. I stopped the CMV as it exited I-4 at EXIT 14. The CMV was truck tractor (GVWR 52,000 lbs.) with a semitrailer (GVWR 68,000 lbs.). The driver's electronic log and bill of lading showed that the driver had picked up cargo in Wheeling, IL on 04/17/2026 and delivered it to the ALDI in Haines City, FL.

During the inspection, I found that on 04/18/26 at 22:34 hrs. the driver put himself in OFF DUTY status in Davenport, FL (2,173,369 miles) when he had been driving for 10 hours and 49 minutes since his last ten hour break. He continued to driver to Haines City, FL in Personal Conveyance, where he then put himself in SLEEPER BERTH status at 23:04 hours (2,173,383 miles). Then on 04/19/26 the driver's bill of lading showed he was "Unloaded & Signed Out" at 6:30 AM. The driver then put himself in OFF DUTY status and began driving in Personal Conveyance. When I spoke to the driver he said that he was made to leave the ALDI in Haines City, FL before his 10 hours rest was completed and that he was driving home to Hudson, FL and was using Personal Conveyance because the semitrailer was empty. The driver's log and bill of lading showed that the driver had used personal conveyance on 4/18 to driver beyond his 11 hour driving limit. He then begun driving again without a ten hour break and using personal conveyance again to go home instead of stopping to rest at the first location reasonably available.

The driver was placed OUT OF SERVICE for 10 hours and the motor carrier was assessed a penalty of $100.00

Question 26: Under what circumstances may a driver operate a commercial motor vehicle (CMV) as a personal conveyance?

Guidance: A driver may record time operating a CMV for personal conveyance (i.e., for personal use or reasons) as off-duty only when the driver is relieved from work and all responsibility for performing work by the motor carrier. The CMV may be used for personal conveyance even if it is laden, since the load is not being transported for the commercial benefit of the carrier at that time. Personal conveyance does not reduce a driver's or motor carrier's responsibility to operate a CMV safely. Motor carriers can establish personal conveyance limitations either within the scope of, or more restrictive than, this guidance, such as banning use of a CMV for personal conveyance purposes, imposing a distance limitation on personal conveyance, or prohibiting personal conveyance while the CMV is laden.

Examples of Appropriate Uses of a CMV While Off-duty for Personal Conveyance

The following are examples of appropriate uses of a CMV while off-duty for personal conveyance include, but are not limited to:

1. Time spent traveling from a driver's en route lodging (such as a motel or truck stop) to restaurants and entertainment facilities.
2. Commuting between the driver's terminal and his or her residence, between trailer-drop lots and the driver's residence, and between work sites and his or her residence. In these scenarios, the commuting distance combined with the release from work and start to work times must allow the driver enough time to obtain the required restorative rest as to ensure the driver is not fatigued.
3. Time spent traveling to a nearby, reasonable, safe location to obtain required rest after loading or unloading. The time driving under personal conveyance must allow the driver adequate time to obtain the required rest in accordance with minimum off-duty periods under 49 CFR 395.3(a)(1) (property-carrying vehicles) or 395.5(a) (passenger-carrying vehicles) before returning to on-duty driving, and the resting location must be the first such location reasonably available.
4. Moving a CMV at the request of a safety official during the driver's off-duty time
5. Time spent traveling in a motorcoach without passengers to en route lodging (such as motel or truck stop), or to restaurants and entertainment facilities and back to the lodging. In this scenario, the driver of the motorcoach can claim personal conveyance provided the driver is off-duty. Other off-duty drivers may be on board the vehicle, and are not considered passengers.
6. Time spent transporting personal property while off-duty.
7. Authorized use of a CMV to travel home after working at an offsite location.

MEMORANDUM FOR RECORD

SUBJECT: Florida Highway Patrol – Commercial Motor Vehicle Citation Protest

1. JDPL Logistical Services, LLC would like to submit a request to be placed on the agenda of the CMVRB.

2. Company Information
   a. USDOT# **4375870**
   b. MC# **1714623**
   c. Name of company: **JDPL Logistical Services, LLC**
   d. **Citation Number: 000921341**

3. Explanation of protest:
   a. On 4/7/2026 my driver Jalen Turner received an overweight citation at location code 118S, road I-75, in the city of Wildwood, FL at the time of 20:40.
   b. Based on the breakdown of the certified weight that was given to him at the time of stop, we are confident that the weights outlined were incorrect. (See attached)
   c. This load picked up in Texas and was scheduled to deliver in Tampa, FL. We passed through numerous weigh stations and were never overweight at any of them.
   d. After leaving this weigh station I immediately instructed the driver to go conduct a re-weight at a certified CAT scale as supporting evidence to this protest and those results showed that we were not overweight. Please see attached CAT weigh receipt and notice the time of weigh compared to the time the citation was issued. Nothing changed with regards to the truck nor the load being transported.
   e. We are a Non CDL operating business and understand the rules that govern. We would never accept a load that would put us over 26000 lbs. We tell all brokers that we cannot scale more than 9k lbs. which would leave enough overhead coverage to not be overweight at any given time.
   f. I ask that this citation be thrown out or we have the chance to plead our case before the CMVRB.

4. The point of contact for this memorandum is the undersigned at 912-492-5646 or at jaydayprosperousliving@gmail.com.

Subject: Formal Protest Explanation
Attachments: Commerical Motor Vehicle CitationPermit.pdf; IFTA License .pdf

Dear Members of the CMVRB,

I am writing to formally submit my protest regarding citation #000923477 issued for not having a current paper copy of the 2026 IFTA license. I respectfully request a review of my case based on the following information.

On April 16, 2026 at 6:17pm on I-95, MM 112, SB Weigh Station in Palm City FL, Christopher Andrews was cited for operating a commercial motor vehicle without a current paper IFTA license. The tractor and trailer were both registered out of Pennsylvania with 2026 PA IFTA decals on both sides of the tractor.

There was no intent to operate outside of compliance, and we have consistently made efforts to adhere to all regulatory requirements. The lapse in the IFTA license was unintentional and may have been the result of an administrative oversight.

Upon becoming aware of the issue, we made sure the current IFTA license is now in Christopher's truck. I have also attached a copy of our current IFTA license.

I respectfully request that the Board consider these circumstances, including my prompt efforts to resolve the matter and my otherwise compliant record. Based on this information, I am requesting consideration for dismissal of the penalty associated with this citation.

Thank you for your time and consideration of my case. Please let me know if any additional information is required.

Sincerely,

Greg McCLure

CASE
26-06-088

Dear Sir or Mam

April 21, 2026

Im sending this letter to contest and Protest the excessive Penalty and fines imposed with citation # 000915572 issued 3-8-26. I was issued this citation for expired registration and no 2026 IFTA decal.
This problem originated due to miscommunication with the TN/TAP Department of Revenue, Motor Carrier Division. The IRP registration and the IFTA licence had been paid in full and was in compliance. I got no notification from the dept of Revenue that my aplication was not being processed. They claim that this problem ocurred due to a new truck being put into service and the older truck being remov from service. They claim they had no information on the new truck being put into service March of 2025, I was able to dispute their claim by sending the Copy of my 2025 Registration with the new truck listed as the registered vehicle. Im enclosing a copy of this registration. The Dept. of Revenue should be recieving this citation.

The more punishing part of the citation is the way my vehicles GVWR was reduced to 35K lbs. due to the administrative issue. The safety and GVWR of my truck + trailer is in no way effected by my delinquent registration. The $783.00 fine can be viewed as a blatent money grab by the state of Florida. I take safety and Compliance very seriously at Gator Ace Transportation, This money grab penalty creates a huge financial burden on a already struggling bussiness in this industry I believe I am creating a valuable service to the state of Florida by delivering these necessary building products. Please do the right thing, allow for some leniency and return the monies paid on this citation.

Please notice the change of vehicle info. 24 vs 25, All IFTA + IRP are compliant and up to date.

Expired Registration less than 90 Days: (truck tractor semi-trailer) LADEN
Vehicle is a 5 axle truck tractor semi-trailer combination with a wheelbase of 63' hauling floor tiles, weighing 50,660 lbs. Vehicle is operating on a TN registration that expired on 2/28/2026. With an expired registration the maximum weight for a laden truck tractor/semi-trailer is 35,000 lbs. making the vehicle 15,660 lbs. overweight. Penalty assessed at $.05 per pound for a total penalty of $783.00 .
As the registration has been expired less than 90 days, penalty is capped at $1,000.00 .

The driver was given a "Not Apportioned for Florida Explanation".

Driver has been advised that it is a violation of Florida law to operate a commercial vehicle with an expired registration and that continued travel could result in further action from other law enforcement agencies.

IFTA
Vehicle is operating with a TN registration. Vehicle has no current IFTA license or current IFTA decals displayed, and no temporary Florida IFTA permit on board at time of stop. A temporary 10 day Florida IFTA permit was issued for a fee of $45.00 and a $50.00 penalty for the violation. Total penalty assessed at $95.00

Re: Protest of Commercial Motor Vehicle Citation / Permit
Citation Number: 000923654
Date of Citation: April 21, 2026
County of Stop: Escambia County, Florida
USDOT #: 3586122

To the Commercial Motor Vehicle Review Board:

Please accept this formal protest on behalf of AAA Freight Movers LLC regarding Citation Number 000923654 issued by Florida Highway Patrol Commercial Vehicle Enforcement.

Our company maintained a valid IFTA account effective February 2026. Prior to the stop, we completed the necessary compliance process; however, receipt of the physical IFTA decal was delayed after our payment check was lost in transit through the mail.

This matter was the result of an administrative mailing delay rather than any intentional failure to comply with IFTA requirements. We have since received the required decals and credentials. Additionally, our company timely filed its first quarter IFTA return, further demonstrating continuous good-faith compliance.

Based on the foregoing, we respectfully request dismissal of this citation or, alternatively, a substantial reduction of any assessed penalty.

Enclosures:
1. Proof of active IFTA account
2. Current IFTA license
3. Decal issuance/receipt documentation
4. First quarter IFTA filing proof
5. Copy of citation

Thank you for your time and consideration.

Respectfully submitted,

Elizabeth Mendoza

I would like to protest this citation, the citation is not based off facts. I have attached the weight ticket from the dump during this inspection. Please review it. I also was under 26,000 lbs which a CDL is not needed for do not get hired for jobs, this is all personal use for my remodel business to remove debris from properties, we do not carry heavy loads over 26,000 lbs, the law is detailed and concrete, so this citation. Should be factual. Thank you

Re: Protest Citations

:000924537
:000920882

Good Day Board Members:

Requesting a Hearing to Protest the above referenced 2 citations and the variance of payments connected with the citations.

This request is based on the fact the IFTA payments were paid to the State of Florida for the miles traveled in the state and proof of payments are attached this letter.

Proof of the Correction of Plates are also attached showing Permanent Registration of the 2 Trucks has recently started allowing for dismissal of the 2 citations. Relevant to Florida statue 318(14)4.

Also, the use of the 2 Trucks in the State of Florida was with Good Faith as the Temporary Tags provided did not show Florida as being exempt from its commercial activity or application. Attached are pictures if the temp tags.

Also, the citations issued have an improper code of R3 listed which no formal statue could be found.

Kindly, request the Board Members for a dismissal of both citations.

THANK YOU
Eldon Bullen

REMARKS

A Tennessee based 60 foot, 5 axle truck tractor/semi trailer hauling Coca-Cola products to Dunn, NC was operating in Florida while not apportioned. Vehicle was operating on a Tennessee temporary straight plate. The legal weight for a loaded truck tractor/semi trailer is 35,000 lbs. The vehicle weighed 75,440 lbs., making the vehicle 40,440 lbs. over weight @ $0.05 per lb. The VIN was verified in front of the driver. Both the tag and VIN were entered into NCIC with no apportioned information returning. The total weight penalty assessed was $2,022.00.

The driver failed to produce any temporary IFTA/IRP permits at the time of the stop.
To make legal a 10 day IRP for a $30.00 penalty was issued.

Also, the vehicle was operating in Florida with no (current or past year) IFTA license, stickers or permits on vehicle (Visually Checked.). To make legal, a 10 day IFTA was issued for a $45.00 fee and a $50.00 penalty.

Gave the driver a copy of the Not Apportioned for Florida Explanation. _____.

All Copies on File.

Re: Protest Citations

:000924537
:000920882

Good Day Board Members:

Requesting a Hearing to Protest the above referenced 2 citations and the variance of payments connected with the citations.

This request is based on the fact the IFTA payments were paid to the State of Florida for the miles traveled in the state and proof of payments are attached this letter.

Proof of the Correction of Plates are also attached showing Permanent Registration of the 2 Trucks has recently started allowing for dismissal of the 2 citations. Relevant to Florida statue 318(14)4.

Also, the use of the 2 Trucks in the State of Florida was with Good Faith as the Temporary Tags provided did not show Florida as being exempt from its commercial activity or application. Attached are pictures if the temp tags.

Also, the citations issued have an improper code of R3 listed which no formal statue could be found.

Kindly, request the Board Members for a dismissal of both citations.

THANK YOU
Eldon Bullen

Subject: Protesting #000917845
Attachments: FL Citation for PRIMO overweight load 6-5-2024.pdf; Overweight citation ticket 3-26-26.pdf; Overweight ticket 32626.pdf

Good Afternoon Team,

The purpose for this email is to protest citation number 000917845. I know it has passed the 15th of April already; however, prior to that deadline, I did call and spoke with a representative about protesting this cost, and I've just spoken to another (Logan) as well.

My main concern with this citation is the legal limit. I do have a 26,000 pounds box truck and unfortunately that day I was overweight based on the calculation at the weigh station. Now I can recall in 2024 as I entered Florida the representative notified me that I was overweight which was my first time and I didn't understand why. How could it be when the broker told me that I was picking up a load that was less than 10,000 pounds. At that time they put the legal weight at 26,000 pounds and calculated every pound over the 26,000 pounds and I understood it, the customer paid for it. In 2024 I had a different license plate number however it is the same type of commercial license plate that I currently have.

My recent weight amount was calculated based on the legal limit of 10,000 pounds versus 26,000 pounds and that is what I am protesting. Could you please kindly help to reduce the cost by increasing the legal limit to 26,000 pounds?
I cannot understand how 2024 is at 26,000 pounds which is correct and now 2026 it's 10,000 pounds, which to me is incorrect. Please help. This does weigh heavily on the FMCSA safety score for the company I drive for, C4 Transportation Inc 1152645.

Please see the attached documents for 2024 and 2026. In advance, thank you and God bless you.

REMARKS

Straight truck weighing more than 26,001 pounds operating on a Ga Straight plate without a apportioned Cab card with Florida listed. Truck weighed at 30,440 pounds took back to less legal weight of 10,000 pounds per F.S.316.545 leaving over weight at 20,440 pounds @ .05 cents per pound =$1,022.00 dollars. Truck did not have any 2026 IFTA decals on truck at time of stop Issued a trip and fuel permit good for 10 days for $125.00 dollars. Truck had DOT number 3496677 to C4 transportation on side of truck but driver / owner did not have a lease agreement between the two so issued citation to the owner / driver of the truck. Gave copy of the letter for Not apportioned for Florida Explanation letter.

CASE
26-06-095

Commercial Motor Vehicle Review Board

Florida Department of Transportation

Date: April 22, 2026

RE: Protest of Citation/Permit No. 000921324

Carrier: One Step Transportation LLC (USDOT: 4060151) Driver: Trayvon L. Tyler

To the Honorable Members of the Commercial Motor Vehicle Review Board,

One Step Transportation LLC formally protests the assessments totaling $1,100.00 issued on April 7, 2026. We respectfully request a dismissal of the dimensional penalties based on the following evidence:

1. Presence of a Valid Annual Blanket Permit (No. 2568576-2025-0001) At the time of the inspection, the vehicle was covered under a valid State of Florida Oversize/Overweight Specific Blanket Permit, effective from 10/16/2025 to 10/16/2026. This permit explicitly authorizes the transport of construction/industrial equipment for the specific VIN involved (3AKJHHDR1PSNV9468).

2. Documented Compliance with Permit Dimensions While the officer cited the vehicle for exceeding height and width after nullifying a separate trip permit, our Annual Blanket Permit allows for the following dimensions:

- Width: Up to 12 FT 0 IN.
- Height: Up to 13 FT 6 IN.

Enclosed photographic evidence taken during the stop demonstrates that the load was measured by the driver and found to be compliant with these authorized annual limits. The height was measured at approximately 13 feet 2 inches to 13 feet 4 inches, well within the 13 FT 6 IN threshold granted by our annual permit.

3. Request for Reclassification of the Routing Error We acknowledge the driver was found on US-27 Northbound, which the officer deemed "off-route" for the temporary trip permit. However, since the vehicle was simultaneously covered by a valid Annual Blanket Permit allowing these dimensions on the State Highway System, we argue that the heavy $1,000.00 dimensional fines are inapplicable.

Conclusion: We respectfully ask the Board to recognize the standing of Annual Permit No. 2568576-2025-0001 and dismiss the $750.00 and $250.00 safety assessments. Regarding the CDL restriction, the driver has taken immediate corrective action to ensure constant compliance with the corrective lens requirement.

Thank you for your consideration.

Sincerely,Management, One Step Transportation LLC

REMARKS

Driver/CMV stopped for inspection FSS 316.302(9) and check oversize load permit. Driver identified by IL CDL and photo matched. Driver CDL shows restriction B-Corrective Lenses. I asked the driver if he had corrective lenses due to not seeing any. Driver advised he did not have his glasses and wore contacts. I asked if he had contacts in and he advised no, I'm not going to lie. Driver was issued UCC and placed out of service until wearing corrective lenses as required by CDL/medical card.

On his phone he produced the following documents:
Illinois IRP
BOL which was not readable. Advised he loaded in Davenport, FL going to Greenfield, Ohio.

Florida Trip Permit 2643132-205-0001
Allowed 10' wide and measured including the load 11' wide. (Null void permit fine $750.00)
Allowed 13' 6" high and measured including the load 13' 10" high. (Null void permit $250.00)
Driver/load was off rout listed on permit and on US-27 northbound in Groveland Florida.
Trip permit was null voided and UCC issued for over width and hight violations.

Driver was instructed to obtain another valid permit before moving or face more penaltys.

From: Jose Pagan <pagantowing@gmail.com>
Sent: Monday, April 27, 2026 3:07 PM
To: Commercial Vehicle Review Board
Subject: Request of Hearing Citation# 000922702

Good afternoon,

I respectfully request an administrative hearing regarding the above-referenced citation issued to our company involving a 2015 Kenworth wrecker towing a disabled recreational vehicle.

At the time of the stop, our driver was transporting a disabled RV when it was determined at the weigh station that the required permit had not been obtained prior to travel. Upon notification by enforcement personnel, the driver immediately corrected the oversight by securing the appropriate permit while still present at the weigh station before continuing the trip.

This matter was not the result of intentional noncompliance or deliberate avoidance of Florida permitting requirements. Rather, it was an administrative oversight that was addressed immediately upon discovery. Our company and driver acted in good faith to resolve the issue as quickly as possible and ensure full compliance before proceeding further.

We respectfully request consideration of the following mitigating factors:

- The vehicle being transported was disabled.
- The proper permit was obtained immediately upon notification.
- The violation was corrected on site before further travel.
- There was no continued operation without compliance after the issue was identified.
- The matter resulted from administrative error rather than willful misconduct.
- Our company has reinforced internal permit verification procedures to prevent future occurrences.

We fully recognize the importance of compliance with Florida's size and weight permitting laws and are committed to maintaining full adherence to all applicable regulations.

Given the prompt corrective action taken and the absence of intentional wrongdoing, we respectfully request reduction, dismissal, or other discretionary relief regarding the citation and associated penalties.

Thank you for your time and consideration. Please advise us regarding the next steps and the hearing process.

Sincerely,

--

REMARKS

84 Foot 5 Axle Red Kenworth Straight truck (tow truck) towing a (Large Tour Bus) was weighed at I-95 Flagler Beach Northbound scale 2 and was found to be 85,860 pounds.

Driver produced a valid (FL) Non-Apportioned truck registration. Driver had NO Permits.

The vehicle bearing (FL) Non-Apportioned Tag # P0014J was weighed in at 85,860 pounds. Legal GVW of 80,000 pounds was subtracted from actual weight of 85,860 pounds resulting in an overweight violation of 5,860 pounds. Per Florida Statute 316.545(2)(b) assessed a penalty of $ .05 cents per pound resulting in a total weight violation assessment of $ 293.00 .

The vehicle was weighed in at 49,560 pounds on the DRIVE Tandem-axle group # 2. Legal weight of 44,000 pounds was subtracted from actual DRIVE Tandem-axle group # 2 weight of 49,560 pounds resulting in an overweight axle violation of 5,560 pounds. This penalty was not assessed as per F.S the greater penalty is cited.

The straight truck towing a (Large Tour Bus) was measured for length in driver's presence and found to be 84 Feet 2 Inch's in extreme overall dimension's, with 3 inch tolerance subtracted, resulted in a final measurement for length of 83 Feet 11 Inch's. Per F.S 316.515(3) straight truck with trailer combination may not exceed 68 feet in extreme overall dimensions, including load carried thereon. Legal length of 68 feet subtracted from actual length of 83 Feet 11 Inch's for an over length violation of 15 Feet 11 Inch's. Per F.S 316.516 4(b)(3) Penalty assessed at Two hundred and fifty dollars for length limit violations of greater than 10 feet, plus $250 for every additional foot or any portion thereof that exceeds 11 feet over the length limit. Total penalty assessed at $ 1,500.00 .

Total Weight and Safety Penalty assessed-$ 1,793.00

DRIVER WAS ADVISED TO CORRECT TO LEGAL WEIGHT AND/OR OBTAIN OVERWEIGHT/OVER-DIMENSIONAL PERMIT.

NOTE:
- Driver had NO Permits at time of stop.
- Driver was towing the bus from a private residence in Sorrento FL to Port of Jacksonville for transport to Costa Rica.

CASE
26-06-097

Hello Dear sir/ma'am! I hope you are doing well. I am Faridullah Almarwal, working as a truck driver and owner operator under my authority (FARID SPEEDY LOGISTICS INC MC1662661/DOT4035489). I recently purchased this vehicle, and I successfully did all the paperwork that is legally needed to be done. I requested the IFTA stickers from the comptroller's office, the beautiful state of Texas. You can get over to IFTA department of Texas to confirm the request, I put for IFTA stickers before all this happened. and they can provide additional information if needed. It was my first trip on this truck but since I was managing lots of things. I forgot to put the stickers on the sides of the truck. And I did explain to the officer that we have requested the stickers, and We do have a Valid IFTA License in our truck. And he advised me to request a hearing from the great office of CMVRB. And thanks a lot, from CMVRB, that we still have a second chance to request a hearing for removing or mitigating the traffic violations or citations to prevent points on my CDL and CSA score.

I am very kindly requesting from the great department of CMVRB of Florida to kindly remove this Citation/Permit or mitigate it at my convenience. I will make sure never to never happen something like this again.

I created a priority checklist for every single paperwork& everything needed in trucking industry to improve my safety score after this citation/permit to prevent future violations.

I can email a copy of the valid IFTA license, Photos of the truck showing IFTA stickers on both sides as needed.

I hope to hear a great news back from CMVRB

Regards

Farid

Subject: Subject: Formal Protest – Request for Full Dismissal – Citation No. 000912691
Attachments: protestcitation000912691.pdf

To Whom It May Concern,

I am writing on behalf of M | O Construction, LLC to formally protest Citation No. 000912691 issued on March 6, 2026, in Escambia County, Florida.

Upon review of the citation and supporting documentation, it is clear that the violations cited were based on an incorrect determination of the vehicle's registration status and weight classification.

At the time of the stop, the vehicle was operating under a valid International Registration Plan (IRP) cab card with an expiration date of March 31, 2026, and IFTA license with an expiration date of 12/31/2026. The driver presented an electronic copy of both the IRP cab card registration and IFTA license per FL statute 320.0605. Therefore, the registration was active and compliant on the date of inspection. We do keep paper copies in each vehicle, he was just unable to locate it.

The vehicle was properly registered at a combined gross weight of 73,280 pounds. At the time of inspection, the vehicle's actual weight was approximately 48,500 pounds, which is within its legal operating capacity.

We respectfully request:

- Full dismissal of all violations associated with this citation, including the overweight assessment, and a refund of the $2023.00 fine/permit/fee cost that was paid on 03/18/26.

We are attaching the citation, payment confirmation, and the supporting documentation, including the valid IRP cab card and IFTA license, for verification.

Thank you for your time and consideration.

Sincerely,

Christy Hilliard

REMARKS

CMV STRAIGHT TRUCK LADEN WITH CONCRETE WAS STOPPED FOR CVSA INSPECTION ON US-90A AND BELL RIDGE DRIVE. CMV WAS INVOLVED IN INTRASTATE OPERATIONS IN THE PENSACOLA, FL AREA. CMV WAS REGISTERED WITH ALABAMA APPORTIONED TAG "1199403." DRIVER WAS UNABLE TO PROVIDE ME REGISTRATION INFORMATION AT THE TIME OF INSPECTION. PER FCIC/NCIC, REGISTRATION WAS EXPIRED AS OF 3/31/25. VERIFIED BY DISPATCH OUT OF ALL 50 STATES. CMV WAS WEIGHED UTILIZING MY CERTIFIED PORTABLE SCALES AND HAD A GVW OF 48,500 LBS. DUE TO EXPIRED REGISTRATION, CMV'S LEGAL WEIGHT WAS LOWERED TO 10,000 LBS. MAKING CMV OVERWEIGHT BY 38,500 LBS. A 5 CENT PER POUND FINE WAS ACCESSED AT $1,925. AFTER CMV WAS WEIGHED, DRIVER RECEIVED A PICTURE ON HIS PHONE OF CURRENT REGISTRATION PAPERWORK. AT THE TIME OF INSPECTION, I WAS NOT ABLE TO VERIFY WITH ALABAMA IRP AND WE DO NOT ACCEPT PICTURES AS VALID REGISTRATION. CMV ALSO DISPLAYED EXPIRED IFTA DECALS AND DRIVER COULD NOT PROVIDE CURRENT IFTA CERTIFICATE/PERMIT. THEREFORE, A 10 DAY $45 PERMIT WAS ISSUED AND A $50 FINE WAS ACCESSED. DRIVER WAS EXPLAINED PAYMENT AND PROTEST OPTION.

It is the registrant's responsibility to ensure that the information listed on the IRP cab card is correct.

The apportioned registration cab card must be carried in the vehicle to which it is issued. It may be shown as an electronic image on a computer, tablet, smart phone, or as a paper copy, and must be presented on demand for inspection by law enforcement officers.

Alabama law requires that current proof of liability insurance coverage and a current and valid registration receipt be carried within the vehicle.

Possession of this document declares that the registrant has knowledge of federal motor carrier safety regulations and federal hazardous materials regulations adopted by the state of Alabama.

IFTA License

IFTA License #	Effective Date	Expiration Date
AL84423340501	01/01/2026	12/31/2026

This license is issued under the terms of the INTERNATIONAL FUEL TAX AGREEMENT (IFTA) and is valid for vehicles operated by the registrant name in all IFTA jurisdictions.

The Alabama IFTA license and decals serve as proof that you have been registered under the IFTA provisions with the state of Alabama. **This license may be shown to law enforcement as an electronic image on a computer, tablet, smart phone or as a paper copy and must be provided in each IFTA qualified vehicle.** This license is not transferrable between carriers. Each qualified motor vehicle will be issues two fuel decals. One decal must be placed on the exterior portion of both the passenger and driver side of each vehicle. Failure to display the fuel decals in the required location may result in the issuance of a citation and/or additional fuel purchase requirements.

In accordance with Alabama Department of Revenue Administrative Rule 810-5-9-.10, IFTA Quarterly Fuel Tax Returns, you are required to electronically file an International Fuel Tax Agreement (IFTA) quarterly fuel use tax return. **A tax return must be filed even if you do not operate during the reporting period.** You are required to maintain mileage, fuel, and bulk storage records to support the information reported. You must retain these records and copies of the tax returns for a period of four years from the due date of the return or the date the return was filed, whichever is later. You may cancel the IFTA account by submitting a written request for cancellation. The department will cancel the account provided no liabilities or delinquent returns are outstanding. Please include your client ID on all correspondence forwarded to the Motor Vehicle Division.

Carriers renewing their IFTA license and decals have a two-month grace period (January and February) to display the renewal IFTA license and decals. To operate in IFTA jurisdictions during this grace period, carriers must display either current or prior year IFTA license and decals from the jurisdiction in which they were operating or a valid single trip permit from the IFTA jurisdiction in which they are operating. If you have any questions regarding IFTA requirements, Call (334)-242-9000, option 4.

Good morning,

I submitted an appeal via the FL DOT website but never received a confirmation email.

I am writing to formally dispute the overweight assessment associated with Citation #000918352 issued to Beach Lumber LLC on April 4, 2026, in Escambia County, Florida.

The vehicle's total scaled weight was 38,320 lbs, which is well within its normal and legal operating capacity when properly registered.

We acknowledge the IRP registration lapse, however, this was an administrative oversight that was corrected immediately. The IRP registration was renewed within the same week, and the vehicle has since remained in full compliance. This was not an intentional violation.

Given that:

- The vehicle was operating within safe and standard weight limits for its configuration
- The overweight assessment resulted solely from a temporary registration lapse
- The IRP registration was renewed within the same week as the citation
- Immediate corrective action was taken

We request reconsideration and reduction or dismissal of the $1,416 overweight penalty.

We appreciate your time and consideration and are happy to provide documentation of the renewed IRP registration or any additional information needed.

Thank you,

Syerra Cooney

SUBJECT: Response to Vehicle Citation No. **#000923911**

To Whom It May Concern,

We are writing in response to the vehicle citation issued on 4/21/26 for Failure to Register violation (390.19) involving our vehicle, **license plate #B1662150**.

We respectfully request a review of this citation. On the date in question, we were in the process of retaining our USDOT Number along with our UCR Registration. The USDOT and UCR registration is attached for your reference.

We understand the importance of traffic safety and compliance with the law. We kindly ask that you consider dismissing the violation of Failure to Register (390.19) for $500.00 based on the facts provided above along with our attachments showing we are in good standing.

Thank you for your time and consideration. We look forward to your response.

Sincerely,

Reed Hawkins

REMARKS

CMV straight truck, laden, in Interstate operations from MS to FL was stopped for a CVSA inspection with a GVWR of 12,000lbs. The inspection was conducted in accordance with F.S. 316.302(9) & 316.545(1). During the inspection the CMV driver was unable to provide a valid USDOT number for the carrier when conducting INTERstate operations. Further the CMV driver does not possess a valid Medical Certificate when conducting INTERstate operations. The carrier is assessed the below listed penalties in conjunction with the inspection:

1) Medical Certificate: $100.00 (Out of Service).
2) No USDOT: $500.00

The total assessment to the carrier is $600.00 with the driver advised of payment, protest, & continued operations while OOS will result in additional penalties including criminal sanctions

EXTERNAL SENDER: Use caution with links and attachments.

I was traveling on 75 South leaving Tifton, GA headed to Savannah, GA on 4-17-2025. I wanted to take a highway route that was safer than the back roads due to the deer crossing and time frame of travel. So I thought too take 75S to I-10, then pick up on 96N on the back end, not knowing whats to come.

Coming through Florida the first weigh station in Lakeland was closed, then theres an Agricultural Weigh Station right off 75S. I've come through here before on other occasions with no hesitation and get waved through. On this day FHP Officer Simmons directed me to the side not detailing his reasons for pulling me over, but said "he'll tell me in a minute." He starts an inspection and again I ask "what did I do wrong Officer?" He said "your not legally allowed to drive in the state of Florida with those For Hire plates and you should have gotten a pass at that weight station!" "Sir, the weigh station was closed and I wasn't able to get that pass, can you right me that pass now because I was unaware of that?" He went on to say, "well they must've went to the bathroom, so here we are and I'm not writing it."

He went on with his inspection, in which I passed "Thank God." He also proceeded to pull some portable scales out to weigh my truck. I asked what are those plates, these are scales and I'm going to weigh truck and trailer, I stated "Sir I'm empty and I was just passing through and unaware of everything going on especially this permit needed." "Sir you can tell by our conversation I truly didn't know, can I just pay for the permit with you?" He then stated "not knowing is not an excuse", then referred me to Ralley McNalley rule book and I was like really Sir!" He explained his reasoning for what he was doing and FHP laws. Then stated when he saw me pulling in, he knew he had to get me wirh that white For Hire plate!" Me completely unaware!

Officer Simmon went on to saying "whoever you work for should have to you state by state laws and made sure you had the right plates!" I stated Sir I'm a retired Army Vet trying to get into this trucking industry and learning and thanks for your references of rules." Officer Simmons stated this is going to be an expensive lesson for you of $1500 dollars and you could've paid $30, then he laughed!" I'm floored now, like wow and he proceeded to break down the pounds and .05 cent he's charging me for being over.". "Oh by the way, I gave you a 10 day pass in case you hit another weight station and you drive safe, then walked off.

I just feel this could have been avoided at the time, he knew I was completely unaware.

vr,

Michael

We are an equipment dealer in upstate NY, and we were picking up a unit from Petersen Industries in Lake Wales Florida that we brought back to NY to sell. We were told we needed an apportioned plate but if we register this vehicle, it will no longer be a new unit.

I was able to speak with a very nice Gentlemen from your office, and he escalated me to Lt. Hightower. After speaking with Lt. Hightower, he referred to Title 320.0715 paragragh 5

(5) The provisions of this section do not apply to any commercial motor vehicle domiciled in a foreign state that enters this state solely for the purpose of bringing a commercial vehicle vehicle in for repairs, or picking up a newly purchased commercial vehicle, so long as the commercial vehicle is operated by its owner and is not hauling a load.

Thank you for your consideration on this Citation.

REMARKS

A weight and safety inspection was conducted on a 2 axle straight truck. According to the driver , he flew down from New york to pick up the CMV from the manufacturer. The driver was driving the CMV back to New York, to the dealership. The driver provided documentation from where he picked up the CMV, Petersen Industries in Lake Wales. I spoke with the boss. He said he didn't outright buy the CMV, so he can sell it at his dealership as a new CMV. The driver provided a New York Dealer tag, 8112493. The CMV was dropped to 10,000lbs, as improper registration. UCC
I took pictures of the vehicle and VIN plate, the dealer license plate and documents provided by the driver.

PAGE 3 OF 5

The 2025 Florida Statutes

320.0715 International Registration Plan; motor carrier services; permits; retention of records.—

(1) All apportionable vehicles domiciled in this state shall be registered in accordance with the International Registration Plan and shall display license plates.

(2)(a) An International Registration Plan motor vehicle trip permit registration may be issued for any vehicle which could be lawfully operated in the International Registration Plan jurisdiction if full registration or proportional registration were obtained. A Florida trip permit shall expire 10 days after issuance. The cost of a trip permit shall be $30, payment of which shall exempt the vehicle from payment of Florida apportioned license plate fees during the term for which the permit is valid. Any vehicle for which a trip permit has been issued may be operated in interstate or intrastate commerce in the jurisdiction for the period allowed under such permit. No motor carrier to whom a trip permit is issued shall knowingly allow the permit to be used by any other person, organization, or vehicle.

(b) A motor carrier may, upon payment of the $30 fee, secure from the department or a designated authorized agent of the department a Florida International Registration Plan motor vehicle trip permit which shall be valid for 10 days. Such trip permit shall show the name and address of the motor carrier to whom it is issued, the date the vehicle is placed in and removed from service, a complete identification of the vehicle on which the permit is to be used, and the name and address of the owner or lessee of the vehicle. The permit shall then be carried on the vehicle which it identifies and shall be exhibited on demand to any authorized personnel. The motor carrier to whom a permit is issued shall be solely responsible for the proper use of the permit by its employees and lessees. Any erasure, alteration, or unauthorized use of such permit shall render it invalid and of no effect. Florida International Registration Plan motor vehicle trip permits may be transmitted to the motor carrier by electronic means and shall be complete as outlined by department personnel prior to transmittal.

(c) Special temporary permits shall be provided to owner-operators not operating as a lessor, for a fee of $5. Such permit shall be valid for 10 days and shall only be utilized for owner-operator vehicles with a registered gross weight not in excess of the empty or unladen weight of the vehicle. Special temporary permits may be issued by the department or by any of its designated authorized agents. A special temporary permit may be transmitted to the owner-operator by electronic means and must be completed as outlined by department personnel prior to transmittal.

(3)(a) If the department is unable to immediately issue the apportioned license plate to an applicant currently registered in this state under the International Registration Plan or to a vehicle currently titled in this state, the department or its designated agent may issue a 60-day temporary operational permit. The department or agent of the department shall charge a $3 fee and the service charge authorized by s. 320.04 for each temporary operational permit it issues.

(b) The department may not issue a temporary operational permit for any apportionable vehicle to any applicant until the applicant has shown that:

1. All sales or use taxes due on the registration of the vehicle are paid; and
2. Insurance requirements have been met in accordance with ss. 320.02(5) and 627.7415.

(c) Issuance of a temporary operational permit provides registration privileges in each International Registration Plan member jurisdiction designated on said permit and therefore requires payment of all applicable registrat

fees and taxes due for that period of registration.

(d) Application for permanent registration must be made to the department within 10 days from issuance of a temporary operational permit. Failure to file an application within this 10-day period may result in cancellation of the temporary operational permit.

(4) Each motor carrier registered under the International Registration Plan shall maintain and keep, for a period of 4 years, pertinent records and papers as may be required by the department for the reasonable administration of this chapter.

(a) The department shall withhold registrations and license plates for commercial motor vehicles unless the identifying number issued by the federal agency responsible for motor carrier safety is provided for the motor carrier and the entity responsible for motor carrier safety for each motor vehicle as part of the application process.

(b) The department may not issue a commercial motor vehicle registration or license plate to, and may not transfer the commercial motor vehicle registration or license plate for, a motor carrier or vehicle owner who has been prohibited from operating by a federal or state agency responsible for motor carrier safety.

(c) The department, with notice, shall suspend any commercial motor vehicle registration and license plate issued to a motor carrier or vehicle owner who has been prohibited from operating by a federal or state agency responsible for motor carrier safety.

(5) The provisions of this section do not apply to any commercial motor vehicle domiciled in a foreign state that enters this state solely for the purpose of bringing a commercial vehicle in for repairs, or picking up a newly purchased commercial vehicle, so long as the commercial motor vehicle is operated by its owner and is not hauling a load.

(6) A motor carrier or vehicle owner whose registration has been suspended shall return his or her license plate to the department or surrender his or her license plates to law enforcement.

(7) The department shall deny registration if:

(a) The applicant fails to disclose material information required on the application;

(b) The applicant has applied in an attempt to hide the disclosure of the real party in interest who has been issued a federal out-of-service order; or

(c) The applicant's business is operated, managed, or otherwise controlled by or affiliated with a person who is ineligible for registration, including the applicant entity, a relative, a family member, a corporate officer, or a shareholder.

RE: Formal Protest – CMV Citation #000922568

To Whom It May Concern,

I am writing, as directed by your representative and the IRP representative at the time of the stop, to formally protest Citation #000922568 and respectfully request a reduction or full dismissal of the associated penalties. The relevant facts are as follows:

- Shipper-controlled load. The cargo , was packed and tendered entirely by the shipper. I had no role in loading or weighing the freight.
- No prior flags. I traveled over 1,500 miles and passed through multiple weigh stations without issue. No overweight finding was made at any prior station.
- Consistent lane, no prior citations. This is a recurring shipment from the same shipper to the same receiver. No other carrier on this lane has received an overweight citation. BOLs from prior shipments are available upon request.
- Immediate corrective action. Upon being informed of the IRP/IFTA deficiency at the stop, I obtained the required temporary permits before continuing operations.

The weight finding appears tied to the registration classification issue rather than an unsafe or excessive load. There was no intent to bypass any compliance requirement. I take legal and regulatory standards seriously, not merely as obligations, but as a reflection of how I personally conduct my business and represent my company on every road I travel. In my entire operating history, the only weight-related matter on record involves a 60 lb variance, a figure so narrow it falls within the margin of normal load shifting and scale calibration differences, and one I consider an anomaly rather than a pattern. It is not representative of how I operate. Since this incident, I have implemented pre-trip permitting and weight verification procedures to prevent recurrence.

I am enclosing the Bill of Lading and am available to provide any additional documentation. Please confirm receipt and advise on next steps.

Respectfully submitted,

Dejahn Hunt

Subject: Formal Protest of Citation #000923167

Owner/Carrier: Premier Auto Recovery LLC
Driver: Justan Harrison

To Whom It May Concern,

Premier Auto Recovery LLC hereby submits this formal protest regarding Citation #000923167, issued on April 21, 2026, at approximately 2:01 PM.

At the time of the stop, our driver had just completed a lawful repossession of a gooseneck-style car trailer (VIN: 4M9BG443XS1144308) at approximately 1:35 PM from 3460 Gustin Ln, Mulberry, FL 33860. Supporting documentation, including the repossession order, is attached for your review.

The trailer in question was empty and not carrying any cargo. According to Florida DMV records, the trailer has a net weight of approximately 7,000 pounds. The tow vehicle involved has a GVWR of 16,500 pounds.

The citation issued includes the following alleged violations:

- No CDL
- No Medical Certificate
- Failure to Register

We respectfully dispute these violations based on the following:

Premier Auto Recovery LLC is a licensed repossession agency. We do not operate as a for-hire towing service. At the time of the stop, the trailer was not being used in furtherance of commercial transportation. It had been lawfully repossessed and was being transported solely to our secured storage facility.

The movement of this trailer was incidental to the repossession process—not a commercial hauling activity. We were not using the trailer to transport goods, provide a service to the public, or generate revenue through its use. Its transport was strictly part of securing collateral on behalf of a lienholder.

Given these circumstances, we respectfully request clarification and consideration as to whether this situation qualifies for an exemption from CDL, medical certification, and registration requirements, as the vehicle was not engaged in traditional commercial motor vehicle operations.

Additionally, the inspection report noted a violation for defective brakes. We would like to address this as follows:

The trailer was equipped with a 7-pin round electrical connector; however, the wiring on the trailer had been cut prior to our possession, rendering the brake and signal connection inoperable.

As a repossession company, we take custody of units in unknown and often compromised condition. We were not aware of the wiring issue until after the trailer was secured.

Due to liability and safety concerns, we are unable to perform repairs on repossessed equipment in the field, as any damage could expose our company to claims if the debtor redeems the unit. Despite this limitation, our driver took reasonable safety precautions by installing wireless magnetic tow lights on the rear of the trailer to ensure proper brake lights, turn signals, and hazard signals were operational during transport.

We believe these actions demonstrate a good-faith effort to maintain safety under the circumstances.

Based on the facts outlined above, we respectfully request a full review of this citation and that it be dismissed or otherwise adjusted as appropriate.

Please confirm receipt of this protest and advise of any additional information needed to assist in your review.

Thank you for your time and consideration.

Sincerely,
Justan Harrison

REMARKS

(2) axle tow truck in combination with a (3) axle semi-trailer was stopped for inspection per F.S.S.316.302(9). CMV power unit has a GVWR (Gross Vehicle Weight Rating) of 16,500 lbs. and the semi-trailer has a GVWR of 12,000 lbs. equaling a GCWR (Gross Combination Weight Rating) of 28,500 lbs. CMV driver is required a Class A Commercial Driver's License (CDL) for the CMV combination. CMV driver produced a valid Florida Class E license at the time of stop. CMV driver does not meet any of the CDL exemptions of F.S.S.322.53. Penalty of $100.00 is assessed to the carrier and the CMV driver is placed OUT OF SERVICE.

Per F.S.S.316.302(2)(f), CMV driver is not exempt from 49 CFR 391.41 reference medical certificates. CMV driver does not have a medical certificate when required. Penalty of $100.00 is assessed to the carrier and the CMV driver is placed OUT OF SERVICE.

Per F.S.S.316.302(2)(f), CMV carrier is not exempt from 49 CFR 390.19 reference USDOT FMCSA registration. CMV carrier is required to display the carrier's name and the USDOT number of the carrier on both sides of power unit. CMV carrier does not have a USDOT number assigned. Penalty of $500.00 is assessed to the carrier.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 395.13, and Florida Statutes 316.302 and 316.70, I hereby notify and declare the driver: Justan Lee Harrison named on this report OUT OF SERVICE. No motor carrier shall permit or require this driver to drive or operate any motor vehicle until: Driver has Proper CDL Endorsement and Obtains a Medical Examiner's Certificate. WARNING: Violation of this order will subject the driver/owner to civil penalties of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 396.9(c), and Florida Statutes 316.302 and 316.70, I hereby declare vehicles with defects followed by an "Y" in the "Out of Service" column in the violations discovered section of this report OUT OF SERVICE. No person shall operate, or allow to be operated, such vehicle(s) until the out-of-service defect(s) has been repaired and the vehicle(s) restored to safe operating condition. WARNING: Violation of this order will subject the driver/owner to a civil penalty of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

The undersigned certifies that all violations noted on this report have been corrected and action has been taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations insofar as they are applicable to motor carriers and drivers. False certifications of the required repairs are required to be prosecuted with penalties up to $10,000.

493.6404 Property inventory; vehicle license identification numbers.—

(1) If personal effects or other property not covered by a security agreement are contained in or on a recovered vehicle, mobile home, motorboat, aircraft, personal watercraft, all-terrain vehicle, farm equipment, or industrial equipment at the time it is recovered, a complete and accurate inventory shall be made of such personal effects or property. The date and time the inventory is made shall be indicated, and it shall be signed by the Class "E" or Class "EE" licensee who obtained the personal property. The inventory of the personal property and the records regarding any disposal of personal property shall be maintained for a period of 2 years in the permanent records of the licensed agency and shall be made available, upon demand, to an authorized representative of the department engaged in an official investigation.

(2) Within 5 working days after the date of a repossession, the Class "E" or Class "EE" licensee shall give written notification to the debtor of the whereabouts of personal effects or other property inventoried pursuant to this section. At least 45 days prior to disposing of such personal effects or other property, the Class "E" or Class "EE" licensee shall, by United States Postal Service proof of mailing or certified mail, notify the debtor of the intent to dispose of said property. Should the debtor, or her or his lawful designee, appear to retrieve the personal property, prior to the date on which the Class "E" or Class "EE" licensee is allowed to dispose of the property, the licensee shall surrender the personal property to that individual upon payment of any reasonably incurred expenses for inventory and storage. If personal property is not claimed within 45 days of the notice of intent to dispose, the licensee may dispose of the personal property at her or his discretion, except that illegal items or contraband shall be surrendered to a law enforcement agency, and the licensee shall retain a receipt or other proof of surrender as part of the inventory and disposal records she or he maintains.

(3) Vehicles used for the purpose of repossession by a Class "E" or Class "EE" licensee must be identified during repossession by the license number of the Class "R" agency only, local ordinances to the contrary notwithstanding. These vehicles are not "wreckers" as defined in s. 713.78. The license number must be displayed on both sides of the vehicle and must appear in lettering no less than 4 inches tall and in a color contrasting from that of the background.

Good day I was protesting these citations because I had several issues at the DMV with getting registered. When I final get it all sorted out I received a registration I assumed it was correct but these people ripped me off but lessons learned. Do it yourself either way I got it all together and I am asking for grace on this situation please. I dont have anything saved up to even come close to paying these citations. So I am hoping these can get dismissed and moving forward never have this problem again! Also I submitted a request in 04/21 but accidentally added wrong information in case you wondering what happened with first email I sent out. My apologies about this hopefully You guys will consider me for a hearing.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Good afternoon Lisa,

Thank you for your question and I appreciate your observation. Yes I would like to include citation# 906082, only because I think it was excessive. The first time I experienced being overweight right there in Florida, they never had all these extra fees and never shut me down either. They gave me the overweight ticket along with a permit.
I don't usually transport overweight loads because I don't have a CDL, the last time I had a CDL was while I was serving in the U.S. Army.

In advance, thank you for your time and whatever the result yields, I still appreciate your time. Have a great weekend.

PROTEST

CITATION NUMBER: 000901854

T WHOME IT MAY CONCERN,

ON January 12 2026 around 14:00 a state trooper officer pulled someone in 40th street heading south bond, and he pulled him over and brough him at my property located at 2610 N 40th street Tampa Florida 33605, and he was doing his inspection and on that truck with trailer, while he was doing his inspection with the other person truck and trailer,

He took over 2 hours to do the inspection on the truck and trailer and blocking the south entrance of my business, I asked my driver to move one of my tanker to other side of the my building so we can open up some space for our customers, and we moved our tankers from south side of my building to the north side of my building, and after an hour I saw the trooper officer walking around my tanker, I went there with my driver and asked him what's going on, the officer said he wants to do an inspection on my tanker, while the tankers was parked and empty, inside my property and without any probable cause, the tanker was not out of my property and I was respectful with the officer I didn't say yes or no and he called for extra officers to come and do the inspection and I and my driver provide everything per the officer request.

After almost 2 hours he come with a citation and $1150 in fine, since there was no probable cause, and he blocked my business entrance for over 3 hours and I had no choice but to move my personal cars and tankers around my own property to make space for my customers, instead of officer saying thank you he wrote me citation inside my own property without any probable cause and the tanker was parked in my own property.

I have saved all the videos from all my if you guys like look at, and I attached only couple of pictures and red circle one photo it shows the officer pulled someone else and used my property to inspect his truck and block the way for my customers.

And I took care of all 3 violations that he cited me for. And I will attach the picture for that as well,

Since he was inside my property and my tankers were not in the highway or street, and there was no probable cause, I would like to protest these citations.

Please let me know what's the next procedure is or if you guys need some more information or videos.

REMARKS

*CMV was stopped for inspection westbound on US90 at Silcox Lane, in Escambia County, FL. CMV was operating in Interstate commerce between Dothan, AL and Foley, AL laden with metal building materials. During the course of a CMV inspection I was able to determine the State of Georgia Apportioned cab card was fraudulent. I called Georgia Department of Revenue Motor Vehicle Division and spoke with Jasmine. Jasmine confirmed the cab card was fraudulent. Advised the GA tag 'C776EX' came back to a 2014 Kenworth with VIN 1XKADP8X0EJ392602 that expired 08/01/2025. The VIN on the CMV in front of me was 1FUJGHDV9ALAU0819 a 2010 Freightliner that she confirmed was not registered.
The CMV has a certified weight on fixed scales of 73,380 lbs. The truck-tractor / semi-trailer laden with metal building materials has a legal unregistered weight of 35,000 lbs and an actual weight of 73,380 lbs. This makes the CMV 38,380 lbs over legal unregistered weight. A penalty is assessed to the carrier at $0.05 per lbs x 38,380 lbs = $1,919.00.
*The CMV is a three axle straight truck with a GVWR >26,000 operating in interstate commerce between Dothan,AL and Foley, AL without a valid 2025/ 2026 IFTA license, decals, or permit. The last IFTA decal was from 2023. A 10 day temporary IFTA permit is issued to the Carrier for a fee of $45.00 and penalty of $50.00 for a total of $95.00.

20 days to make payment.

Inspection Notes

Vehicle Manufacturer Name is: Pitts Trailers for vehicle type: ST with VIN#: 5JYDC5321KED12874, I obtained a lease agreement for George's Transportation LLC and also spoke with the owner George Johnson who confirmed that this CMV was leased onto his company at the time of the inspection. *CMV was stopped for inspection westbound on US90 at Silcox Lane, in Escambia County, FL. CMV was operating in Interstate commerce between Dothan, AL and Foley, AL laden with metal building materials. During the course of a CMV inspection I was able to determine the State of Georgia Apportioned cab card was fraudulent. Unfortunately and stupid of me, I didn't do a bill of sale. He came and drove the truck he liked it is sold it to him and signed over the title. He place truck on his insurance and drove it to Dothan Alabama about 200 miles from where from Riverdale Georgia. Sold on Sunday January 4th. Then he did the transfer of title on January 5th. He sent a picture to me.

To Whom It May Concern,

George's Transportation LLC (USDOT #4319861) is submitting a formal request for a late protest and review of Citation #000904358 due to fraudulent use of our USDOT number.

This citation was issued to a driver and vehicle that are not affiliated with our company. Our USDOT number was used without authorization.

We respectfully request consideration for late filing due to hardship and lack of awareness, as we were not made aware of this citation within the standard protest timeframe. Upon discovery, we immediately took action by filing a DataQ dispute and contacting the appropriate authorities.

The inspection report itself indicates clear signs of fraud, including:

- A fraudulent cab card being presented
- A VIN that does not match any equipment registered under our company
- A vehicle that is not owned, leased, or operated by our company

Additionally:

- The driver listed has never been employed by our company
- We had no operational involvement in this inspection or violation

Due to these circumstances, we respectfully request:

1. Acceptance of this late protest filing

2. A formal review by the Commercial Motor Vehicle Review Board
3. Dismissal of the citation and all associated penalties

Supporting documentation is attached, including:

- Copy of the citation
- Proof of insurance (COI)
- Any additional supporting evidence

Please advise if any further documentation is required.

Sincerely,

George's Transportation LLC

Inspection Notes

Vehicle Manufacturer Name is: Pitts Trailers for vehicle type: ST with VIN#: 5JYDC5321KED12874. I obtained a lease agreement for George's Transportation LLC and also spoke with the owner George Johnson who confirmed that this CMV was leased onto his company at the time of the inspection. *CMV was stopped for inspection westbound on US90 at Silcox Lane, in Escambia County, FL. CMV was operating in Interstate commerce between Dothan, AL and Foley, AL laden with metal building materials. During the course of a CMV inspection I was able to determine the State of Georgia Apportioned cab card was fraudulent. I called Georgia Department of Revenue Motor Vehicle Division and spoke with Jasmine. Jasmine confirmed the cab card was fraudulent. Advised the GA tag 'C776EX' came back to a 2014 Kenworth with VIN 1XKADP8X0EJ392602 that expired 08/01/2025. The VIN on the CMV in front of me was 1FUJGHDV9ALAU0819 a 2010 Freightliner that she confirmed was not registered. The CMV has a certified weight on fixed scales of 73,380 lbs. The truck-tractor / semi-trailer laden with metal building materials has a legal unregistered weight of 35,000 lbs and an actual weight of 73,380 lbs. This makes the CMV 38,380 lbs over legal unregistered weight. A penalty is assessed to the carrier at $0.05 per lbs x 38,380 lbs = $1,919.00. *The CMV is a three axle straight truck with a GVWR >26,000 operating in interstate commerce between Dothan,AL and Foley, AL without a valid 2025/ 2026 IFTA license, decals, or permit. The last IFTA decal was from 2023. A 10 day temporary IFTA permit is issued to the Carrier for a fee of $45.00 and penalty of $50.00 for a total of $95.00. CMV was broke down blocking 2 of 3 westbound lanes on US90 at Silcox Ln.
