Re: Citation #000907832
DOT# 4511975

To Whom It May Concern:

I am writing to formally contest the above-referenced citation, as I believe it was issued in error due to an administrative mistake that has since been corrected.

On 01/06/2026, I visited the Tax Collector's Office to register my pickup truck under my newly established business. As a new business owner, I was completing this process for the first time. During registration, the vehicle was mistakenly assigned an incorrect weight classification. The employee assisting me was new and unfamiliar with all applicable procedures, which resulted in the vehicle being registered under the wrong weight limit.

Upon discovering this once I received the citation on 02/12/2026, I promptly returned to the Tax Collector's office on 02/17/2026 and fixed the registration. The vehicle is now accurately registered under the appropriate weight limit.

As a CDL holder, I am properly licensed and qualified to operate vehicles within the applicable weight limits. There was no intent to misrepresent the vehicle classification, and the issue stemmed solely from an administrative error during the initial registration process.

We respectfully request that this citation be reviewed and dismissed in light of the corrected registration and the supporting documentation enclosed.

Thank you for your time and consideration. Please let me know if any additional information is required.

Sincerely,

Juan De Jesus Duran

Subject: Formal Written Protest – Citation No. 000909546
Driver: Corey Joseph Joiner
Company: BC Forestry Services Inc.

To Whom It May Concern:

I am submitting this formal written protest on behalf of BC Forestry Services Inc. regarding Citation No. 000909546, issued on February 10, 2026, in Hamilton County (White Springs), Florida, to our driver, Corey Joseph Joiner, for failure to have a trip and fuel permit available during a commercial motor vehicle stop.

At the time of the stop, the driver was unable to locate the permit; however, a valid trip and fuel permit had been properly issued to BC Forestry Services Inc. on February 6, 2026, with the following terms:
- Issue Date: February 6, 2026
- Effective Date: February 9, 2026
- Expiration Date: February 20, 2026, at midnight

This permit was valid, active, and covered the company's operations during the timeframe of the stop on February 10, 2026. The driver's inability to physically provide the document at the moment of inspection was not due to noncompliance but simply difficulty locating the permit in the truck at the time.

Given that the permit was legally issued, valid, and effective during the stop, BC Forestry Services Inc. respectfully requests:
1. A full review of Citation No. 000909546, and
2. A reduction of the assessed fine of $2,248.00, based on the presence of a valid permit and the absence of any intentional violation.

BC Forestry Services Inc. consistently maintains full compliance with FMCSA and FDOT regulations. We believe the documentation confirming the permit's validity supports reconsideration of the penalty.

Enclosed with this protest are copies of the trip and fuel permit and any relevant supporting documentation.

Thank you for your time and consideration of this request. I am available should you require additional information or clarification.

Respectfully, Lynn Vaughn

REGISTRATION VIOLATION

Truck Tractor Simi /trailer exceeding 26,000 lbs. with a valid (GEORGIA TEMPORARY) straight registration with NO TRIP OR FUEL PERMIT @ THE TIME OF STOP). Per Florida Statute , legal GVW for the vehicle is dropped to 35,000 lbs. (LADEN) (Vehicle weighed 79,960 lbs.) making the vehicle 44,960 pounds over the adjusted GVW. A penalty is assessed @ $.05 per lb. for a fine of $2,248.00.

(The company had trip and fuel permits (3) , but they were all EXPIRED .)

Also the driver advised that the company had obtained new ones , but was not on board or in the drivers possession @ the time of stop . Permit states (The permit (MUST) be carried in the vehicle to which it was issued)

(NOT APPORTIONED FOR FLORIDA EXPLANATION)

**Your vehicle at the time of stop , was determined to be in violation of Florida Statute 316.545(2) (b) This statute states: ..... In those cases when the commercial vehicle , as defined in S. 316.003(66), is being operated over the highways of the state with an expired registration or with no registration from this or any other jurisdiction or is not registered under the applicable provisions of chapter 320 , the penalty herein shall apply on the basis of 5 cents per pound on that scaled weight which exceeds 35,000 pounds on a laden truck tractor -semi/trailer combinations or tandem trailer truck combinations , 10,000 pounds on laden straight trucks or straight truck-trailer combinations , or 10,000 ponds on any unladen commercial motor vehicle ... sense your vehicle was not properly registered to operate in Florida the weight was dropped back to either 35,000 or 10,000 pounds , depending on it's configuration , and all weight in excess of that limit was then assessed at 5 cents per penalty*

Subject: Formal Written Protest – Citation No. 000910558
Driver: Melvin Donnell Thomas
Company: Big Creek Inc.

To Whom It May Concern:

I am submitting this formal written protest on behalf of BC Trucking Services Inc. regarding Citation No. 000910558, issued on February 24, 2026, in Marion County (Wildwood), Florida, to our driver, Melvin Donnell Thomas, for failure to have a trip and fuel permit available during a commercial motor vehicle stop.

At the time of the stop, the driver was unable to locate the permit; however, a valid trip and fuel permit had been properly issued to Big Creek Inc. on February 20, 2026, with the following terms:
- Issue Date: February 20, 2026
- Effective Date: February 23, 2026
- Expiration Date: March 06, 2026, at midnight

This permit was valid, active, and covered the company's operations during the timeframe of the stop on February 24, 2026. The driver's inability to physically provide the document at the moment of inspection was not due to noncompliance but simply difficulty locating the permit in the truck at the time.

Given that the permit was legally issued, valid, and effective during the stop, Big Creek Inc. respectfully requests:
1. A full review of Citation No. 000910558, and
2. A reduction of the assessed fine of $2,286.00, based on the presence of a valid permit and the absence of any intentional violation.

Big Creek Inc. consistently maintains full compliance with FMCSA and FDOT regulations. We believe the documentation confirming the permit's validity supports reconsideration of the penalty.

Enclosed with this protest are copies of the trip and fuel permit and any relevant supporting documentation.

Thank you for your time and consideration of this request. I am available should you require additional information or clarification.

Respectfully, Lynn Vaughn

Re: Formal Request for Deletion of Citation No. 000909597

To Whom It May Concern:

I respectfully submit this correspondence as a formal request for reconsideration deletion or reduction of Citation No. 000909597, issued to me while operating my commercial vehicle in the State of Florida.

I am a newly registered first-time struggling small business owner operating a commercial vehicle that is in full compliance with the State of New Jersey. My vehicle carries a Gross Vehicle Weight Rating (GVWR) of 26,000 pounds and is registered in full compliance with New Jersey Motor Vehicle Commission and FMCSA requirements. Under New Jersey law, the current registration classification and license plate issued to my vehicle are valid and appropriate for its weight rating and commercial use.

At the time of inspection, I was informed that my vehicle required an apportioned license plate. However, according to the registration standards of my base state (New Jersey), no such additional plate classification is required for a vehicle with a GVWR of 26,000 pounds operating under my registration class.

Additionally, the alleged overweight determination appears to have stemmed from inaccurate shipping documentation provided by the shipper. Upon review, the documented cargo weight was incorrect. The vehicle unbeknownst to myself did exceed my legal weight capacity in excess of 80 pounds.

As an interstate operator, I rely on accurate shipper-provided weight documentation and remain diligent in maintaining compliance with all applicable state and federal regulations.

I humbly request that Citation No. 000909597 be formally reviewed and deleted from record. I am prepared to provide supporting documentation, including proof of registration, vehicle specifications, and corrected shipper weight statements, should they be required.

Thank you for your time and consideration in this matter.

To the members of the CMVRB,

I am writing this letter to protest Citation number 000909365 that my company received on 2/23/2026. My driver was off route & entered the state on the wrong road by mistake. I apologize for this mistake and assure you this will be a lesson for our company to continue to strive to ensure that we operate safely and in compliance of all state/federal regulations. I am asking the board to please consider removing or reducing the cost of the citation. We are not a large company & this fine will be a strain financially. I have included our original permit to show that we were operating legally other than being off route. I have included our amened permit to show that we made the load legal before leaving scales.

Regards,

Jacob McDaniel

Subject: Citation #000910814 Protest

To Whom It May Concern,

My name is Rady Preval Chibas, and I am a driver and owner-operator for Landstar. I am writing to respectfully request a review of a fine I received while transporting a permitted load in Florida.

On February 12, 2026, I contacted the permit office to obtain the necessary Florida permit for travel from Palmetto, FL to Lakeland, FL, requesting the permit to be issued for travel on February 18, 2026. This was the second time I was moving this particular load, and I made sure to follow the proper process to obtain the required permit in advance.

While transporting the load on February 19, 2026 with a police escort, I was stopped and issued a fine due to an incorrect date listed on the permit. The permit reflected the date as March 18, 2026 instead of February 18, 2026. This appears to have been a typographical or clerical error.

I made every effort to ensure the proper permits were obtained and that the load was transported legally and in full compliance with all requirements. Unfortunately, the incorrect date on the permit was not noticed by myself or others involved in the permitting process prior to travel.

Given that the permit was requested in advance for the correct travel date, this was the second move for this load, and the transport was conducted with a police escort in good faith, I respectfully ask that this matter be reviewed and that the fine be voided due to this unintentional clerical error.

Included I have a copy of a corrected permit that reflects the date of load transportation and the day of the fine.

Please feel free to contact me at 786-381-1807 if any additional information is needed.

Thank you for your time and consideration.

Sincerely,
Rady Preval Chibas
Landstar Owner Operator

Attached is your International Fuel Tax Agreement (IFTA) license for the period shown above. If you are a newly registered motor carrier, the Department has assigned an NCDOR ID to you for filing and paying these taxes. In addition, if you are a newly registered motor carrier, you will soon receive instructions for establishing an online account for the purposes of filing and paying IFTA tax as well as ordering decals electronically.

You must file a tax return, Form Gas-1276, for each filing period in which you are engaged in business, even if you have no operations to report for that period. If you have no operations to report for a period, fill in the circle indicating "No Activity" on the return.

Enclosed are the IFTA decals you requested for the period shown above. We have issued a set of decals (two decals) for each of your qualified motor vehicles. One decal must be placed on the exterior portion of each side of the vehicle's power unit. Failure to display the decals in the required location may subject the vehicle operator to the purchase of a trip permit and a citation. In addition, you must carry a copy of this license in each of your qualified motor vehicles.

General information regarding IFTA taxes can be found on our website at www.ncdor.gov. If you have any questions, please direct your correspondence to the address shown above or call (877) 308-9092 (toll free).

CASE

2/25/2026

To Whom It May Concern,

I am writing to formally contest the tax class violation citation 000908153 issued to me on 2/12/2026 in Flagler county, Florida.

At the time of the stop, I was operating a rental truck as a temporary substitute vehicle while my primary commercial truck was unavailable. My primary vehicle is properly registered in the correct weight and tax class for commercial transport operations. The rental vehicle was used in good faith to complete a permitted oversized transport.

Importantly, the load itself was fully compliant. I had valid oversize permits in place, and all required safety equipment, including flags and signage, was properly displayed. There was no safety violation, no improper permitting, and no intent to evade registration fees or misclassify the vehicle for financial benefit.

This situation was an administrative issue related solely to the rental vehicle's registration classification. It was not an attempt to avoid lawful registration requirements, and the vehicle was insured and operated responsibly under my licensed transport business.

I respectfully request that this citation be reviewed and dismissed in light of the temporary nature of the rental vehicle use and my otherwise compliant commercial operations.

I appreciate your time and consideration.

Sincerely,
Tyler Hughey

Subject: Citation #000914822: Question on weight
Attachments: 2007 Sterling Vin #11460 Citation Paperwork.pdf

Good afternoon,

I am emailing regarding a question on Citation #000914822, we received on Thursday, March 5, 2026, listed under McCullar Steel & Supply Co Inc. My question is regarding the weight of our vehicle. The vehicle is a boom truck crane. The Officer listed the legal weight as 10,000lbs on our citation, and it weighed 42,800lbs. She wrote us a ticket for the overweight of 32,800lbs. How did she come up with 10,000lbs as the legal weight? On our registration it shows it being Net 33,001 lbs. Wouldn't that be an overage of 9,799lbs x $0.05 = $489.95. Do I need to schedule a hearing to contest the weight. That is the only thing that we do not agree on, on the citation. I am attaching a copy of the citation & the registration for this crane. The registration has been expired; we are in the process of getting it current. I will update the weight to 42,800 when renewing it. It was out of service for a while for repairs. We did not know the Driver's license had been suspended. He had not told us. But he did get it all handled Friday, March 6, 2026 & got his license reinstated. Thank you for your time and help regarding this matter.

Have a great day!!

REMARKS

*The CMV was stopped for an inspection eastbound on I10 at 16 at Scenic Highway in Escambia County, Florida. The CMV was operating in intrastate commerce between Pensacola, FL and Milton, FL. The driver of the CMV is operating a CDL required CMV with a suspended Florida Clase-A driver license. An NCIC / FCIC check through TRCC revealed the DL was "SUSPENDED/ DISQUALIFIED". This is violation of 49 CFR 383.23. A $100.00 safety penalty is assessed to the carrier and the driver is placed out of service until qualified.
**The driver of the CMV is operating a CDL required CMV in intrastate commerce without possessing a valid medical certificate. This is in violation of 49 CFR 391.41A. A $100.00 safety penalty is assessed to the carrier.
*The CMV has an expired registration since 5/18/2023 per tag and VIN verification on NCIC/FCIC. The CMV has a certified weight on portable scales of 42,800 lbs. The straight truck has a legal expired registration of 10,000 lbs and an actual weight of 42,800 lbs. This makes the CMV 32,800 lbs over legal expired registration weight. A penalty is assessed to the carrier at $0.05 per lbs x 32,800 = $1,640.00.

Total penalty of $1,840.00 is assessed to the carrier.
20 days to make payment.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 395.13, and Florida Statutes 316.302 and 316.70, I hereby notify and declare the driver: CEDRIC GRAY named on this report OUT OF SERVICE. No motor carrier shall permit or require this driver to drive or operate any motor vehicle until: Qualified. WARNING: Violation of this order will subject the driver/owner to civil penalties of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 396.9(c), and Florida Statutes 316.302 and 316.70, I hereby declare vehicles with defects followed by an "Y" in the "Out of Service" column in the violations discovered section of this report OUT OF SERVICE. No person shall operate, or allow to be operated, such vehicle(s) until the out-of-service defect(s) has been repaired and the vehicle(s) restored to safe operating condition. WARNING: Violation of this order will subject the driver/owner to a civil penalty of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

The undersigned certifies that all violations noted on this report have been corrected and action has been taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations insofar as they are applicable to motor carriers and drivers. False certifications of the required repairs are required to be prosecuted with penalties up to $10,000.

IMPORTANT INFORMATION

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

CASE

WPM received an overweight ticket for being 4860 pounds over the legal limit of 70,000 pounds. WPM is not in agreement with this ticket as our truck is registered with a GVW of 80,000 pounds which would make our truck weight at that time well within legal limit.

REMARKS

2018 Freightliner GVWR 26,000LBS
Carrier: K K P TRANSPORT LLC
USDOT:3170789
Shipper: The Century Companies Inc
BOL: 22315789
Trip: Lawrenceville, Georgia to Sunrise, Florida

On the 25th day of February 2026, at approximately 2:57 P.M, I was conducting commercial vehicle patrol on Florida 869 (Sawgrass Expressway) near mile marker 3. At this time, I observed a white straight truck traveling north bound bearing Florida Temporary Tag (FL-DYC1433) with an expiration date of 11/27/2025. Soon thereafter, I conducted a traffic stop on the same. Upon making contact with the driver, I observed the CMV to be displaying carrier ID K K P TRANSPORT LLC along with USDOT # 3170789. Upon making contact with the driver, I requested his credentials. The driver then provided me with Georgia Class C Driver's License (GA-056486811) I then identified my driver to be Eric Lanard Stephens (D.O.B 5/12/1976). While speaking with the driver, I requested his trip information. Mr. Stephens then advised me that he was traveling from Atlanta, Georgia to Sunrise, Florida. Soon thereafter, I requested and reviewed the driver's record of hours of service (Hand Held Cell Phone) while doing so, I discovered that on 2/23/2026- Driver recorded On-Duty Status from 12:00AM-9:52PM in Atlanta, Georgia. At 9:52 PM, the driver recorded OFF-Duty Status in Oak Ridge, TN, with no drive time record. On 2/24/2026- Driver recorded Off Duty Status for the full 24 hours with no hours of drive on return trip or Drive time to Lawrenceville, Georgia where he loaded the current laden load that is being transported from Lawrenceville, Georgia to Sunrise, Florida. On 2/25/2026- Driver recorded On Duty at 12:25 AM. 12:58AM driver recorded Drive time, where he remained in Drive time for 14 Hours 4 Minutes until 3:02PM where I switched him over to On Duty Status for my roadside inspection. The Recording Device failed to transmit, record CMV Diagnostics or Locations.
False Record of Duty Status, Penalty assessed: $100.00
Expired Registration- The vehicles legal weight, according to F.S. 316.545, is 10,000 Lbs for a Straight truck. The CMV was weighed on portable Scales with a scale weight of 17,200 Lbs less legal weight of 10,000lbs equals 7,200lbs. over at .05 cent per pound. 17,200 -10,000 = 7,200 X .05 =$360.00.
Upon completion of my roadside inspection, The driver/CMV was escorted to a nearby location where he was placed out of service until he obtains 10 hours of OFF Duty Status. The Driver was further advised that this citation did not make the CMV legal and that the CMV's Registration would need to be renewed prior to continuing trip. This incident did occur within my jurisdiction, within Broward County, Florida.

REMARKS

CMV is a 3-axle straight truck operating in interstate commerce between Hattiesburg, MS and Pensacola, FL with a declared weight of 80,000 lbs and an actual gross vehicle weight of 38,040 lbs , meeting the definition of a qualified commercial motor vehicle under the International Fuel Tax Agreement (IFTA). The vehicle was not displaying current IFTA decals as required, and the driver was unable to produce a valid IFTA license or temporary fuel trip permit at the time of inspection. The driver stated the IFTA credentials and decals were maintained at the carrier's principal place of business and were not present in the vehicle.

Operation without proper IFTA credentials or a valid temporary fuel permit constitutes a violation of IFTA requirements adopted pursuant to 49 U.S.C. § 31701 et seq., as enforced through FMCSA regulations under 49 CFR Part 392 (operating requirements), CVSA North American Standard Inspection procedures, and applicable Florida Statutes governing motor fuel use tax compliance (F.S. Chapter 207). The CMV was issued a 10 day IFTA permit a a fee of $45.00 and a penalty of $50.00.

Total fees and penalties assessed to the carrier

Twenty (20) days to pay.

Re: Citation Number 000914283
Vehicle VIN: 3AKJHHD7PSNZ4726
Driver: Rickey Vincent Barber
Date of Citation: 03/04/2026

Dear Sir/Madam,

OPEN WAY INC respectfully submits this letter to formally dispute Citation No. 000914283 issued on March 4, 2026, in Marion County, Florida, for "No Permit."

At the time of inspection, the vehicle was operating under a valid Florida Oversize/Overweight Vehicle Specific Blanket Permit issued by the Florida Department of Transportation.

Permit Details:
Permit Number: 2550037-2025-0001
Effective Dates: 09/03/2025 – 09/03/2026
Status: Valid and active on the date of inspection

During the inspection, the driver contacted our office regarding the permit. I instructed him to locate the physical copy in his permit binder inside the truck. Also, we provided him the permit on his email, however, by the time driver returned to show the permit, was too late, the Citation was issued.

This was not a case of operating without a permit. The required blanket permit was properly obtained, valid, and in effect at the time of the stop. A copy of the valid permit is attached for your review.

We respectfully request that this citation be reviewed and dismissed accordingly.

Please confirm receipt of this dispute and advise if any additional documentation is required.

Thank you for your time and consideration.

Sincerely,
Safety Department

REMARKS

Violation: Over Length Trailer Violation (Improper Kingpin Setting)
FSS 316.515(3)(b)(2)
Five axle truck tractor semi-trailer combination entered the Wildwood NB weigh station hauling Large Box's. It appeared that the kingpin setting (for the semi-trailer with a split axle) exceeded 41 ft. in length. The semi-trailer measurement conducted by me was 53 ft., the distance of the rear spread at 10 ft. 2 in., and the kingpin distance from the locking pin to the center of the rearmost axle at 44 ft. 7 inches The kingpin setting being in excess of 41 ft. establishes the legal trailer length at 48 ft. resulting in 5 ft. of violation. Penalty is assessed @ $100.00 for being over 2 ft. but less than 10 ft. over length.
APU- N/A
E-Credentials- No

At the time of stop there was no permit onboard so driver was advised to correct kingpin setting on the trailer or obtain a permit before leaving the weigh station or be subject to another citation. X_____

Subject: Citation #000912652

To whom it may concern on Wednesday march 03, 2026 i enter the DOT scale house located off interstate I 75 N/B in punta gorda, fl on first weight the officer advised i was 2,520lbs over my total gross weight, i was advise to pull off the scale and bring my paper work inside, the officer met me ouside where he took some measurements of my wheel and axle. I advised him this is very unlikely because i pull this same customer at least once a week he told to go back on the scale for reweight. On the second weight he advised i was now 60lbs over for a total of 2,680lbs over. Am disputing this Citation with the officer he said he will be issuring a Citation for the 1st. Weight. I asked for a print out of both 1st and 2nd weight for my company,s records and he told me he was unable to provide me the print out. Within minutes of weighing without the ability to make any kind of adjustments with my spred axle flatbed trailer none adjustable. I suggesting there was some issue with the scale and not my weight. I have been an intrastate driver for many years and am well aware of the state strick rules which i adhere to have strick safety standards for my company and my excellent record support that.

Respectfully,

RE: Formal Protest – Citation #000910615

To Whom It May Concern,

I am respectfully submitting this written protest regarding Citation #000910615 issued on February 18, 2026, in Jackson County, Florida.

At the time of the stop, I was operating the vehicle in good faith and relying on the shipper's provided weight documentation. I was not aware that the freight exceeded the allowable weight limits. As a driver, I depend on accurate load information from the shipper and had no reasonable knowledge that the load was overweight. Additionally, based on my understanding of the scale readings and allowable tolerances, I was only approximately 240 pounds over the legal limit. The citation reflects a much higher overweight calculation and penalty amount. I respectfully request a full review and recalculation of the recorded axle and gross weights, including any allowable tolerance under Florida law.

If the overage was minimal (approximately 240 lbs.), I respectfully request that the citation be reduced or dismissed in the interest of fairness, as there were no intentional violation and no knowledge of excessive weight. A penalty of $812 for a minor overage would be disproportionate.

I take compliance seriously and always strive to operate safely and within legal limits. I respectfully request reconsideration of this citation, reduction of the penalty, or dismissal upon review of the actual weight variance.

Thank you for your time and consideration. I will be attaching all documents for this case.

Sincerely,

Elizabeth Chavez

RE: Citation 910085

This letter concerns Citation 910085 issued during the inspection of our vehicle on February 16, 2026.

At the time of the stop, the officer indicated that only six axles were in contact with the ground because the first axle (air axle) was believed to be in the raised position.

However, the axle was in the deployed (down) position with 50 PSI of ground pressure at the time of the inspection. The officer stated it wasn't down enough. We increased the ground pressure to 80 PSI. The air axle system operates in two positions only – raised or deployed- and the axle was not in the raised position.

Since the axle was deployed and part of the vehicle's operational axle configuration, the vehicle was operating with the appropriate number of axles. The condition observed does not indicate that the axle was lifted or removed from service.

Based on these facts, the vehicle configuration complied with its intended axle deployment, and the citation appears to have been issued under the assumption that the axle was raised.

For this reason, a review and dismissal of Citation 910085 is respectfully requested.

Sincerely,

Billy Knight

REMARKS

Inspector measured a 70 feet 6 axle truck tractor hauling large machinery weighing 119,720 lbs. 39,720 lbs over the legal limit of 80,000 lbs. Driver presented permit number 2514940-2024-0001 at the time of stop. Permit number 2514940-2024-0001 requires vehicle configuration to have 7 axles touching the ground. At the time of stop only 6 axles were touching the ground, the first drive axle (air axle) was in the up position and not touching the ground. Per Florida Administrative Code 14-26 vehicle is penalized for weight purposes only. Driver advised to become legal prior to leaving the scale facility, failure to do so could result in additional penalties.

VIOLATION

EXTERNAL BRIDGE

The vehicle weighed 119,720 lbs. 39,720 lbs over the legal limit of 80,000 lbs. Penalty assessed at $.05 cents per pound. Vehicle did not possess an APU and vehicle not on the overdue citation list.

OFFLOAD

Per Florida Statue 316.545 any vehicle where the External Bridge or Gross Weight exceeds 6,000 lbs is required to offload to legal weight at the scale facility, the nearest safe location, or obtain a valid Florida permit prior to leaving the scale facility. Failure to do so could result in additional penalties.

NON ASSESSED

AXLE

The tandem drive axle weighed 51,780 lbs 7,780 lbs over the legal weight limit of 44,000 lbs. Per Florida Statute 316.545 driver not given the opportunity to shift due to being over on the external bridge.

Contest of Citation 000914031 – Oversize Permit Route

Fury Xpress <furyxpressllc@gmail.com> Thu, Mar 5, 2026 at 7:06 PM
Draft

REF:CITATION 000914031

To the Honorable Judge,

I respectfully submit this statement to contest the citation issued for an alleged deviation from the permitted route for my oversized load.

At the time of the trip, I was operating under a valid Florida oversize permit (Permit No. 2627579-2025-0001) and was traveling northbound on I-95 toward Fort Lauderdale, following the route exactly as indicated on the permit. While still on I-95 near the Fort Lauderdale airport area, a traffic accident occurred ahead of me. The resulting congestion made it unsafe and impractical to continue toward the designated turn.

Due to the accident and the roadway blockage, my truck's GPS automatically rerouted me onto I-595 and then toward I-75 as the safest available alternative. This reroute was not intentional but a direct response to the unexpected traffic incident. Once on I-75, I entered the weigh station in full compliance with Florida law for oversized loads. I attempted to explain these circumstances to the officer, but my explanation was not acknowledged.

Any deviation that occurred was unintentional and caused solely by the accident on I-95, which prevented me from safely continuing on the permitted route. At no time did I knowingly disregard the permit instructions or attempt to gain any advantage.

Immediately after being stopped, and in an effort to fully comply with all route requirements, a new permit (Permit No. 2628042-2025-0001) was issued so that I could continue the trip with proper authorization. This demonstrates my good-faith effort to correct the situation promptly and ensure full compliance moving forward.

This is the first time I have encountered an issue of this nature in my professional driving career. I take permit compliance and roadway safety very seriously, especially when transporting oversized loads. Throughout the trip:

- The load was transported safely and without incident.
- No accident, damage, or safety hazard occurred.
- I was operating in good faith under a valid permit and complied with all legal requirements, including entering the weigh station.

In addition, I respectfully ask the Court to consider the financial hardship that a citation would impose. The current economic climate has made operating a commercial vehicle increasingly difficult. Rising fuel costs, insurance premiums, maintenance expenses, and the overall impact of inflation have placed significant strain on my ability to keep my business running. As an independent driver, even a single unexpected expense can create serious financial pressure. A citation under these circumstances would add to an already challenging situation.

Given that this was an isolated, unintentional occurrence caused by circumstances outside of my control, and considering both the immediate corrective steps taken and the economic hardship involved, I respectfully request that the Court consider dismissal of the citation.

Thank you for your time and consideration.

Respectfully,

Sandor A. Gutierrez Sandor G.

Dear Florida Highway Patrol-Commercial Vehicle Enforcement,

I respectfully submit this request for consideration regarding the above-referenced citation for **Driving While License Suspended**.

At the time the citation was issued, the driver was unaware that his/her license had been suspended. The driver had not received any prior notice of the suspension. After contacting the Department of Motor Vehicles in the State of Oklahoma, it was discovered that the suspension had been triggered by a report from another state regarding an alleged violation.

However, the referenced violation was **subsequently dismissed**, and the information reported to the Oklahoma DMV appears to have been incorrect or outdated at the time the suspension was placed on the driver's record.

Once the driver became aware of the issue, immediate steps were taken to verify the situation with the DMV and resolve the matter. The driver has always made every effort to remain compliant with all licensing requirements and had no intention of operating a vehicle while under suspension.

Given that the suspension resulted from an out-of-state report related to a violation that was later dismissed, and that the driver had no prior knowledge of the suspension, I respectfully request that the Court consider dismissing this citation in the interest of fairness and justice.

Any documentation from the Oklahoma DMV or the court showing that the underlying violation was dismissed can be provided to support this request.

--
Best Regards,
Safety department

Good Morning

We received a citation on 2/25/206 for a light out . When our records were pulled they said we had an OOS Order for Refusal of Safety Audit and were prohibited from operating. We were given a $500 ticket.

We are very new to this game and know nothing about the requirements. When we got our DOT number we started getting numerous emails. Since we did not know what to do we hired Foley to help us navigate all of the requirements. They told us that most of the emails we were getting to ignore as they were from companies trying to get us do business with them.

Apparently we were suppose to do a safety audit. We didn't know anything about this - we never refused the audit (as the ticket stated) we just didn't know.

We have since gotten our DOT number reactivated, we have repaired the light that was out and we have contacted the Safety audit new entrant team to schedule a safety audit.

We would like to request that this $500 fine be waived as we have complied with everything that was asked of us. I do understand that generally ignorance of the law doesn't excuse an offense but being a small family business (we sell lemonade/tea) and just starting out on this path is difficult with all of the requirements. That is why we paid $1300 to Foley to help us through this. We honestly cannot afford another $500.

I appreciate any help you can give us and we will be sure to read every email and make sure that we stay in compliance.

Sincerely

Trent & Melinda Parks

Re: Protest of Citation No. 000911533 Issued February 20th, 2026

Dear Sir or Madam,

This letter serves as formal protest of Commercial Motor Vehicle Citation listed above. At the time of the stop, the vehicle entered the scale facility under the understanding that it was operating within lawful parameters. The citation indicates the vehicle was not apportioned for Florida and that an IRP Trip Permit and Fuel Tax Permit were needed.

Broadway Chrome is a licensed motor vehicle dealer. At the time of the stop, the driver was under dealer status, transporting a heavy commercial vehicle back to our dealer location. We do not operate as a for-hire carrier and do not maintain an IRP account. We were not aware that an IRP trip Permit and IFTA/ FUEL Tax permit would be required for this specific transport under dealer operation.

The citation indicates that the combination was limited to 10,000 pounds as an "unladen combination" and that the scale weight of 18980 pounds resulted in an overweight assessment of 8980 pounds. I request clarification and review of the 10,000 pound limitation in this circumstance. The vehicle was not operating as a commercial load-hauling combination, but rather as a dealer transport of purchased inventory. The tractor was not carrying cargo for compensation, and the movement was incidental to dealership operations. It is my understanding that statutory weight limitations are generally tied to registered gross weight and commercial operating authority. Because this vehicle was being transported under dealer status and was not engaged in freight operations, we respectfully question wether the10,000 pound unladen combination threshold was properly applied.
There was no intent to evade registration or fuel tax requirements and there was no attempt to overload equipment beyond manufacture specifications, nor was there an unsafe axle condition cited.

Upon being cited by the officer, my driver Peter Rockefeller, arrived at my office, final resting location of the vehicle, and I, Monica Brito, President of Broadway Chrome, took corrective action to better understand permitting requirements. I spoke with Officer Beverly Neel, Sneads Weigh Station Supervisor, she explained the basis of the citation and advised us of our options moving forward.

Given our dealer status, immediate corrective action, and lack of prior similar violations, we respectfully request dismissal or substantial reduction of the weight violation assessment and associated penalties.

Thank you for your time and consideration.

Sincerely,

Monica Deleon Brito

REMARKS

A Texas out of state buyers tag bobtail entered the scale facility. The tractor was NOT apportioned for Florida and driver did NOT have FL IRP Trip Permit, at time of stop. The vehicles legal weight, according to F.S. 316.545, is 10,000 lbs for un-laden combination. Vehicle scale weight is 18,980 lbs. less legal weight of 10,000 lbs equals 8,980 lbs. over at .05 cent per pound. The Carrier was also issued a FL 10-day IRP Trip Permit and a FL 10-day Fuel Tax Permit.

Subject: Formal Dispute of Over-Length, over size / Kingpin Setting Citation – February 18, 2
Attachments: output_5483154_60389_2740936.pdf; Louisiana Oversize Permit.pdf; Texas Oversize Permit.pdf; OKDOT Annual Permit 26, 27 (1).pdf; Mississippi Oversize Permit.pdf; JCM Auto Citation February 26.pdf; Florida Anual Oversize Permit.pdf

To Whom It May Concern,

I respectfully submit this letter to formally dispute the over-length / kingpin setting citation issued on February 18, 2026.

At the time of inspection, the vehicle was operating with a 53-foot semi-trailer and a kingpin setting measured at 45'2". While this exceeded the 41-foot kingpin-to-rear-axle requirement, and 11'10" wide, the configuration included the allowable 3-inch regulatory tolerance. Furthermore, although an expired paper copy of the Annual Goldenrod Permit was initially presented, the driver immediately provided digital proof of a valid permit on his mobile device. This permit was active from February 12, 2026, through February 13, 2027, covering the date of the stop. The permit was valid at the time of inspection, and there was no intent to operate outside of regulatory compliance.The inability to present a physical copy was an administrative oversight rather than a willful violation. We didn't receive the printed copy until February 22nd by regular mail.
All time the driver complied fully with all instructions and was prepared to adjust the kingpin setting to 41 feet or obtain necessary authorization before leaving the facility.

Please consider that a valid permit was already active at the time of the stop, proof of purchase was provided immediately, also the configuration involved minimal dimensional variance and the assessed penalty is categorized as 5 feet over-length more than 2 feet but less than 10 feet, also we always have a annual permit since a few years ago, only for this time we forgot to renew in time. Please find attached all permits for the completed trip, including the physical copy received for Florida.

I respectfully request reconsideration and dismissal or reduction of the $1,100 flat-rate penalty.

Thank you for your time and review of this matter.

Sincerely,

--

REMARKS

Over Dimensional Violation (Overwidth and Kingpin)

Florida apportioned Tag Laden 5-axle Truck tractor, with a flatbed semi-trailer configuration weighing 73,980 lbs.

Vehicle over legal maximum Width of 8'-6" by 3'-3". Vehicle measured at 11'-9" which includes a 3" tolerance when measured in driver's presence. Actual measurement is (12'-0"). Pursuant to F.S. 316.515 a safety violation of $250.00 per foot or any portion thereof was issued. Penalty assessed $1,000.00. Driver is required to correct the issue or get the proper permit before leaving facility.

King Pin (Spread Axle)
Vehicle with a 53' trailer with a 44'-11" king pin setting which includes a 3" tolerance (Actual Kingpin setting 45'-2") measured in driver's presence. Per F.S. 316.515 (3) semi-trailer over 48' must measure 41' or less from king pin to center of rear axle. 48' legal trailer length subtracted from 53' actual length for an over length safety violation of 5'. Per F.S. 316.515 (4,b2) over length safety violation more than 2' but less than 10' assessed flat rate penalty of $100.00. Distance between rear split axle 10'-3"). Driver required to correct to legal 41' or less king pin setting or get a Permit before leaving facility.

Verified truck and trailer VIN on placard to registration and Smart Cop via NCIC.

Driver provided EXPIRED annual Goldenrod Permit #2457663-2024-0001(02/05/2025-02/05/2026).

Also the driver provided proof of purchasing a valid Annual Goldenrod Permit #2618352-2025-0001 (02/13/2026-02/13/2027) on his phone, but did not have it on the vehicle at the time of stop.

Re: Citation #000912099

Dear Sir or Madam,

Please accept this letter as a formal request for review and dismissal of **Citation #000912099**.

We respectfully contend that this citation was issued in error. At the time of the stop, our company was operating under a valid blanket permit authorizing up to 80 feet in overall length for the truck and trailer combination. This permit applies specifically to the combined length of the truck and trailer, not to the load being transported on the trailer.

We explained to the issuing officer that our truck and trailer combination exceeds 68 feet in length; therefore, we carry a valid blanket permit at all times to ensure full compliance with state regulations. We have been towing this trailer within the state for over fifteen (15) years under the same permitting requirements without prior issue. This is the first citation we have received regarding this matter.

To clarify, we were not required to obtain a permit for the load itself. The permit in question pertains to the truck and trailer combination length, and we were in compliance by maintaining a valid blanket permit at the time of the stop.

Based on the foregoing, we respectfully request that Citation #000912099 be reviewed and waived, as we believe we were operating in full compliance with applicable regulations. Supporting photographs and documentation of the blanket permit are included for your consideration.

Thank you for your time and attention to this matter. We appreciate your review and

Subject: Request for Review – Violations 393.9A-LSLI and 393.9A-LTSI
Inspection Date: February 26, 2026

To Whom It May Concern,

I am writing in regard to the roadside inspection conducted on February 26, 2026, during which two violations were issued under the following codes:

- 393.9A-LSLI: Lighting – Stop Lamps – Any Inoperative
- 393.9A-LTSI: Lighting – Turn Signal – Any Inoperative On The Rearmost Vehicle

During the inspection, we were initially informed that the truck's rear lights were not functioning properly. However, when we were asked to step out of the vehicle to verify the issue, it was clearly observed at that time that both the stop lamps and rear turn signals were operating correctly.

We were advised on scene that it appeared to have been an error and that we should not be concerned, as everything was functioning properly and there would be no problem. For this reason, we were surprised to later receive documentation reflecting the two lighting violations listed above.

Respectfully, we request a review of this inspection and the removal of these violations, as the lighting equipment was verified on site and confirmed to be in proper working condition at the time of inspection.

D&O SERVICE TRANSPORT LLC is committed to full compliance with all safety regulations, and maintaining an accurate safety record is very important to us. We sincerely appreciate your time and consideration in reviewing this matter.

Please let us know if any additional information or documentation is needed to assist in resolving this issue.

Sincerely,

Pursuant to authority contained in Title 49, Code of Federal Regulations, Section 396.9(c), and Florida Statutes 316.302 and 316.70, I hereby declare vehicles with defects followed by an "Y" in the "Out of Service" column in the violations discovered section of this report OUT OF SERVICE. No person shall operate, or allow to be operated, such vehicle(s) until the out-of-service defect(s) has been repaired and the vehicle(s) restored to safe operating condition. WARNING: Violation of this order will subject the driver/owner to a civil penalty of not less than $2,500. Drivers are also subject to being disqualified from operating a commercial motor vehicle in accordance with Florida Statute 322.61.

The undersigned certifies that all violations noted on this report have been corrected and action has been taken to assure compliance with the Federal Motor Carrier Safety and Hazardous Materials Regulations insofar as they are applicable to motor carriers and drivers. False certifications of the required repairs are required to be prosecuted with penalties up to $10,000.

Clerk / Hearing Officer

Re: Citation No. 000913041
Driver: Shane Robert Sturtz
Date of Citation: February 26, 2026

To Whom It May Concern:

I am writing on behalf of Caregan Transport Inc. regarding Citation No. 000913041 issued on February 26, 2026, to driver Robert Sturtz in Marion County, Florida.

We respectfully ask the Court to consider dismissing or reducing this citation based on the circumstances involved and the driver's good-faith effort to operate the vehicle safely and in compliance with commercial motor vehicle requirements.

At the time of the stop, the trailer tandems were positioned in a manner intended to maintain proper axle weight distribution and safe operation. There was no intent to violate Florida law, evade enforcement, or operate the vehicle in an unsafe condition. This was a configuration-related issue, not an intentional violation.

After the citation was issued, the driver immediately slid the tandems forward to correct the trailer configuration. This corrective action was taken promptly at the time of the incident, which demonstrates the driver's willingness to comply as soon as the issue was identified.

We understand the officer measured the trailer at 44 feet 3 inches from the kingpin to the center of the rear tandems, which exceeded Florida's allowable measurement without a permit. We respect the officer's findings and appreciate the professionalism of the inspection. However, we respectfully ask the Court to consider that this matter arose from trailer configuration during normal commercial operations rather than from any deliberate disregard for the law.

Caregan Transport takes compliance seriously. Following this incident, we reviewed Florida-specific trailer length and tandem placement requirements with the driver to help prevent a similar issue in the future.

Given the good-faith nature of the circumstances, the immediate corrective action taken by the driver, and the fact that this was a configuration-related matter rather than an intentional violation, we respectfully request that this citation be dismissed, reduced, or otherwise resolved with leniency.

Thank you for your time and consideration.

Sincerely,

Amber Burress

REMARKS

Five axle 63 ft. wheel base flat-bed semi-trailer combinations, pulling a 53 ft. trailer was measured for the kingpin setting from the locking pin to the center of the rear tandems at 44 ft. 3 in. The kingpin setting being in excess of 41 ft. establishes the legal trailer length at 48 ft. resulting in 5 ft. of violation. Penalty is assessed @ $100.00 for being over 2 ft. but less than 10 ft. over length.

CASE
26-05-031

CMV Review Board: 3/5/26

Some time close to the beginning of Jan 2026 my Dad stopped at the scale house in Old Town on US19, to ask if a permit was needed to move a personal shed. He was givin a paper copy and told to go online.

So, on Feb. 25, 2026, the night before us bringing the shed to Brooksville, I went online to apply for the permit. I filled out everything as complete as possible and to the best of my ability. When I had the form completed the payment option came up. I paid. I assumed since I got this far everything was accepted and we were good to go. However, when I was trying to do the route part, it autofilled our route and I could not change anything. I noticed reading the permit were responsible for checking the route. So since we always travel US19, we know that this route is a safe route.

When we stopped at scales on 2/26, in Old Town we were held. They stated our signs were no good and not enough flags. Asked for the permit. Since I did not have a printer I took pictures of my computer of the permit and payment page.

CASE
26-05-031
PAGE 1 OF 8

We have 4 orange high vis flags, 1 at each corner of load. We have 2 yellow back ground with black lettered signs, 1 on front of truck, 1 at rear of load. We have 2 flashing lights, 1 above cab and 1 at rear of load. (I also followed my dad the entire trip in my truck with a yellow flashing light on the roof)

The citation #000911880 states "commercial" This vehicle is not a commercial vehicle. It is not insured, nor registered as a commercial vehicle. This is an '02 F-350 dually 4wD. with 235/85R 16 tires, not 22" like on the citation. The GVWR is 9000 LB.

The trailer is '24 TP GN 40+5, with 215/75R 17.5 tires. GVWR 25900LB. and 102" wide

Also, on the Commercial Motor Vehicle Citation the "IRP trip permit" is marked, as well as "fuel tax permit" I don't feel these are applicable on a personal non-commercial vehicle moving es personal shed.

Permit # 2e19270-2025-0001 was excepted with a height of 14'6", width of 12', overall length 70', trailer total length 53'.

Everything we received from the scale house refers to commercial vehicle and or Blanket permit. I applied, paid for and received a trip permit.

Embarrassingly admitting I did not read every word thoroughly, our signs read "OVERSIZE" and the letters were only 10" tall. Our flags were only 17" square.

I was trying to save a few bucks by not hiring a "shed mover" because of previous mishaps.

However, I was not trying to pull a fast one, I truly thought I did everything I could to be legal and safe.

I am protesting the citation(s) in hopes of a conclusion before I pay anything. Please, if this is not acceptable please, please let me know. I do not need further issues, especially with my dad's DL.

BLANKET PERMIT MOVEMENT CONDITIONS AND RESTRICTIONS

- **Travel on Kennedy Space Center Property**: Movement is not allowed for vehicles over 10 ft wide during peak travel hours from 6am-9am & from 3pm-6pm during weekdays (Monday-Friday). All vehicles over 10 ft wide must contact the KSC Duty Office by phone: 321-861-5050 or email: KSC-DL-BOSS-MISSION-COORDINATORS@mail.nasa.gov prior to arrival at Kennedy Space Center, to ensure no KSC special conditions exist during their scheduled move that would limit roadway availability. All vehicles traveling onto the NASA KSC secure perimeter via gate 2 or KSC gate 3 must contact KSC-Routingpermits@mail.nasa.gov and obtain a NASA KSC Travel Permit prior to arrival at Kennedy Space Center. All permitted loads to be transferred to KSC or CCSFS security for final escort shall stop and wait at gate 2 long (SR3) or Gate 3 long (SR405) as designated on the issued KSC/CCSFS Permit.
- **NO MOVEMENT ALLOWED OVER 14 FEET WIDE WITH THIS PERMIT.**

LENGTH LIMITATIONS:

1. Length Up to 80 feet
   - Movement is permitted all days, all hours. Rear overhang is limited to maximum of 10 feet during nighttime movement. When overhang exceeds 4 feet, a warning light is required on top of the vehicle. At the extreme rear of the load must be two (2) red lamps and two (2) red reflectors, one of each on each side of the load.
2. Length Greater than 80 feet and Less Than or Equal to 95 feet
   - Movement is permitted daytime hours only in addition to holidays and peak traffic restrictions described in this document. No movement will be allowed in congested areas during peak traffic hours for vehicles over 85 feet in length. Flags, warning signs and two (2) warning lights are required. One (1) warning light shall be mounted on the front of the vehicle and one (1) warning light shall be mounted on the rear of the load.
3. Length Greater than 95 feet and Less Than or Equal to 120 feet
   - Movement is permitted daytime hours only in addition to the holiday and peak traffic restrictions described in this document. Flags, warning signs and two (2) warning lights are required. One (1) warning light shall be mounted on the front of the vehicle and one (1) warning light shall be mounted on the rear of the load. One (1) qualified escort is required during all movements, except for truck tractor semi-trailers up to 105 feet with three points of articulation. Mobile home and tractor combinations cannot exceed 120 feet and the mobile home itself cannot exceed 81 feet (including all overhangs and tongue). Maximum length of multiple sections or single units of manufactured buildings on a trailer is 80 feet.

- **NO MOVEMENT ALLOWED OVER 120 FEET LONG WITH THIS PERMIT.**

SELF-PROPELLED EQUIPMENT LENGTH LIMITATIONS:

For all self-propelled equipment, the boom must be fully retracted. No movement is allowed on limited access facilities with units designed for off-road use. Nighttime movement requires that the front overhang has a minimum of 80 inches clearance above the roadway. The boom must be fully retracted, and all attachments removed. One (1) warning light must be mounted on the end of the boom.

1. Length Greater than 40 feet and Less Than or Equal to 80 feet
   a. Front Overhang Greater than 3 feet and Less Than or Equal to 9 feet
      - Movement is permitted all days, all hours.
   b. Front Overhang Greater than 9 feet
      - Movement is permitted all days, during daytime hours only.
2. Length Greater than 80 feet
   Movement is permitted daytime hours only in addition to holiday and peak traffic restrictions described in this document. Flags and Warning Signs are required.

MOBILE CRANE AND ACCESSORY SUPPORT VEHICLE TRAVEL TIMES

Under Section 316.550, FS, permitted mobile cranes and accessory support vehicles up to 12 feet wide, up to 14 feet 6 inches high, and up to 100 feet long may travel all days, all hours except as restricted by curfew.

To whomever this may concern:
I'm the owner of A&L premier logistics LLC. My driver received a citation for being overweight. I had not knowledge that the weight for Florida was 10,000 pounds and if over you have to get a special permit. I totally understand now and going forward I'll make sure to follow these guidelines. Can you please disregard this citation this time please. And I'll make the proper adjustments going forward please.

My citation number is 000913252. I was ticketed for being overweight and given a $520.00 fine. My truck is allowed to carry up to 26,000 pounds. I got a ticket for the legal limit of 10,000 pounds. My protest is on the grounds that I was NOT in violation of the law when I crossed over into Florida. I have since learned of something called an IRP was necessary, and I do plan to have that next time. This letter serves as my official Protest and request for a hearing regarding this matter.

REMARKS

CMV straight truck, laden, in Interstate operations from TX to FL was stopped for a CVSA inspection. The inspection was conducted on a CMV with a GVWR of 25,999lbs in accordance with F.S. 316.302(9) & 316.545(1). The CMV driver has no RODs when required, no Medical Certificate when required, missing markings, the USDOT number is INTRAstate only, & the registration expired 02/28/2026 verified by VIN. I was able to locate a USDOT number registered to the owner of the CMV. The driver attempted to tell me he was under 4409327 however I was able to speak to the owner. She indicated no one is to be leased onto her USDOT & that it should have been canceled. As such this report is being put on the owner of the CMV. The carrier also has no MC number when required in Interstate operations. The below listed penalties were assessed to the carrier in conjunction with the inspection:

1) Markings: $50.00.
2) RODs: $100.00. (Out of Service 10 hours).
3) Medical Certificate: $100.00. (Out of Service).
4) Failure to Register: $500.00.
5) No Operating Authority: $500.00. (Out of Service).
6) Weight/Registration: Legal is 10,000lbs, weighing 21,800lbs, over by 11,800lbs. Penalty assessed at $0.05 per lbs over for an assessment of $590.00. Would be capped at $1,000.00 less 90 days.

Total assessment to the carrier is $1,840.00 with the driver advised of payment, protest, & continued operations while OOS will result in additional penalties.

Florida Highway Patrol – Commercial Vehicle Enforcement Regarding Citation #: 00090293

To Whom It May Concern,

I am writing to respectfully request a review and reconsideration of the citation issued on February 17, 2026, at Tomoka Landfill in Port Orange, Florida.

Our family owns and operates a small local tree service, Stewart's Tree Professional. On the day of the stop, we were pulling a dump trailer that we have owned and used for approximately six years while performing routine work. At the time, we were not aware that the combined vehicle weight rating required a CDL and additional commercial compliance requirements.

This was not an attempt to disregard the law or operate unsafely, but rather a misunderstanding of the specific regulations that apply to our vehicle combination. Since receiving the citation, we have begun taking steps to correct these issues. We are currently looking into obtaining a USDOT number, ensuring the required medical certification is completed, and exploring the process for obtaining a CDL so that we can remain fully compliant moving forward.

As a small family-run business, taking an extended amount of time away from work to complete CDL training immediately presents financial challenges, but we are committed to resolving this properly and operating within all regulations.

We respectfully ask that the court consider reducing or dismissing the penalties in light of our previous lack of violations, our good faith efforts to correct the issues, and the fact that this situation resulted from a misunderstanding rather than intentional noncompliance.

Thank you for your time and consideration.

Sincerely,
Zachary Adam Stewart

To whom it may concern,

Today March 12, 2026, I was pulled over by Dot Officer Nieman. Upon which he conducted an inspection and noticed that my driver's license had air brake restrictions. I immediately went to Tax Collectors office and cleared the issue. Where they determine that an error was made upon renewing my driver's license in 2024. Ifoward you a copy of it. Please I asked to waive my citation fee. The citation number is 000912674. Thank you.

Hello my name is Jose Garcia Rodriguez. The reason for this email is regarding citation 000898752, I was given this citation because my medical card was shown expired in the dmv database, but my doctor sent the information for documentation and updating the day after of the exam 5/8/2025, i never received any letter whatsoever of the dmv saying the exam still showed expired until i got pulled over and the Sheriff showed me, they gave me a ticket (which was dismissed by the clerk) and as soon as they told me i called my dmv and they indeed had all the information in the system just never updated it, the same day i was handed the ticket the issue was already solved, i have proof of the doctor sending all the information to the dmv and i can get proof from the dmv of the day they updated my information if they have that.
Thank you for your time and im sorry for the disturbance.

RE: State v. Jose Rodriguez
Case # 26-48 CT

Dear Mr. Rodriguez:

The State Attorney has filed a No Information which closes your Criminal case. They have received your Valid Driver's License. You will not have to come to Court on March 3, 2026 but you will need to contact the Clerk of Courts to arrange payment of any Civil Citations. If these aren't paid, your Driver's License can be suspended again. You can contact the Clerk of Traffic Court at 850-482-9552 Ext.- 103, and ask if you have any citations to be sure. If you do, you can pay over the phone as well.

Thank You,

Subject: Hearing Request: Citation #000913954 – DD GREEN TRANSPORT INC
Attachments: Citation.pdf; 2026 Registration.pdf; Cab.pdf

Good morning,
I am writing to formally enter a plea of Not Guilty and respectfully request a court hearing regarding Traffic Citation **#000913954**, issued on **March 4, 2026**, by the Florida Highway Patrol.

The citation was issued for an expired vehicle registration. However, the registration was renewed, and the updated documentation was received on **March 4, 2026**, only a few hours after the citation that was issued at **2:49 AM**.

I would like to request the opportunity to present proof of this immediate compliance and ask that the citation be considered for dismissal.

Attached to this email is a copy of the citation and the renewed registration for your review.

Thank you for your time and consideration.

Sincerely,
Derrick D. Green

REMARKS

Expired Registration Violation:

Vehicle is a 5 axle truck tractor semi-trailer combination with a wheelbase of 58 ft. hauling Isotank, weighing 89,340 lbs. Vehicle is operating on a Georgia registration that expired on 03/01/2026. With an expired registration the maximum weight for a laden truck tractor/semi-trailer is 35,000 lbs. making the vehicle 54,340 lbs. overweight. Penalty assessed at $.05 per pound for a total penalty of $2717.00. (capped at $1000.00 less than 90 days expired).

The driver was given a "Not Apportioned for Florida Explanation".

Driver has been advised that it is a violation of Florida law to operate a commercial vehicle with an expired registration and that continued travel could result in further action from other law enforcement agencies.

IFTA:

Vehicle is operating with a expired (03/01/2026) Georgia registration. Vehicle has no current IFTA license or current IFTA decals displayed, and no temporary Florida IFTA permit on board at the time of stop.
A temporary 10 Day Florida IFTA permit was issued for a fee of $45.00 and a $50.00 penalty for the violation; total penalty assessed at $95.00

Inner Bridge (rear) Non-Assessed Violation:

Vehicle exceeds the inner bridge weight maximum for 4 axles and 41 ft by 7,900 lbs. Penalty non-assessed at $.05 per pound for a penalty of $395.00.

Over Permitted Weight Non-Assessed Violation:
:
Driver presented a Trip permit # 2627049-2025-0001 with an allowed permitted weight of 84,100 lbs. Vehicle exceeds the permitted weight by 5,240 lbs. Penalty is non-assessed at $0.05 per lb. for a penalty of $262.00.

Violation to be corrected prior to departing with the load (if over 86,000 pounds)

To Whom It May Concern,

I am writing in regard to the overweight citation I received for operating my vehicle above the registered weight limit. At the time of the stop, my vehicle was registered at 8,212 lbs, which did not accurately reflect the weight I was hauling.
As soon as I became aware of the issue, I took immediate action to correct it by upgrading my vehicle's registered weight to 26,000 lbs through the proper registration authority. This adjustment ensures that my vehicle is now fully compliant with applicable weight regulations.

The violation was not intentional but rather the result of the registration weight not being updated to match my operational needs. Since the citation, I have corrected the registration and taken steps to ensure this situation does not happen again.
I respectfully request that the Court take into consideration my prompt corrective action and good faith effort to comply with the law. Based on these actions, I kindly ask for leniency, such as a reduction or dismissal of the citation. Attached is the proof of my new and old registration showing it was updated immediately.
Thank you for your time and consideration.

Sincerely,
Brookie Lee

REMARKS

The driver was operating a Dodge dually with a GVWR of 14,000 pounds pulling a goose neck style car hauling trailer with a de-rated GVWR of 12,000 pounds laden with 3 vehicles. The combination was operating in INTRASTATE commerce from Panama City, Florida to Jacksonville, Florida.

The power unit was improperly registered and had a valid Florida straight plate registration. The combination weighs 24,900 lbs minus 14,999 lbs (legal declared weight) equals 9,901 lbs over legal weight at .05 cents per lb.

IMPORTANT INFORMATION

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

To Whom It May Concern:

Salem Leasing Corporation received a Final Demand Letter for the citation information above on March 16, 2026. This was Salem's first notice of this citation. The vehicle we have registered under the license plate (SC A001280) was sold to DLB Holdings LLC on November 6, 2025. Thus, we are not the party responsible for this violation because it occurred after the date of sale. A copy of the Bill of Sale will be included with this letter. We have reason to believe our license plate is still on the vehicle, and we are in the process of reclaiming our property. This plate was canceled from our IRP account after receiving this notice, so it will no longer be active. If you have any questions, please reach out by email.

Sincerely,

Hannah Shore

Dear Commercial Motor Vehicle Review Board,

RE: Citation: 000915851
Received on March 13, 2026
Sneads Weigh Station Eastbound

My name is Ranjodh Singh, owner-operator of Raja Express LLC, and I respectfully request a review of Commercial Motor Vehicle Citation #000915851, issued on March 13, 2026, in Grand Ridge, Florida. (Sneads Weigh Station Eastbound). For Reference Citation and Hours I traveled from my E-Log are attached.

I fully understand and respect the regulations regarding oversize permit travel hours, and I take compliance very seriously. I have always made every effort to follow permit restrictions and operate safely. On the morning of March 13, I was parked at the TA Truck Stop near Marianna, Florida, before beginning my trip. I woke up around 4:00 AM, showered, completed my pre-trip inspection, fueled the truck, and prepared to leave. Because I was traveling eastbound and knew I was close to the time zone change in the Florida panhandle, I asked a truck stop employee where the time change occurred. I was told it would happen about 15 minutes down the road, eastbound. Based on that information, I believed that if I left around 5:15 AM, the time would soon change, and I would be within the legal permit travel window (30 minutes prior to sunrise) once I began driving.

Unfortunately, I later learned that the time zone change occurs further **east** than I believed, and that I had not yet reached the time change when I arrived at the Grand Ridge scale house at approximately 5:30 AM. This resulted in me unintentionally traveling earlier than the permit allowed. This was **not** intentional and not an attempt to disregard permit restrictions, but rather an honest misunderstanding regarding the location of the time zone change along the route.

I have never had a violation like this before, and I take pride in operating responsibly as a small owner-operator business. This load was transporting equipment destined for Kennedy Space Center, and I was doing my best to stay on schedule while still complying with permit rules.

Unfortunately, my truck had recently come out of the shop, and with the current cost of diesel and operating expenses, the $1,000 penalty is extremely difficult for me to absorb at this time.

I respectfully ask the Review Board to please consider my explanation and the circumstances of this honest mistake. If possible, I would be very grateful for any consideration to reduce or waive this penalty as a one-time exception.I assure you that I have learned from this experience and will be extremely careful in the future regarding time zones and permit travel hours, especially in areas where the time change occurs along the route.

Thank you for your time and consideration.

Respectfully,

Ranjodh Singh

REMARKS

A Texas apportioned plated truck tractor/semi-trailer entered the scale facility. The load appeared to be over width. Measured the width of load at 13 ft. 5 inches (including 3" tolerance), with the State issued tape measure. Load was measured twice by 2 different inspectors.

Driver presented a valid FL Permit #2631294 that covered the over width condition of the vehicle.

However, vehicle arrived on the scale at 5:30 am CST. Permit specified vehicle was restricted to daytime travel only (1/2 hour before/after sunrise/sunset). Sunrise on 03/13/2026 is 6:53 am CST. Earliest legal travel time for vehicle was 6:23 am CST.

Citation issued with a penalty of $1000.00 for violation of permit restriction pertaining to legal travel hours as per F.S. 316.550.

Vehicle required to be park at owner's expense until next legal travel period.

To whom it may concern,

I am writing regarding citation number 000916084 issued on March 10, 2026 to driver Adonis Reyes Corrales.
I would like to explain that the vehicle does have the IFTA 2026 stickers. However, at the time of the stop the officer did not clearly specify which stickers were missing which caused confusion to Adonis and he answer No.
unfortunately after driver received this citation and notice officer was asking for 2026 IFTA stickers returned to explain or verify the stickers the officer did not allow him the opportunity to explain or verify the stickers and told him to leave.
We respectfully ask if it would be possible to review this citation and consider removing the fine, as this appear to have been a misunderstanding Driver was attempting to clarify that the truck does carry the necessary stickers.
I have attached a copy of this citation as well as up to date sticker.
Thank you for your time and consideration, I hope to hear back from you soon.

Subject: Protest of Citation No. 000905016 – Registration Weight Corrected

Commercial Motor Vehicle Review Board
Florida Department of Transportation

To Whom It May Concern,

I am writing to formally protest Commercial Motor Vehicle Citation No. 000905016 issued on January 12, 2026 on Interstate 4 in Plant City, Florida.

The citation indicates that the vehicle's actual gross weight exceeded the declared gross vehicle weight listed on the registration certificate. This occurred because the truck was registered at an insufficient weight classification rather than due to an intentional overload.

Immediately after the citation was issued, I went to the Florida Department of Highway Safety and Motor Vehicles to increase the registered weight of the vehicle so that it would properly reflect the operating weight required for our construction operations. At that time, the registration was updated to 34,999 lbs.

While preparing documentation for this protest, I obtained a copy of the registration and realized the weight classification still did not accurately reflect the vehicle's operating capacity. As a result, I returned to the DMV on March 4, 2026 and corrected the registration again, increasing the registered weight to 43,999 lbs to ensure full compliance moving forward.

Halecon Enterprises operates commercial vehicles throughout the State of Florida and we take regulatory compliance very seriously. Once this discrepancy was brought to my attention, I immediately took steps to correct the registration and ensure the vehicle is now properly registered for its operating weight.

Given that this matter resulted from an administrative registration classification issue that has now been fully corrected in good faith, I respectfully request that the citation and associated penalty be reconsidered and dismissed or reduced.

Thank you for your time and consideration. Please let me know if any additional documentation is required. Copies of the updated registration are included with this protest.

Sincerely,

Jacob Hale

IMPORTANT INFORMATION

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Dear Review Board,

As the President of B. Daniels Corp, ensuring the safety of the citizens in each state our trucks travel in is our top priority. B Daniels Corp displays a high level of professionalism on and off the road. My company just started traveling outside of NC, and more recently we just got into moving our own equipment.

The week of March 1st was an urgent situation to get a machine to a job site (we did have a Florida permit) however it was for South on i75. I pulled our GA permit to meet at the FL/GA state line in Kingsland on 95 south and approached the weigh station and displayed our Florida Permit for this specific load. I was unaware of my mistake that I had chosen to come from 75 south and we were on 95S. (I am not a CDL Driver) I was more than happy to cooperate with the DOT officer on the inspection. There was no issue at all with urgently pulling and receiving a FL permit for the load. One was obtained on site.

The over width issue was a simply mistake on my behalf of not proofreading my dimensions and the permit correctly as I should have done to ensure accuracy of the route, permit, and most importantly, the hazards with being over width.

To conclude this letter, B Daniels Corp understands the severity of being off route with heavy and oversized loads. Our company has not had an issue with any other permitted loads prior to this and we will continue to maintain our standards of legally transporting heavy equipment to "Prepare for America's Future". We are kindly asking for some relief to this citation as we are aware of our mistake. Please see the attached supporting documents for this citation.

Kind Regards,

Brandon Daniels

REMARKS

External Bridge Violation: FS 316:535
Inspector measured a 67 foot, 6 axle, truck tractor/semi trailer hauling an excavator weighing 97,640 lbs.
Driver presented Florida Oversize/Overweight Trip Permit #2623039-2025-0001 expires on 3/6/2026. This permit route was from I-75 at Georgia Line to Ocala. Driver presented permit at I-95 southbound in Yulee, FL. Driver off route making permit null and void. Owner of truck, who was a passenger in the vehicle, stated that he mistakenly chose the route on I-75.
External bridge over legal weight of 80,000 lbs. by 17,640 lbs.
Penalty assessed at $0.05 cents per lbs.
Vehicle not equipped with an APU.
No match on overdue list.

(6000+ lbs over) OFF-LOAD
According to 316.545. Driver informed that any gross weight over and beyond 6,000 pounds of his legal gross weight based on wheel base and axle count must be off-loaded back to legal weight. Driver informed that all material unloaded shall be cared for by the owner or operator of the vehicle at the risk of such owner or operator.

Over Dimensional Width: FS: 316.515
Vehicles load width is over the legal width of 8 foot 6 inches by 1 foot 9 inches.
Inspector measure trailer and found the width to be 102 inches. Inspector measured the load at the point of greatest overhang on the driver's side of the vehicle and found the load overhang to be 10 inches. Inspector measure the load at the point of greatest overhang on the passenger's side of the vehicle and found the load overhang to be 1 foot 2 inches. Total vehicle and load width - 10 foot 6 inches. Three inch tolerance deducted making total vehicle width 10 foot 3 inches.
Assessed pursuant to FS 316.515 at $250 per foot or any portion thereof
Driver advised to be in-compliance before leaving the scales.

VIOLATION NON ASSESSED - Internal Bridge Violation: FS 316:535
Rear internal bridge of 5 axles measured at 50 foot 0 inches.
Rear internal bridge over legal weight of 79,500 lbs by 4,100 pounds.
Penalty, if assessed, would be calculated at $0.05 per lbs.

Carrier ordered new State of Florida Oversize/Overweight Trip Permit #2625781-2025-0001, which expires on 3/11/2026.

RE: Citation :000906053

To whom it may concern:

I am writing you to protest the citation number 000906053 dated February 12, 2026. Johari Harold was given this citation for being 10,900 pounds overweight. However, according to the IRP Requirements, ***"A power unit with two axles and a registered vehicle weight must not be more than 26,000 pounds", and the GVWR for this vehicle is 26,000 pounds***. If you look at the "Scale Ticket "from the Florida 595 Travel Center dated February 13,2026, the truck weighed 21,560 which is 4,440 pounds less than GVWR of 26,000. The citation states that the CMV was overweight by 10,900 pounds, and you can see that is not the case. I have also included the receipt for the Certified scale also dated February 13, 2026, a copy of the vehicle registration NJ plate number: XRXE76, our New Jersey IFTA License for IFTA account number: NJ22175326101, and a copy of the citation number: 000906053. I am requesting that this citation be dismissed because the vehicle in question was not overweight and was underweight by 4,440 pounds. Thank you for your time and consideration in this matter.

Re: Formal Protest of Citation – Citation # 000910995
White Springs Weigh Station, Flordia – $500 Administrative Penalty

Dear Sir or Madam,

R-KO Truck Lines Ltd. respectfully submits this letter as a formal protest regarding the citation issued at the White Springs weigh station relating to Permit #2621827-2025-0001. The citation indicates that the driver was operating in violation of the permit's special requirements due to the absence of a survey letter at the time of inspection.

R-KO takes regulatory compliance very seriously and wishes to clarify the circumstances surrounding this matter.

At the time of the inspection, the vehicle and load were operating under a valid Florida oversize permit and were otherwise fully compliant with all operational requirements. Prior to movement, the required route survey had been completed and the transport was conducted in accordance with the permitted routing. The movement also included the required escort/pilot vehicle and all dimensional and operational requirements of the permit were satisfied.

The only issue cited during the inspection was the driver's inability to produce a physical copy of the survey letter at the scale facility. However, the route survey itself had in fact been completed prior to transport, and the load was operating on the surveyed and permitted route. As such, the substantive purpose of the survey requirement—ensuring that the route is safe and appropriate for the permitted movement—had already been fulfilled.

Importantly, the company was not aware that the survey documentation was required to be printed on company letterhead and physically carried by the driver throughout the movement. The permit documentation did not clearly communicate that the survey letter must be maintained in a specific physical format within the vehicle. As a result, the absence of the document at the time of inspection was an administrative oversight rather than a failure to perform the required survey or comply with the permitted route.

Additionally, it is important to note that in many jurisdictions utilizing self-issued online permitting systems, the permit platform itself requires the submission or confirmation of a

P.O Box 161
Lethbridge, AB T1J 3Y5
(403) 915 6872
office@rkotrucklinesltd.com

completed route survey before the permit application can be finalized. In those systems, the applicant is unable to proceed without first confirming the survey requirement, which provides a clear procedural safeguard and notice to the carrier.

In contrast, the Florida online permitting system did not require the submission or confirmation of a route survey as part of the application process. The FDOT permitting portal allows the permit to be issued without any prompt requiring the upload or verification of a survey document. As a result, the system does not provide the same level of procedural notice that exists in other jurisdictions where the survey documentation requirement is integrated directly into the application workflow.

For reference, the Florida Oversize/Overweight Permitting system described does not require the submission of a route survey during the permit issuance process. Based on our company's extensive experience operating in numerous self-issuing permit jurisdictions across the United States, we reasonably relied on the structure of the permitting system and the information provided within the permit documentation itself when preparing for this movement.

From a regulatory fairness and due process standpoint, enforcement actions should be based on requirements that are clearly communicated to regulated parties. Where a permitting system does not provide procedural notice or require confirmation of a documentation obligation during the application process, carriers may reasonably rely on the information presented within the permit workflow itself. In this instance, the absence of any system prompt, submission requirement, or verification step regarding the survey letter created a lack of procedural notice within the permitting process. As a result, the carrier had no reasonable opportunity to identify that a specific document format and physical possession requirement existed beyond the operational permit conditions. This lack of procedural notice supports the conclusion that the situation represents an administrative documentation oversight rather than a substantive regulatory violation.

At no point was the movement conducted in a manner that posed a safety risk to the public or infrastructure. The vehicle dimensions, escort requirements, and routing conditions were all compliant with the issued permit. The survey had been completed and the route was appropriate for the permitted configuration. The matter therefore represents a documentation issue rather than a substantive violation of Florida oversize transportation regulations.

Upon being advised of the matter at the scale facility, the driver was instructed to correct the issue before proceeding, which further indicates that the matter was considered correctable in nature.

Following this event, R-KO Truck Lines Ltd. has reviewed its internal procedures to ensure that all complementary permit documentation, including route survey letters, are carried in printed form with the driver during future movements.

Given that the required survey had been completed, the permitted route was followed, escort requirements were met, and no safety or infrastructure concerns were present, we respectfully request that this citation be dismissed. In the alternative, we respectfully request that the matter be reduced to a warning in recognition of the company's good-faith compliance and the lack of clear procedural notice regarding the documentation format requirement.

R-KO Truck Lines Ltd. remains committed to operating safely and in full compliance with all applicable transportation regulations and appreciates your time and consideration in reviewing this protest.

Subject: Re: Automatic reply: Good Evening this is Jean Clersainville Confirming the ticket as I explained the officer put me out of service since more than one month and that's what I do to pay my bills so please help me to fix that and get me back on the road...

Good Morning This Jean Clersainville as you know I got stopped by a state trooper officer and put me out of service for a reason I think not making sense. He said I cannot drive my truck and trailer even empty cause both truck and my trailer weighs more than 26.000 pounds that's totally not true. I went to a scale right after just to have proof , both together (truck and trailer) weight in total 15480 lb . The officer said I need a cdl license to continue operating. So I need your support to get this fixed and get me back on the road cause that's the only way I have now to work and make money to pay my bills (mortgage , my business insurance , kids, utilities and more) . Almost have 2 months without work. Please I already appreciate your help and count on you to resolve this issue . Thank you so much in advance.

Wetzel, Lisa

From: L .Delight Robles <angelwingshaulinglogisticsllc@outlook.com>
Sent: Tuesday, March 17, 2026 1:11 PM
To: Commercial Vehicle Review Board
Subject: Request for Review and Dismissal of Citation #000917331

To Whom It May Concern,

I am writing to respectfully request a review and dismissal of Commercial Motor Vehicle Citation #000917331 issued on March 17, 2026.

We are a newly established motor carrier, having become active on January 30, 2026, and have since traveled through multiple states, weigh stations, and even undergone prior DOT inspections without any indication that our USDOT marking was improper. At no point were we informed that "USDOT" must be displayed instead of "DOT," and this was an unintentional oversight on our part.
On the date of the stop, our vehicle was directed to pull over despite having received a green light at the weigh station in Jacksonville, Florida.

We fully cooperated with the officer and promptly provided all requested documentation, including driver credentials, medical card, and bill of lading. At the time, we were operating empty and en route to Ty-Ty, Georgia for a scheduled pickup, which was clearly reflected in our documentation.
After reviewing all documents and finding everything in compliance, the officer ultimately cited us for displaying "DOT" instead of "USDOT." Upon being informed of this requirement, we immediately corrected the issue on-site. Our driver used a marker to update the vehicle markings on both sides in the presence of the officer.
Despite correcting the matter immediately and demonstrating full compliance in all other areas, the citation was still issued.
We respectfully request consideration for dismissal of this citation based on the following:
This was a non-safety, administrative marking issue
The issue was corrected immediately at the time of inspection
There was no prior knowledge or warning despite multiple inspections
Full cooperation and compliance were demonstrated throughout the stop
As a new carrier, we are committed to operating safely, legally, and in full compliance with all regulations. We take this matter seriously and have ensured that all markings are now properly displayed.
We sincerely appreciate your time and consideration of this request and respectfully ask for leniency in this situation.
Thank you.
Sincerely,
Lamar Robles

Enclosures: Letter from the State of Alabama (Motor Carrier System); Cab Card/Ad Valorem receipt (unit #53 & unit #55).

To the CMV Review Board:

Please find attached documentation from the State of Alabama Motor Carrier System which states that Freedom Transport, Inc. had valid and current credentials (IRP/IFTA) for unit 53 and unit 55. Due to an internal issue with the state, our credentials were not able to be verified through the federal database and as such, our cab cards were deemed "fraudulent" by the Florida DOT.

Our drivers, Brandon Ward and Jeremiah Pitts, were cited for excessive overweight because the cab card they presented to the officer was not able to be verified and as such, the maximum weight we are allowed to transport was not recognized.

Please reassess the overweight ticket and send us a new one reflecting the lesser amount of money that should have been assessed at the time.

Sincerely,

QUAL indicates that the vehicle is registered at a weight greater than 80,000 pounds in Alabama

It is the registrant's responsibility to ensure that the information listed on the IRP cab card is correct.

The apportioned registration cab card must be carried in the vehicle to which it is issued. It may be shown as an electronic image on a computer, tablet, smart phone, or as a paper copy, and must be presented on demand for inspection by law enforcement officers.

Alabama law requires that current proof of liability insurance coverage and a current and valid registration receipt be carried within the vehicle.

Possession of this document declares that the registrant has knowledge of federal motor carrier safety regulations and federal hazardous materials regulations adopted by the state of Alabama.

To Whom It May Concern:

It has come to our attention that an issue occurred with our registration data being uploaded to the database used by enforcement personnel for verification of current, valid registration and that a citation was issued against the above-named carrier on plate 1224367 and vehicle identification number 1XK1D49X3NJ148228. The plate and vehicle identification number in question is registered with an effective date of 10/1/2025 and will expire 9/30/2026. The registration record did not reflect an expiration date at the time of the citation and was incorrect.

It is therefore requested that all citations relating to Freedom Transport, Inc. be set aside.

If I can be of further assistance in this matter, please contact me.

Sincerely,

Trishawn Bell, Revenue Manager

QUAL indicates that the vehicle is registered at a weight greater than 80,000 pounds in Alabama

It is the registrant's responsibility to ensure that the information listed on the IRP cab card is correct.

The apportioned registration cab card must be carried in the vehicle to which it is issued. It may be shown as an electronic image on a computer, tablet, smart phone, or as a paper copy, and must be presented on demand for inspection by law enforcement officers.

Alabama law requires that current proof of liability insurance coverage and a current and valid registration receipt be carried within the vehicle.

Possession of this document declares that the registrant has knowledge of federal motor carrier safety regulations and federal hazardous materials regulations adopted by the state of Alabama.

To Whom It May Concern:

It has come to our attention that an issue occurred with our registration data being uploaded to the database used by enforcement personnel for verification of current, valid registration and that a citation was issued against the above-named carrier on plate 1224367 and vehicle identification number 1XK1D49X3NJ148228. The plate and vehicle identification number in question is registered with an effective date of 10/1/2025 and will expire 9/30/2026. The registration record did not reflect an expiration date at the time of the citation and was incorrect.

It is therefore requested that all citations relating to Freedom Transport, Inc. be set aside.

If I can be of further assistance in this matter, please contact me.

REMARKS

A commercial motor vehicle (CMV), configured as a five-axle tractor-trailer, was operating in interstate commerce from Fairburn, Georgia to Miami, Florida under a valid Indiana registration. The CMV was stopped for a roadside inspection in Alachua County, Florida. During the inspection, it was discovered that the driver was not utilizing an electronic logging device (ELD) or any compliant method to record hours of service, as required under federal regulations. The driver stated that the ELD battery was dead and that he did not have a charging cord. Although the driver presented a paper log, it contained only one incomplete entry without a date and was filled out through 6:00 p.m., while the inspection occurred at 8:00 a.m. A penalty of $100.00 was assessed for failure to maintain accurate hours-of-service records. This enforcement action highlights the importance of maintaining functional logging devices and accurate records to ensure compliance with federal safety regulations governing interstate commercial vehicle operations.

RE: Report Number: FL3977005651 & Citation Number: 000913491

Dear Ma'am or Sir,

I am attaching the copy of the Driver/Vehicle Examination Report and the Citation that our driver, Vernon Rogers received. He was put out of service due to an error that the computer system had been made when he went to the DMV in Santa Rosa County to get his address updated. When he updated his address on his license, he received a new license number and the air brake endorsement for his Class A license was not transferred to his license. He didn't notice that he had a new license number and no endorsements.

I accompanied Vernon Rogers to the DMV regarding the error on his license. I brought in his driver file which had his original driver license number and the annual MVR for 2025 showing the air brake endorsement. They apologized and corrected the error and typed a letter stating it was a glitch in the system. I have included the letter and a copy of Vernon's new license.

Vernon had not given the company a copy of his updated license, because he had forgotten to let me know that he had updated his address and received a new license. We require all drivers to give us their updated driver's license and medical certificate. I send a two-week advance notice to drivers when their license or medical certificate is up for renewal. Then they come in so I can make copies of their documents. I also send group texts regarding when drivers get a new license due to address change, name change or if license is lost to send me a copy.

Jesse Barnhill Trucking, Inc., is disputing the citation because the license on file shows air brake endorsement. The DMV in Santa Rosa County's software issue removed the endorsement when the driver updated his address. Therefore, the updated license was in error due to a software error. Thank you for your time and consideration. Feel free to contact me if you have any questions or need any other information.

Cordially,

Julia Mathis

To Whom It May Concern:

Vernon Morris Rogers came into our office on March 05, 2026, to update his address on his current class A commercial driver license. Due to a system glitch, his air brakes test and exam was not transferred over to his license therefore putting a restriction on his license for air brakes.

Please let this letter reflect that Mr. Rogers passed his skills test on 05/17/1991 in an air brakes equipped vehicle. The restriction for "no air brakes" was placed on his license in error.

Should you have further questions or concerns, please contact our office at the phone number listed above.

To Whom It May Concern,

I am writing to formally contest the citation issued for failure to display International Fuel Tax Agreement (IFTA) decals.

Our company operates a rented vehicle that is registered in the state of Louisiana; however, the vehicle is used exclusively within the state of Florida. We do not operate this vehicle across state lines and therefore do not engage in interstate travel.

Under the requirements of the International Fuel Tax Agreement (IFTA), credentials (including decals) are only required for qualified motor vehicles that are operated in interstate commerce across two or more member jurisdictions. Because our operations are strictly intrastate within Florida, our vehicle does not meet the criteria requiring IFTA registration or decals.

Additionally, as the vehicle is rented and operated solely within Florida, all fuel taxes applicable to our operations are paid at the point of purchase within the state, further confirming that IFTA reporting does not apply in this case.

Based on these facts, we respectfully request that this citation be reviewed and dismissed, as our operations fall outside the scope of IFTA requirements.

Please let us know if any additional documentation is needed to support this request.

Sincerely,
Gregory Carpino

Commercial Motor Vehicle Review Board (CMVRB)

Subject: Formal Protest of R2 Violation – Florida
Citation Number: 000915712

Dear Members of the Review Board,

I am writing to formally protest the R2 violation issued in the State of Florida against my company, Murquizo Trucking LLC, under citation number 000915712.

After reviewing this matter, I respectfully request reconsideration of this violation based on the circumstances at the time of the stop. The unit involved was **Unit #26**, which was a newly added vehicle to our fleet. While the temporary registration in the vehicle had expired, the vehicle was in fact properly registered under the International Registration Plan (IRP), and a valid cab card had already been issued.

At the time of the inspection, the original cab card was not present in the vehicle as it had been left at our office. However, the registration itself was valid and active, and there was no intent to operate outside of compliance.

Murquizo Trucking LLC maintains all vehicles in compliance with IRP requirements, and this situation was an oversight in ensuring that the most current cab card was inside the vehicle—particularly as this was a newly added unit—rather than a failure to properly register the vehicle.

I have attached supporting documentation to verify compliance, including:

- A copy of the valid IRP cab card
- Vehicle registration records

Based on this information, I respectfully request that the Board consider dismissing or reducing the R2 violation, as the vehicle was properly registered at the time and the issue was limited to documentation not being present in the vehicle.

We have since reinforced internal procedures to ensure that all current cab cards are placed in each unit immediately upon issuance to prevent similar situations in the future.

Thank you for your time and consideration. Please feel free to contact me if any additional information is required.

Sincerely,
David Solis
Murquizo Trucking LLC

REMARKS

A truck tractor/semi-trailer entered the scale facility. The New Mexico (state) IRP Cab Card for vehicle had Temporary Tag which expired on March 9,2026 with NO grace period. The vehicle did not have a license plate so the VIN# 3AKJGLDR1HSHF1155 was checked thru SmartCop and confirmed to be expired less than 90 days. According F.S. 316.545, legal weight is 35,000 lbs. laden combination Vehicle has a scale weight of 77,560 lbs. less legal weight of 35,000 lbs equals 42,560 lbs. over at .05 cent per pound. Penalty capped at $1000.00.
The Carrier was also engaged in interstate commerce in at least 1 other member jurisdiction and was equipped with 3 axles, regardless of weight. The power unit was not displaying 2026 International Fuel Tax decals and driver did NOT have any permits, at time of stop. A 10 day Florida Fuel Tax Permit was issued. Driver did have an International Fuel Tax Agreement

NOTE: Driver was advised that operating with an expired registration is a violation of Florida Statute. Citation does NOT make vehicle legal. Continued operation would be subjected to further enforcement by other Law Enforcement Agencies. Driver/Vehicle was released. The vehicle was not displaying any Fuel Tax Stickers at time of stop. The driver was also given the Non-Apportioned and non-Expired Florida Explanation.

Enclosed is your International Fuel Tax Agreement (IFTA) license and decals. You are required to make legible copies (exact replications) of the detachable portions (below) of this license document so that one copy of the license is carried in each qualified vehicle. This license is valid in all IFTA jurisdictions.

Each IFTA licensed vehicle must display one set of valid decals on the exterior portion of the trucks cab, one decal on each side of the cab. Failure to properly display the decals in the required locations or to carry a copy of this license may result in a citation issued by law enforcement personnel in any jurisdiction and may require the purchase of a single trip permit.

If at any time during the year, you go out of business, cease operations, or otherwise voluntarily want to close your New Mexico IFTA account, you must return the original license and any copies, remove all related decals and return them to this Department.

If you require further information, please contact The Commercial Vehicle Bureau at 1-888-683-4636 Option 6.

Our Santa Fe, New Mexico office is open weekdays except holidays from 8:00 AM to 5:00 PM. Our mailing address is listed above.

I AM PROTESTINJG THIS TICKET..... Citation Number 50124504

I had a driver stopped in FL at scale house on 2/4/2026 at 10pm. Officer said I had an outstanding ticket from 2006 and would not let the driver go till I paid. First thing I was not in business are even have a tractor in 2006. Second I paid the ticket that night so the driver could leave and called the office at 850-617-3206 to get my refund from this erroneous ticket. The system shows I paid the ticket but the balance still shows as not being paid. So I am emailing to get my $37 dollars I paid refunded for the ticket and get whatever is causing me to be associated with this ticket out of your system. Attached is my cab card. ..... Thanks

EXTERNAL SENDER: Use caution with links and attachments.

Please let this email serve as our official letter of protest concerning citation #2018867, issued 3-11-26, to West of Eden Enterprises, Inc., driver Alton A. Rodgers, III.
We purchased this vehicle in August of 2025. At the time we obtained the tags and registration the clerk incorrectly noted the GVW as 31,400 lbs. This was not caught by us until pointed out by the weigh station official on March 11th, when the citation was issued. Although we had driven the truck for deliveries multiple times before this, our weight did not exceed the incorrect GVW, so the error went undiscovered. Once we were made aware of it we immediately had the registration corrected with the DMV office in Chipley, FL. Attached is a copy of the corrected registration.
We would greatly appreciate it if you would remove this fine.
Thank you,

IMPORTANT INFORMATION

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Commercial Motor Vehicle Review Board

Subject: Request for Dismissal of Overweight Citation

Dear Members of the Review Board,

I am writing to respectfully request the dismissal of an overweight citation that was issued to me.

At the time of the citation, I was operating a 2021 Dodge truck that carries a standard (non-commercial) registration. Our usual commercial vehicle, which is properly registered under the 26,000 lbs. or less classification, was unavailable due to a mechanical failure—the engine had blown and the truck was in the shop for repairs.

In order to fulfill an active delivery and avoid abandoning the load, we temporarily used a friend's truck. Unfortunately, due to the circumstances and urgency of the situation, the vehicle being used did not meet the required registration classification for the load being transported, which resulted in the citation.

The issuing officer acknowledged the situation at the time and explained that, given the circumstances, this matter could be presented to the Review Board for possible dismissal.

Additionally, I have attached documentation to support this request, including proof of the proper 26,000 lbs. or less commercial registration for the truck currently in the shop, a photograph of the tag, and a copy of the vehicle's registration.

This was not a case of intentional non-compliance, but rather an effort to meet our obligations despite an unexpected equipment failure. We have always made every effort to operate in full compliance with all commercial vehicle regulations and take these responsibilities seriously.

Given these circumstances, I respectfully ask the Board to consider dismissing this citation.

Thank you for your time and consideration.

Sincerely,

Cesar Avalos

REMARKS

Unladen 3 axle truck tractor (bobtail) entered I-75 northbound I-75 weigh station at Wildwood. Conducted safety and weight inspection. Engaged in interstate commerce.

Driver stated was transporting CMV to Albany GA, from Fort Lauderdale, FL where he was beginning operations with his new carrier Goldthan Trucking INC. Driver stated he had to travel there to obtain registration, despite carrier being based in Florida. Established as being in commerce (movement of the CMV was with intent to further the business). Driver stated he had just long term leased the CMV from LRM Leasing. Spoke with LRM Leasing at 954-791-1400. They confirmed that they are a long term equipment lessor. They have no ability to issue temporary registrations.

CMV dispalying "NOT FOR HIRE GOLDTHAN TRUCKING INC DOT # 3267613" in windshield. Driver advised he believed this to serve as valid for 30 days. Florida and Georgia FCIC return showed no valid registration.

WEIGHT/REGISTRATION:
CMV considered to be improperly/unregistered. Legal weight established at 10,000 lbs in accordance with 316.545(2)b. Actual weight of 18,600 lbs. Fine assessed at $0.05 per pound over ($0.05 x 8,600 lbs) for a total of $430.

IFTA:
No IFTA Decals or Permit when required. (3 axle power unit) traveling in interstate commerce.
10 Day Permit issued at $45 dollars plus $50 civil penalty.

Driver advised to obtain registration prior to departure (or achieve other legal means) or be open to further citation/criminal charges.

To:
Commercial Motor Vehicle Review Board
Florida Department of Transportation.

Dear Members of the Review Board,

I respectfully submit this letter to formally protest and request consideration for a reduction regarding **Commercial Motor Vehicle Citation # 000910215** issued by the **Florida Highway Patrol Commercial Vehicle Enforcement.

First and foremost, I would like to express my respect for the regulations that govern commercial motor vehicle safety and compliance. My company and I take these responsibilities very seriously and always strive to operate in full compliance with state and federal regulations.

At the time the citation was issued, the situation in question was not intentional and was addressed immediately upon being brought to our attention. As soon as we became aware of the issue, we took prompt corrective action to ensure that the matter was fully resolved and that the vehicle and our operation were brought back into compliance as quickly as possible.

I would also like to respectfully apologize if this correspondence is being received later than expected. The original mailing was unfortunately returned due to an address error during the sending process, which caused an unexpected delay in submitting this protest.

Additionally, we are a **small carrier operating with only one truck**, and we work hard every day to maintain safe and compliant operations. Situations like this can have a significant financial impact on a small operation like ours. For that reason, we respectfully ask the Board to consider our circumstances and the fact that the issue was corrected immediately.

We sincerely apologize for this situation and for any inconvenience it may have caused. It was never our intention to violate any regulation, and we have taken additional steps to ensure this type of situation does not occur again in the future.

We respectfully ask the Board to take the following into consideration that the issue was **corrected immediately** after it was identified, this situation was **unintentional and not due to negligence.**
With this in mind, we respectfully request the Board's consideration for **leniency and a possible reduction of the assessed penalty.**

Thank you very much for your time, understanding, and consideration of this request. We truly appreciate the work done by the Florida Highway Patrol and the Commercial Motor Vehicle Review Board in maintaining safety on our roadways.

Respectfully,

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Dispute of Overweight Citation **#000911730**

Date: 3/15/2026

Dispute of Overweight Citation – Axle Weight Determination

Dear Members of the Review Board,

I am writing to formally dispute an overweight citation issued in the amount of $147 related to an alleged axle weight violation of 46,940 pounds on a tandem axle, where the cited legal limit was 44,000 pounds.

At the time of this citation, our vehicle was operating under Executive Order 26-33 and FDOT Emergency Order 26-02, which suspended standard size and weight restrictions to facilitate emergency response and the transportation of agricultural commodities.

Additionally, the FDOT Emergency Road Use Permit dated March 5, 2026, established alternate weight allowances for qualifying vehicles, including gross vehicle weights up to 95,000 pounds depending on configuration.

Our vehicle, hauling logs (an agricultural commodity), was operating at a gross vehicle weight of 94,480 pounds, which falls within the permitted emergency threshold.

With respect to the cited axle weight, we respectfully request review and clarification of the basis used to determine the applicable axle limit. The Emergency Road Use Permit provides differing allowable axle weights depending on bridge restriction maps and vehicle configurations. Without clear documentation indicating which configuration and restriction map were applied at the time of citation, it is unclear whether the 44,000-pound tandem axle limit was the appropriate standard.

Furthermore, this transport was conducted in good faith reliance on the State's emergency orders and permits intended to support agricultural and emergency-related movements. Any alleged overage was minimal and occurred within the broader context of temporarily expanded weight allowances.

Given:

- The active emergency orders and suspension of standard restrictions,
- The nature of the load as an agricultural commodity, and
- The vehicle's compliance with increased gross weight limits

We respectfully request that this citation be dismissed.

We have enclosed copies of the relevant Emergency Order and Road Use Permit for your review. Please advise if any additional documentation is needed.

Thank you for your time and consideration.

Sincerely,

Dustin Pate

CASE
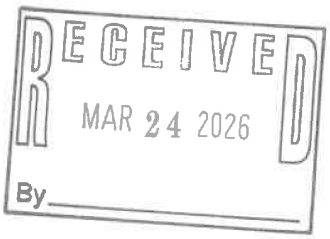
26-05-065

Good morning,



I'm the Owner of Polo Boyz Transportation, we were issued a citation for record of duty status violating an OOS order. We operate out of Louisiana and I was under the assumption as long as we had the paper log we were okay to travel. Coming From Louisiana to Florida we were on the Road less than 6 hours that day with an updated paper log in the vehicle.

I'm Protest this citation for the reason of we had an updated paper log that the Officer didn't consider and we were on the road less than 6 Hour with a 30 minute break in between, we are a new company veteran own company a 5000.00 fine will do severely harm to our business please consider this letter and Protest. Thank you

REMARKS

The driver was operating a Dodge dually with a GVWR of 14,000 pounds pulling a goose neck style car hauling trailer with a GVWR of 25,900 pounds laden with 1 vehicle. The combination was operating in INTERSTATE commerce from Fairfield, Texas to Tampa, Florida.

I made contact with the driver identified as Jewels Madison. I asked Madison for his electronic log device, at which time Madison pulled a box from the backseat and stated, "its not plugged in". I explained to Madison an ELD was required due to the vehicle combination weight as well as being in INTERSTATE commerce.

A check of previous inspections shows Madison was stopped on 2/9/26 in North Carolina (NC0006845558) and on 2/18/26 in Tennessee (TNI3A1400091) and both times placed out of service for not having a record of duty status.

Today's date this now makes Madison's 2nd time violating an OOS order. A $100.00 penalty was assessed for failing to have a record of duty status using the prescribed method.

A $5000.00 fine was assessed for violating OOS order 2nd offense.

It should be noted; the power unit is registered to the company Madison is running for (POLO BOYZ Transport LLC). (Pictures Taken)

Good Morning/Afternoon, My name is Capal Beasley. I received a citation on 2/17/206 at 11:10 am. Mrs. Hollister pulled me into the weigh station stating something about my king pin. It was hard to understand what she was asking or telling me what to do or say. But in the end, it didn't have anything to do with the kingpin, it was the tandems that needed to be slid forward. Mrs. Hollister did not give me the opportunity to slide my tandems before giving me the citation. I slid the tandems before I left the weigh station. I should have been given the opportunity to slide the tandems before the ticket was distributed. Please give me the opportunity to protest my ticket. This is a mishap that could have been addressed as soon as this was noticed. I have been a been a safe truck driver for 10 years without these issues and do not need these points on my DAC. Thanks for your time and consideration.

To whom it may concern,

We did not know... After being directed of the issues that needed to be resolved, they were corrected the following day. We did not get any warning in regards to it either, it was our first time.

I thank you for your time and consideration,

A Cut Above The Best Tree Service, Inc.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Citation 000914416

To the Honorable Members of the Review Board,

I am writing to formally protest and request a hearing for the above-referenced citation, issued to Magliner regarding an alleged lack of an apportioned tag. We believe this citation was issued in error for the following reasons:

1.Vehicle Specifications: The cited vehicle is a two-axle straight truck with a Gross Vehicle Weight (GVW) of 24,000 lbs. According to the International Registration Plan (IRP) as implemented in Florida, a power unit is only required to have apportioned registration if it has a GVW exceeding 26,000 lbs or has three or more axles. Our vehicle meets neither criteria.

2.315.545(2)(b) This statute addresses penalties for exceeding a vehicle's registered weight. At the time of the stop, our vehicle was operating within its valid 24,000 lb Michigan registration. We were not overweight, nor were we required to have an apportioned tag for this weight class

3.Nature of Operation: Our company is based in Michigan and provides specialized services (repairing and building hand trucks) for food and beverage companies. We do not carry freight for hire and maintain valid Michigan registration that allows for our current weight class.

4.Compliance: At the time of the stop, the vehicle had valid registration and was not crossing state lines for commerce in a manner that requires IRP for a vehicle under 26,001 lbs.

Enclosed please find copies of our current Michigan registration and vehicle weight specifications to verify these claims.

We respectfully request that Citation #000914416 be dismissed in its entirety.
Thank you for your time and consideration.

Sincerely,

Magliner fleet services.

Commercial Motor Vehicle Review Board
605 Suwanee Street, MS 90
Tallahassee, FL 32399

To whom it may concern,

I am writing on behalf of 7th Street Grocery LLC, who received a citation on 03/14/2026, Citation Number 000916685, due to an error on my end when the registration was initially completed.

Attached is an updated registraion showing that the company is now in compliance along with a copy of the Commercial Motor Vehicle Citation.

I apologize for my oversight and hope this can help resolve the matter.

You may contact me at the address above or by phone at (785)448-5824 if you have any questions.

Sincerely,

Shawn Price

CASE
26-05-071

To whom it may concern,

I'd like to preface by saying I am fresh out of school and this is the first company I have worked for. My first load was given to me on January 22nd. I was trusting a lot of what they were telling me. I now know that they steered me in the wrong direction multiple times and I have since broke ties with this company.

I am contesting the violations that were given to me on February 24, 2026. I was told by Richard Stickney with Smooth Eagle Express LLC that I did not need IFTA or an apportion plate. He explained it was not his responsibility to provide his drivers with these things. Also, when in conversation with Heritage Hotshot, who was working directly under Smooth Eagle, I was instructed to go into personal conveyance during the times reported on the citation. I also want to make sure everyone knows that I asked over and over and over for a lease agreement and NEVER received one.

I am also contesting the inspection itself. I feel like Trooper Wilder was extremely unprofessional with his tactics during my inspection. He kept me on side of the road for hours and kept walking away. I feel like he already knew that he was going to make me go offline but wanted to eat up as much of my active duty time as possible before doing so.

I am attaching text conversations showing my conversation stating I need IFTA and apportion plates and then telling me they weren't going to do it. I am also attaching pictures showing the trooper constantly walking away as well as my ELD showing the amount of time he had me sitting there prior to him making me log off.

REMARKS

On Tuesday, February 24, 2026, at approximately 1:30 p.m., EST, this safety inspector observed the above listed driver was operating a black Chevrolet 3500, two (2) axle, dually straight truck towing a black Davidson, two (2) axle, gooseneck flatbed semi-trailer south on I-75 (State Road 93A) north of State Road 672 (College Avenue) in the center travel lane.

Pursuant to 20.24, Florida Statute, 316.640, Florida Statute, and 316.302(9), Florida Statute, this safety inspector initiated a traffic stop to conducted a CVSA inspection. This safety inspector made contact with the driver/truck and trailer owner, Paul Christopher Soufas, a white male, who identified himself valid Louisiana Class A CDL license and valid medical certification with CDLIS. The driver was the lone occupant in the CMV.

The power unit, Chevorlet 3500, had a valid Louisiana straight plate and registered for 14,000 lbs with a 14,000 lbs. Gross Vehicle Weight Rating (GVWR). The Davison gooseneck flatbed semi-trailer had a 25,990 lbs. Gross Vehicle Weight Rating (GVWR). The power unit's and trailer's Combined Gross Weight Rating (CGWR) equaled 39,990 lbs.

Based on the driver interview and BOL, this safety inspector determined the driver/carrier was operating in interstate commerce, and CMV was laden with metal building frames.

Pursuant 316.302(1)(a), Florida Statute, All owners and drivers of commercial motor vehicles that are operated on the public highways of this state while engaged in interstate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 383, 385, 386, and 390-397.

Prior to being inspected, the CMV was weighed on this safety inspector's Department issued certified portable scales. The CMV combination weighed 39,700 lbs.

Pursuant to 316.302(9) Florida Statute, this inspector conducted a North American Standard (NAS) Level I inspection.

This safety inspector requested Mr. Soufas for his record of duty status. The driver provided this safety inspector his tablet with ELD software installed and displayed his hours of service. This safety inspector submitted the driver's electronic record of duty status to the USDOT web portal. Driver's advised his current load was pickup in Hendersonville, North Carolina and en route to Marco Island, Florida.

Upon review of the driver's hours-of-service logs, this safety inspector noted a discrepancy in his required record of duty status. The discrepancy did not reflect the driver's actual activities and off-duty, and on-duty status.

On Wednesday, February 18, 2026, at approximately 5:09 a.m. CST, the driver duty status showed "Off-Duty" in Harahan, Louisiana. The driver's RODS showed the driver's continued "Off-Duty" duty status until 10:02 a.m. CST. On Wednesday, February 18, 2026, at approximately 10:03 a.m., CST, the driver changed his duty status to "On-Duty, Driving" in Bucks, Alabama. The distance from Harahan, Louisiana to Bucks, Alabama was approximately 172 air-miles and a driving distance of approximately 167 miles with a drive time of approximately 2 hours and 42 minutes.

On Thursday, February 19, 2025, at 6:09 a.m., CST, the driver changed his duty status from "On-Duty Driving" to "Off-Duty" in Mauldin, South Carolina. On Thursday, February 19, 2026, at 101:10 a.m., CST, the driver changed his duty status for "Off-Duty" to "Driving" in Bogart, Georgia. The distance from Mauldin, South Carolina to Bogart, Georgia was approximately 50 air-miles

Pursuant to 49 C.F.R. 395.8 and 316.3025(3)(b), Florida Statute, the driver was placed out of service for 10 hours for falsifying his RODS to conceal hours, and the carrier was assessed a $100.00 civil penalty for the violation of the North American Uniform Driver Out-of-Service Criteria.

Driver was advised the civil penalty was payable within 20 days, and the driver was advised of the protest procedures. In addition, the driver was placed out-of-service for ten (10) hours, starting at the completion of the inspection.

Pursuant to 316.545(2)(b), Florida Statute, and as a result of the power unit improperly registration, not apportioned for Florida. CMV combination had a gross weight of 39,700 lbs., and the CMV's weight was reduce to Louisiana registered weight of 14,000 lbs. The CMV combination was 25,700 lbs. overweight. The overage was assessed at $.05 per lbs. for a civil penalty of $1,285.00. In addition, a 10 day temporary IRP was issued at $30.00.

The power unit did not have IFTA license nor IFTA stickers affixed to either side of the power unit. Pursuant to 207.004 (2), Florida Statue, a $45.00 IFTA fee & a $50.00 civil penalty with a total penalty of $95.00 was issued. In addition, the driver was advised to inform the carrier to obtain an IFTA license and IFTA stickers and affix them to the left and right side of the cab.

These events occurred in Hillsborough County.

DRIVER/VEHICLE EXAMINATION REPORT

In Louisiana, the responsibility for IFTA filing generally falls on the motor carrier (the company or owner-operator holding the operating authority), not the employed CDL driver. While the carrier files quarterly reports, drivers are responsible for accurately tracking miles and fuel receipts, often submitting them to the company.
Here is a breakdown of responsibilities:
Company Drivers: The motor carrier/employer is responsible for filing the IFTA report and paying taxes.
Owner-Operators: If you own the truck and operate under your own authority, you are responsible for filing your own IFTA reports.
Driver Obligations: Regardless of employment status, the driver is responsible for maintaining accurate records of miles driven per state and fuel purchased.
Qualified Vehicle: IFTA applies to commercial vehicles designed to transport goods or passengers, with two axles and a GVW over 26,000 lbs, or three or more axles regardless of

I don't get why you sending that. I thought we already talked about it. Richard said he wasn't gettin the plates.

DR

I'm sending you the laws dude and we get the portion plate without the EA. The EA is provided by my moto carrier which is him. The portion plate goes under his DOT number and is only used under his DOT number and is not anywhere else and we are these two do not have an active MC or DOT number and neither do y'all

And I'm also still waiting on three

RE: Protest of Citation Number 000916184

Dear Sir/Madam,

Thunder Road International, Inc. (TRI) is writing in protest of Citation Number 000916184. TRI purchased a 2026 Kenworth Model T880 from Kenworth of Birmingham, Inc. dealership on January 22, 2026; our driver, Mr. Malcolm Zoll, picked up the purchased vehicle on Wednesday, March 11, 2026 from the dealership.

Mr. Pat Patterson, contact from Kenworth, required our driver to bring with him the following items to pick up the vehicle; I've included the email correspondence and all contacts related to the vehicle purchase on page 3 of this protest letter:

1. Re-Dated Drive Out Form. (This form should be in your original paperwork.)
2. Bill of Sale or some type of purchase paperwork, from the original deal.
3. Insurance Information
4. Log-Book

In Alabama, non-residents that purchase a new Semi are provided with an AUTOMOTIVE VEHICLE DRIVE OUT CERTIFICATE FOR NONRESIDENTS; this document is provided in lieu of a traditional Temporary Paper Tag. (See attached Certificate).

CASE
26-05-072
PAGE 1 OF 12

In route to Florida from Alabama, our driver was given Citation Number 000916184 at Location 101E located in Sneads, FL (Jackson County) with the following remarks listed:

> *"A No Tag three axle truck tractor entered scale facility. This tractor was NOT apportioned for Florida and driver did NOT have FL IRP Trip Permit, at time of stop. The vehicles legal weight, according to F.S. 316.545, is 10,000 lbs for un-laden combination. Vehicle scale weight is 24,740 lbs. less legal weight of 10,000 lbs equals 14,740 lbs. over at .05 cent per pound. The Carrier was also issued a FL 10-day Fuel Tax Permit.*
>
> *Note: Driver had copies of the Bill of Sale and other docs attached to citation. Also the driver was given a copy of the Not Apportioned for Florida Explanation letter. "*

At the time of us picking up the vehicle, TRI was not in operation nor were we conducting any business transactions in or out of Florida; we were simply bringing our newly purchased vehicle from Alabama to Florida; TRI is a Florida Corporation and domiciled in Frostproof, FL. It never occurred to me that a Florida Re-entry Fuel Permit would be needed in this particular case due to the following reasons:

1. TRI was not nor was it legally able to conduct business / operate in any jurisdiction at the time the citation was issued as we deactivated our DOT and Operating Authority back in 2021. We recently became back fully active with DOT and MC on Friday, March 20, 2026.
2. We were not hauling a trailer; or any additional equipment that could give even the slightest indication that business was being conducted.

To put this in perspective, regarding Florida Re-entry Fuel Permits, so far in 2026 we have purchased a total of seven (7) different Florida Re-entry Fuel Permits for one of other companies, Cook Manufacturing Group, Inc. that hauled private personal property out of Florida:

Permit #	Effective	Expiration	Permit Fee (Not Incl. JJ Keller's Fee)
809930	January 14, 2026	January 25, 2026	$45.00
810258	January 20, 2026	January 31, 2026	$45.00
810679	January 28, 2026	February 8, 2026	$45.00
811574	February 10, 2026	February 21, 2026	$45.00
812371	February 23, 2026	March 6, 2026	$45.00
812949	March 03, 2026	March 14, 2026	$45.00
813746	March 14, 2026	March 25, 2026	$45.00

I'm mentioning the Florida Re-entry Fuel Permits above for context; we are fully aware that Florida Re-entry Fuel Permits are required for commercial carriers operating IFTA-required vehicles without an IFTA License. However, it never occurred to us this would apply to a newly purchased vehicle that was

travelling to its home base (FL), and was not conducting any business at the time the citation was issued.

We would greatly appreciate it if the Commercial Motor Vehicle Review Board can take into consideration that we honestly did everything that was asked of us from the dealership and that we honestly didn't know a Florida Re-entry Fuel Permit would be needed in this particular situation. Had we known a Re-entry Fuel Permit was needed we would have purchased it with no hesitation. With regards to the vehicle not being apportioned in Florida and lacking a FL IRP Trip Permit or Tag, this was a newly purchased vehicle in Alabama and in lieu of a Paper Tag, the state of Alabama provides an AUTOMOTIVE VEHICLE DRIVE OUT CERTIFICATE FOR NONRESIDENTS that the dealership provided. We kindly ask that the board dismiss the charges on Citation 000916184.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Subject:	Request a CMVRB Hearing regarding citation 000908394
Attachments:	Citation 000908394.pdf

Dear Hearing Officers

I am writing to request a hearing regarding citation 000908394 from 01/31/2026 due to the vehicle's maximum tax class weight being over.

On January 6, 2026, I was at the local DMV in Gainesville Florida, Alachua county where I renewed my registration for the 2004 Mack, VIN 1M1AE06Y34N016642. I was advised by the representative that they had a new system and I had to tell the individual that weight of the truck, the trailer weight empty and the load weight. I gave her all three. There seemingly was some issues with their system along with this being the first time this representative handled a renewal for a big truck.
Everything was the same for me as I have done every previous time.
On Saturday, 01/31/2026 when I was pulled into the weigh station, i learned that the GVW weight was entered incorrectly at the renewal. I was given this citation. On Monday 02/02/2026 I went back to the DMV and spoke with the same supervisor who assisted the representative on 01/06/2026 with my renewal. Instead of entering the total GVW as 80,000 the representative entered only the empty weight for the truck alone. The supervisor remembered assisting the representative who did the registration on 01/06/2026 and she corrected the registration. This error is what caused me to get the citation.
Attached please locate both the original and the correct registration. For this reason I am requesting a hearing to appeal this citation 000908394 because had the error not been made at the DMV, I would not have been issued a citation.
Please review and advise at your convenience.

Thank you in advance for the review.

RE: Protest: James Dio; Citation Number 000912471

To Whom It May Concern:

Metalizing Technical Services has 2 property locations. One in Florida and one in Texas.

I obtained a heavy permit in Texas for a load I was hauling to Miami, Florida on February 25, 2026. When getting to the Alabama state line and weigh station, I was asked for the registration because I was overweight. I provided the documentation and the gentlemen told me I was all good to go. I did tell him that I was heading to Miami and asked if there was anything else I needed going through the next 4 or 5 weigh stations. His reply was "no sir, you are good to go, have a safe trip." I then proceeded to the next station and I was waved through to the next border patrol. I was told again "all good." I proceeded on until I reached the next station. At that station, I was asked for my documentation due to the weight. I provided the same documentation as all the previous stops. At this station, I was told to have a safe trip so I moved on. At the 4th weigh station, I was asked to park and bring my paperwork inside; so I did. The man said I was overweight and the permit I had bought was only good in Texas. I shared with him that I provided the same paperwork to all the previous stations I stopped. I was referred to Crystal Ruziska regarding the paperwork. She told me that the very first stop in Alabama should have told me I did not have the correct permit. She told me that the first weigh station should have sold me 2 additional permits. I explained I was going to Miami and if she could provide me with some assistance then. Crystal then told me I was good. Now, I receive a ticket for $2093.00. This seems very unfair as I was told through 3 stations that all was good and to have a safe trip. I asked for assistance at the 4th station but then was waved through onto Miami. I did everything by the book and even asked for assistance when needed. Again, this ticket is unfair and undeserved. I am asking for this ticket to be voided. Thank you in advance for your understanding.

To: Commercial Vehicle Review Board; Dulic Logistics
Subject: Protest of Citation No. 000915315
Attachments: 580 2025 (2).pdf; Apportioned cab card Dulic Logistics LLC.pdf; Citation .pdf

To the Commercial Motor Vehicle Review Board,

I am writing to formally protest Citation No. 000915315 issued on March 7, 2026, in Jackson County, Florida, regarding the vehicle operated by Dulic Logistics LLC.

This protest is based on the registration history and supporting documents for the cited unit. The vehicle identified in the citation is Unit 580, VIN 1XPXD49X1LD640580. That same VIN and unit number appear on both the prior Illinois apportioned registration document and the subsequently issued Florida apportioned cab card. This confirms that the vehicle in question was the same apportioned commercial vehicle and that this matter arose from a registration transition issue, not from an attempt to operate an unrelated or intentionally unregistered vehicle.

At the time of the stop, the vehicle was carrying an Illinois Apportionment Identification Card associated with plate P1123749 and VIN 1XPXD49X1LD640580. While the officer noted concerns regarding expiration and validity confirmation, the documentation shows that the vehicle had in fact been operating under apportioned registration. Shortly after the stop, a new Florida apportioned cab card was issued for the same unit and VIN, reflecting that the registration status was promptly corrected.

We respectfully submit that this was an administrative and timing issue during a registration change, rather than a willful violation or an effort to evade registration requirements. The matching VIN, unit number, and apportioned registration history support that this was the same vehicle transitioning from one apportioned registration record to another. Once the issue was identified, the carrier took prompt corrective action.

For these reasons, we respectfully request that the Board dismiss the citation or, in the alternative, substantially reduce the assessment in light of the vehicle's apportioned registration history, the prompt corrective action taken, and the absence of any intent to violate Florida registration laws.

Attached are copies of:

1. Citation No. 000915315
2. Prior Illinois Apportionment Identification Card
3. New Florida Apportioned Cab Card

Thank you for your time and consideration.

Sincerely,

Philip Gocev

REMARKS

An Illinois apportioned truck tractor/semi-trailer entered the scale facility. The vehicle did not have a physical plate. It was observed that the Illinois IRP Cab Card for vehicle had expired on 03/3/26 with NO grace period. License number and VIN # were checked through Smart Cop but could not be confirmed as expired due to Indiana having no record of IRP/VIN#. According F.S. 316.545, legal weight is 35,000 lbs. for laden combination. Vehicle has a scale weight of 79,520 lbs. less legal weight of 35,000 lbs equals 44,520 lbs. over at .05 cent per pound for a total penalty of $2,226.00. However, penalty capped at $1000.00 because it is expired less than 90 days.

While checking vehicle registration, it was observed the power unit was not displaying 2026 International Fuel Tax decal on either side of vehicle, and did NOT have 2026 license in vehicle. Vehicle was displaying blue 2025 decals. The Carrier was engaged in interstate commerce in at least 1 other member jurisdiction and the combination exceeds 26,000 lbs.

Driver did NOT have any permits at time of stop.

A 10 day Florida Fuel Tax Permit was issued.

Driver provided information regarding F.S. 316.545.

Note: Several inconsistencies noted on IRP Cab Card (address inaccurate, date format) raised questions of validity. Could not be confirmed.

Citation issued and explained in detail.

NOTE: Driver was advised that operating with an expired registration is a violation of Florida Statute. Citation does NOT make vehicle legal. Continued operation would be subjected to further enforcement by other Law Enforcement Agencies. Driver/Vehicle was released.

LEASE AGREEMENT

This agreement, made this 11 day of March, 2026 by and between:

Lessor (owner/operator – operator) William Ray Ratliff and

Lessee (carrier being leased onto) Dulic Logistics, llc.

Whereas, Carrier is a Federal Motor Carrier Safety Administrator (FMCSA) regulated motor carrier engaged in the transportation of commodities and goods for hire.
Whereas, Owner-operator is an independent contractor and the owner of, or has the rights to lease, automotive equipment suitable and qualified for over the road for hire transportation services and the owner-operator desires to lease with a qualified driver.

Lessor hereby agrees to:

1) Leases to and delivers to the Lessee the following below described motor vehicle(s) beginning March 11, 2026, and ending 03/11/2031.
2) Is solely responsible for all costs of owning, maintaining and repairing all equipment used by the Lessor in performing under this agreement as well as all personnel costs and salaries. These costs include, but are not limited to, expenses of purchasing, renting or leasing equipment, bonding, physical damage and liability insurance, licensing fees, and other registration costs, fees and expenses, federal withholding, FICA, oil, tires, medical expenses, highway use taxes, unemployment taxes and worker's compensation insurance, fuel, garaging, parts and other items necessary to operate and maintain the equipment. The Lessor is also solely responsible for all costs of traffic violations.
3) That the Lessor is the legal owner or guardian of said vehicle(s) described as follows:

Tractor Unit #: 580 **Year:** 2020 **Make:** Peterbilt **VIN:** 1XPXD49X1LD640580

4) Lessor may produce and maintain the following insurance coverage's during the term of this agreement: Physical damage and non-trucking (bobtail). However, this insurance is optional and the Lessor will keep the Carrier harmless of all responsibilities or claims applied to this specific type of coverage.
5) Lessor shall pay the following taxes: federal, local, sales, highway use, possession, excise, personal property, assessments, penalties, FICA, medicare, withholding taxes, unemployment compensation, workman's compensation, medicare and social security imposed on or in connection with service provided under this lease agreement. If additional taxes or charges are imposed by the law from whatever source

Scanned with CamScanner

upon the operations conducted by the Lessor under this contract they shall be the sole responsibility of the Lessor.

6) Lessor shall be responsible for over-size or over-weight violations where the seals of the shipments tendered to Lessor are not intact or oversize/overweight violation is plainly determinable by or is due to acts or omissions of the Lessor.
7) Lessor will provide with copies and originals of BOL, repairs during the route, maintenance records and any other documentation related such as records of duty, fuel receipts, etc.
8) Lessor agrees to indemnify and hold harmless Lessee for all claims, costs, losses, damages, injuries, deaths, and expenses including attorney's fees arising out of:
   a) Lessor's failure to comply with the provisions of this lease agreement.
   b) Lessor's failure to comply with applicable Federal, State, and/or Local laws, regulations, ordinances, or employer's responsibilities.
   c) Lessor's use, maintenance, or operation of the equipment.
   d) Lessor's intentional or negligent misuse or handling of the equipment or shipments being transported.
   e) Any combination of the above.
9) Lessor will be responsible for removing identification devices and paperwork from the equipment upon the termination of this lease and returning it to the Lessee.

Lessee hereby agrees to:

1) To issue and maintain liability and cargo insurance coverage for the protection of the public pursuant to FMCSA regulations under 49 U.S.C. 13906. During the term of this lease said vehicle(s) shall be solely and exclusively under the direction, supervision and control of the Lessee, who shall assume full responsibility for the safety and operation of such motor vehicle(s) to the public, shippers, and all state and federal regulatory bodies. The Lessee will provide the Lessor with a copy of each policy upon the request of the Lessor. Each certificate of insurance shall include the name of the insurer, policy number, effective dates, amounts and types of coverages, and the deductible amount for each type of coverage for which the Lessor may be liable.
2) The relationship between the Lessee and Lessor is that of an independent contractor and nothing contained in this lease contract shall be construed as inconsistent with that status. However, Lessor is solely responsible to comply with all regulations and Lessee reserves the right to terminate this agreement as soon as there is evidence of non-compliance. Lessor is not an employee, servant, agent, partner or joint venture of Lessee. Lessor has the exclusive right to employ, directly or indirectly, and control all persons performing any service under this agreement and shall determine their terms and conditions of employment. Such persons shall be considered employees of the Lessor and shall not be either the employee, co-employee, or have any other relationship with the Lessee (ex. Drivers).
3) Escrow: (If applicable)
   An escrow of $ 0 is required and will be accumulated as follows: $_____ per _____ until total amount is accrued. While the escrow fund is under the control of the Lessee, the Lessee shall provide an accounting to the Lessor of any transactions involving such fund. The Lessor has the right to demand an accounting for transactions involving the escrow fund at any time. The Lessee shall pay interest on the escrow fund on at least a quarterly basis. Within 45 days from the date of this lease termination the remaining balance of the escrow fund (minus final deductions) will be paid to the Lessor. Lessee will provide a final accounting to the Lessor along with payment.
   The escrow will be utilized to pay for the following items: _____

Detach License here

Enclosed are your IFTA license and decals. You are required to make legible copies or electronic images of this license so a copy is carried in each qualified motor vehicle. This license is valid in all current IFTA jurisdictions.
Please read the Illinois Motor Fuel Use Tax Carrier Compliance Manual (MFUT-53) on our website at **tax.illinois.gov** to familiarize yourself with IFTA requirements.
Each vehicle must display one set of decals on the exterior portion of the qualified motor vehicle's cab — one decal on each side. Do not display decals on windshields, side vent windows, saddle tanks or trailers. You must remove all expired decals. Failure to display the decals in the required location may result in a citation issued by law enforcement officials. In addition, jurisdictions may require you to purchase a single trip permit if decals are not properly displayed.

THESE 2026 CREDENTIALS MAY BE DISPLAYED BEGINNING NOVEMBER 1, 2025

Upon closure of your account, you are required to destroy this license (and all copies) and remove all decals applied to each motor vehicle. You are required to retain the records of your operations, including distance, fuel, and individual vehicle records, as well as any unused decals, for a period of four years.

If you have any questions, please contact our Springfield office weekdays between 8:00 a.m. and 4:00 p.m. Our email address and telephone number are below.

IFTA Recordkeeping Requirements

The following information on distance, fuel, and decal records are excerpts from the **MFUT-53, Illinois International Fuel Tax Agreement (IFTA) Carrier Compliance Manual**, which is available on our website at tax.illinois.gov.

Distance records

You must maintain records of all fleet operations to support the information you enter on your Form MFUT-12, Motor Fuel Use Tax IFTA License and Decals Application, as well as the information you enter on Form MFUT-15, IFTA Quarterly Return. All qualified motor vehicles in your fleet must display IFTA decals and be reported on Form MFUT-15.

You may use an individual vehicle mileage record (IVMR), as required by the International Registration Plan, for recording vehicle distance information if you also include the beginning and ending odometer readings.

You may also use a trip report that includes the following on an individual vehicle basis:

- both taxable and nontaxable usage of fuel,
- distance traveled for taxable and nontaxable use,
- trip date (starting and ending),
- trip origin, destination, and any stops in between including city and state (multiple trips made to the same destination should be identified and enumerated),
- routes of travel,
- trip beginning and ending odometer readings,
- total trip miles,
- trip distance by jurisdiction,
- vehicle unit number,
- IFTA decal serial number,
- vehicle fleet number, and
- licensee's name.

You must maintain monthly, quarterly, and annual summaries of your distance and fuel records for each vehicle.

Form MFUT-76, Illinois Motor Fuel Use Tax Individual Trip Summary Report, which is available on our website at tax.illinois.gov, is a tool designed to help you maintain distance and fuel records for each vehicle.

IMPORTANT: Please note the primary function of an electronic logging device (ELD) required by the Federal Motor Carrier Safety Administration (FMCSA) is for logging a driver's record of duty status, not for keeping records required by IFTA. Not all ELDs track or maintain mileage or distance records, but some do. Do not assume your ELD is able to produce the required records necessary to complete your quarterly tax filings. As an IFTA licensee, you are responsible for the recordkeeping requirements to support your tax return filings and to make all records available during an audit. You must be able to reproduce any electronic data per unit and trip for a period of no less than FOUR YEARS, which you will be required to provide during an audit.

Alternative Recording Devices

To use onboard recording devices, satellite tracking systems, or other electronic data recording systems in place of, or in addition to, handwritten trip reports for recordkeeping purposes, you must be certain they can generate and print detailed mileage allocation reports that are unit and date specific. You are required to generate and print reports that provide the same necessary information as reported on paper records, including odometer readings, the city and state of the load origin, and the destination point.

Fuel Records

You must maintain complete records of all fuel you purchased, received, and used in the operation of vehicles for which motor fuel use tax reporting is required. You must separately account for bulk storage fuel purchases, bulk storage fuel withdrawals, and over-the-road (OTR) purchases. You must maintain individual totals for each fuel type.

Fuel Receipts – Tax-Paid Retail Purchases

To obtain credit for tax-paid retail purchases, you must keep the following, with respect to the purchase:

- credit card receipt;
- receipt, invoice, or transaction listing from the seller
- a transaction listing generated by a third party; or
- an electronic or digital record of an original receipt or invoice.

Receipts that have been altered, indicate erasures, or are hand-written are not acceptable for tax-paid c
number of gallons and price per gallon on receipts also should not be hand-written.

CASE
26-05-077

I am formally requesting a hearing to contest the above referenced Commercial Motor Vehicle citation. I respectfully dispute the allegation of improper handheld device use. At the time, I was operating the vehicle safely and maintaining full attention to the roadway. At the time, my phone mount had broken, and I briefly glanced at my phone to check the Maps app. I was not texting or distracted, and my eyes remained on the road while doing so. I believe this action was necessary for safe navigation and did not constitute reckless or inattentive driving. The officer was in another lane, and it is possible they may not have had a full view of the situation. I was acting responsibly and safely. I am requesting the opportunity to present my case. Thank you for your time and consideration.

To: Commercial Motor Vehicle Review Board

From: Jayce Can Pull It Trucking Serv(4379208)

1/16/26

I Am Writing To Formally Request A review Of A violation on 3/10/26 During an Inspection in Pensacola, FL. Specifically Violation 000914828.I Believe This Violation is inaccurate and Should Not Have Been Issued Because I Informed Inspecting Officer That A Tag Was Already Issued Through mail and I had Documents to Show Proof of That. Also Officer Pulled Me Into A Small Improper Parking Lot Basically on A hill or type of uneven pavement and Decided To Weight My Truck and Trailer Which The Uneven pavement made my Trailer over weight. Also in Report Officer Stated Breakaway wasn't attached when its actually extra wires Zip tied on trailer because the wires were too long. Also a report of lights not working in which a fuse had recently blew my tail but was back working after I changed fuse. Based on this evidence and the attached evidence I am asking that these violations be removed from my CSA SCORE/CARRIER PROFILE.

Thank you For TIME. SINCERELY, Jayce Can Pull It

REMARKS

*The CMV was stopped for an inspection on Interstate 10 at the 5 mile marker eastbound in Escambia County Florida. The CMV was operating in interstate commerce from Hattiesburg, MS to Pensacola, FL. The driver of the CMV is operating a CDL required CMV while on the Drug and Alcohol Clearing house as "PROHIBITED". This is violation of 49 CFR 383.51A. A $100.00 safety penalty is assessed to the carrier and the driver is placed out of service until qualified.
The CMV is a straight truck/ semi-trailer combination with a GVWR of 28,000 lbs and an certified weight on portable scales of 25,500 lbs. The combination has a legal expired registration of 10,000 lbs and an actual weight of 25,500 lbs. This makes the CMV 15,500 lbs over legal expired registration weight. A penalty is assessed to the carrier at $0.05 per lbs x 15,500 = $775.00.
A total penalty of $875.00 is assessed the the carrier.
Twenty days to make payment.

Subject: Citation 00097066

Dear Members of the Commercial Motor Vehicle Review Board,

I am writing to formally petition the Florida Department of Transportation regarding citation number 00097066.

I am a new owner-operator of a commercial vehicle, and this citation arose from a misunderstanding. Due to a miscommunication with the DMV, I was never informed of the requirement to file Form 1029 for my truck or the specific registration protocols required for my operation.

Please be advised that I am currently in the process of filing the proper paperwork with the IRS, including obtaining my business EIN, so that I can successfully file Form 1029. Furthermore, I would like to confirm that I maintain the proper insurance coverage for hauling 80,000 lbs.

This has been an expensive learning experience for me. I want to assure the Board that I never intended to misuse the privilege of commercial driving or bypass state regulations. I am committed to maintaining full compliance moving forward.

Thank you for your time and for any mercy you may show regarding this mistake.

Sincerely,

Michael Wester

REMARKS

VIOLATION: EXTERNAL BRIDGE–WEIGHT 316.535 F.S.
-Operating a commercial vehicle overweight at the time of the stop.-

Inspector measured a 55 foot 6 axle truck tractor intermodal chassis combination hauling a sealed container with a gross weight of 94,360 pounds. Driver presented Trip Permit 2626580-2025-0001 on his phone, but "Trailer or Truck Unit" number nor "Sealed Container or Flatrack" number matched the numbers on the truck tractor, the chassis, or the container and seals. Permit is not for this truck or this load.
The vehicle weighed 14,360 lbs. over legal external bridge weight of 80,000 lbs. The penalty is assessed at 5 cents per scaled pound overweight. ($718.00)

OFFLOAD/NON-DIVISIBLE LOAD f.s.316.545(2)(a)
Due to the unlawful gross or external bridge weight exceeding 6,000 pounds, the driver was advised to unload the excess weight, however due to being a non-divisible load the driver was advised to obtain a proper permit prior to leaving the weigh facility.
A search found no overdue citations and the vehicle had no APU. Driver could not produce a lease agreement. A copy of the registration is attached to the agency copy of this citation.

SECONDARY (NON-ASSESSED) VIOLATION: INTERNAL REAR BRIDGE – WEIGHT
The same 55 foot 6 axle truck tractor and sealed container combo had an Internal Rear Bridge length of 39 feet. It was measured from the center of axle 2 to the center of axle 6 and involved 5 axles weighing 82,640 pounds which is 10,140 pounds over the 72,500 pounds allowed by Florida Statute. Penalty of 5 cents per pound ($507.00) is non-assessed due to being a lesser weight violation. Driver advised to offload to legal weight at the first place where any of the weight is removed and failure to do so would constitute further violations.

INDEPENDENT CONTRACTOR AGREEMENT

FOR OWNER OPERATORS

America 1 Logistics LLC (DOT# 2164657) ("CARRIER"), a motor carrier operating pursuant to authority issued by state and/or federal agencies, and Littles and Butler Trucking LLC, an owner operator ("INDEPENDENT CONTRACTOR"), in consideration of the covenants and agreements contained herein, enter into this Independent Contractor Agreement ("Agreement").

1. **PROVISION OF SERVICES AND EQUIPMENT.** During the time period set forth in Paragraph 2, INDEPENDENT CONTRACTOR shall provide CARRIER transportation related services and the Equipment set forth below or in an appendix ("Equipment"). INDEPENDENT CONTRACTOR represents and warrants that INDEPENDENT CONTRACTOR has title to or is authorized to contract the Equipment and services to CARRIER.

Truck/Van Number	Year	Make	Serial Number

See Appendix D for Equipment

CARRIER shall provide INDEPENDENT CONTRACTOR a receipt for all Equipment utilized hereunder.

2. **DURATION OF AGREEMENT (49 CFR 376.12(b)).** Subject to the provisions of paragraph 5, this Agreement shall begin on the date indicated on the signature page and shall remain in effect for a period of not less than 30 days from that date, but then may be terminated in accordance with the provisions of paragraph 4; provided, however, that this Agreement may be terminated at any time in accordance with the provisions of paragraph 8.

3. **COMPENSATION (49 CFR 376.12(d)).** Subject to the provisions of paragraph 14, it is expressly understood and agreed that INDEPENDENT CONTRACTOR'S compensation shall be as set forth in Appendix A and such compensation shall constitute the total compensation for everything furnished, provided, or done by INDEPENDENT CONTRACTOR in connection with this Agreement, including driver's services. The mileage used in calculating the linehaul rate payable to INDEPENDENT CONTRACTOR shall be based on the shortest mileage between the points involved, as determined under the then most current version of PC Miler Guide as adopted by CARRIER. If INDEPENDENT CONTRACTOR'S compensation is based on a percentage of revenue for a shipment, then, in such instances Carrier shall provide to Independent Contractor, before or at the time of settlement, a copy of the rated freight bill or a computer generated document containing the same information, or in the case of contract carriage, any other form of documentation actually used for a shipment containing the same information that would appear on the related freight bill. When a computer-generated document is provided, INDEPENDENT CONTRACTOR may view, during normal business hours, a copy of any actual document underlying the computer-generated document.

4. **TERMINATION.** Subject to the provisions of paragraph 2, this Agreement may be terminated for any reason by giving thirty (30) days' notice to that effect to the other party either personally, by mail, electronic-mail, or by fax machine at the addresses or fax number shown at the end of this Agreement.

5. **INDEPENDENT CONTRACTOR'S RESPONSIBILITIES.** INDEPENDENT CONTRACTOR shall, during the term hereof, make available the Equipment to the CARRIER for dispatch and shall exercise all diligent efforts to conduct his or her operation to the satisfaction of CARRIER. The INDEPENDENT CONTRACTOR shall

determine the means and method of the performance of all transportation services undertaken by the INDEPENDENT CONTRACTOR under the terms of this Agreement. CARRIER shall be concerned solely with the results of service provided. The INDEPENDENT CONTRACTOR has and shall retain all responsibility for:

(a) **Compliance with Pertinent Laws and Regulations.** The INDEPENDENT CONTRACTOR shall satisfy all pertinent Federal and State regulatory requirements, subject at all times to verification of the CARRIER in the following respects:

i. INDEPENDENT CONTRACTOR shall, furnish, at INDEPENDENT CONTRACTOR's expense, drivers (including himself/herself, as the case may be) for the tractor power unit who meet (i) all driving requirements imposed by applicable law and (ii) all driving requirements and qualification standards as may be established by CARRIER and/or CARRIER's insurer(s).

ii. INDEPENDENT CONTRACTOR shall carry a copy of this Agreement in the Equipment at all times and file with CARRIER, on a timely basis, all log sheets, bills of lading or other shipping receipts, physical examination certificates, accident reports, and any other DOT required data, documents, or reports.

iii. INDEPENDENT CONTRACTOR agrees that all bills of lading, waybills, freight bills, manifests, or other papers identifying the property carried on the Equipment during the period it is contracted shall be those of CARRIER, or as authorized by CARRIER, and shall indicate that the property transported is under the responsibility of CARRIER or a carrier subcontracted by CARRIER.

iv. INDEPENDENT CONTRACTOR further agrees not to receive any credit extension in CARRIER'S name or in any way to use CARRIER'S name to obtain credit, unless INDEPENDENT CONTRACTOR first receives CARRIER'S written consent to do so.

v. INDEPENDENT CONTRACTOR shall maintain the Equipment in a state of repair required by all applicable regulations;

vi. INDEPENDENT CONTRACTOR shall operate the equipment in accordance with all applicable regulations, including signage, if any.

(b) **Security of Equipment.** INDEPENDENT CONTRACTOR agrees that he/she, or his/her driver/s will not drop equipment under dispatch to INDEPENDENT CONTRACTOR for delivery to CARRIER'S customers in any unsecured location, to include but not limited to, truck stops, truck repair facilities, residences, or any location that does not provide physical security and a receipt process acknowledging a chain of custody for said equipment. INDEPENDENT CONTRACTOR further agrees that he/she will obtain written permission from CARRIER to drop and/or stage equipment in any location other than the terminal from which the INDEPENDENT CONTRACTOR'S equipment is domiciled and dispatched from. In the event a claim arises from INDEPENDENT CONTRACTOR or INDEPENDENT CONTRACTOR'S driver dropping equipment in an unauthorized location, INDEPENDENT CONTRACTOR shall be responsible for the full amount of the claim to include but not limited to Liability cost for damage or loss of CARRIER'S trailer, if any, and loss of customer's goods.

(c) Operational Expenses (49 CFR 376.12(e)).

i. INDEPENDENT CONTRACTOR shall, at its sole cost and expense, provide all the Equipment ready to operate and fully roadworthy, including the necessary licenses, permits, cab cards, vehicle identification stamps, and state base plates, and shall furnish all necessary oil, fuel, tires, and other parts, supplies and equipment necessary or required for the safe and efficient operation and

maintenance of the Equipment, including repairs for the operation of such Equipment. INDEPENDENT CONTRACTOR agrees to provide CARRIER an annual inspection report of the condition of the equipment in accordance with the Federal Motor Carrier Safety Administration standards and shall pay all other expenses incident to such operation, including, but not limited to, highway use taxes, weight taxes, state property or indefinite state taxes, fuel taxes, license, permit and registration fees, ferry and toll charges, and detention and accessorial charges not collected by CARRIER because of INDEPENDENT CONTRACTOR'S failure to provide the required documentation.

ii. Unless otherwise required by law, or agreement of the parties, empty mileage expense shall be borne by INDEPENDENT CONTRACTOR.

iii. INDEPENDENT CONTRACTOR shall be responsible for maintaining, and shall maintain, the Equipment in safe condition and in complete compliance with all laws and regulations of the states in which INDEPENDENT CONTRACTOR operates, the Department of Transportation, and the Federal Highway Administration.

iv. INDEPENDENT CONTRACTOR agrees to pay all fines imposed for violation of any law or regulation by the state in which INDEPENDENT CONTRACTOR operates, the Department of Transportation, or the Federal Highway Administration, where such violation results, at least partially, from the acts or omissions of INDEPENDENT CONTRACTOR, whether such fines are assessed against INDEPENDENT CONTRACTOR or CARRIER.

v. INDEPENDENT CONTRACTOR shall pay for and defend, indemnify and hold CARRIER harmless for any loss, damage, fines, expense (including reasonable attorney's fees), actions and claims arising out of, or in connection with, the cleaning up of any accident or any spills involving the Equipment or the INDEPENDENT CONTRACTOR'S services, to the extent such claims result from the negligence of INDEPENDENT CONTRACTOR, subject to terms and condition set forth in Appendix A.

vi. INDEPENDENT CONTRACTOR shall be responsible for:

- Hiring, setting the wages, hours and working conditions and adjusting the grievances of, supervising, training, disciplining, and firing all drivers, driver's helpers and other workers necessary for the performance of the INDEPENDENT CONTRACTOR'S obligations under the terms of this Agreement, which drivers, driver's helpers and other workers are and shall remain the employees of the INDEPENDENT CONTRACTOR.

- Selecting, purchasing, financing, and maintaining the Equipment.

- Selecting all routes.

- Any and all of INDEPENDENT CONTRACTOR'S business performed other than under this Agreement. INDEPENDENT CONTRACTOR is free to accept or reject assignments from CARRIER.

vii. INDEPENDENT CONTRACTOR shall retain exclusive direction and control over the method and means of service and shall exercise all diligent efforts to conduct its operations under this Agreement to assure CARRIER and customer satisfaction.

viii. Except when the violation results from the acts or omissions of the INDEPENDENT CONTRACTOR, CARRIER shall assume the risks and costs of fines for overweight and oversize trailers when the trailers are preloaded, sealed, or the load is containerized, or when the trailer or lading is

Subject:	Citation 000917199 / Protest
Attachments:	new hire citation.pdf

I am writing to formally protest the issuance of Ticket No. 000917199, issued on March 17, 2026, in Jackson County, FL, for an alleged violation involving operation of a non-apportioned IRP vehicle.

I respectfully contest this citation for the following reasons:

1. The driver was not operating for hire at the time of the stop.
2. The vehicle had just been purchased in the State of Alabama and was being transported to Florida for registration. The truck was operating under valid temporary tags for transit purposes and had not yet been placed into commercial service in Florida.
3. The vehicle was being operated in bobtail condition (without trailer or load).
4. Upon arrival in Florida and presentation to the motor carrier, the truck was properly leased, marked with company identification, and issued apportioned IRP plates.

Given these circumstances, I respectfully request that this citation be reviewed and dismissed. The vehicle was not engaged in apportioned commercial operations at the time and was in transit following a lawful purchase.

If required, I am prepared to provide supporting documentation or appear at a hearing to resolve this matter.

Please confirm receipt of this protest and advise me of the next steps in the review process. I may be contacted at 855-839-5067 ext. 302.

Sincerely,

Agata

REMARKS

A Tennessee plated truck tractor entered the scale facility. The tractor was NOT apportioned for Florida and driver did NOT have FL IRP Trip Permit, at time of stop. The vehicles legal weight, according to F.S. 316.545, is 10,000 lbs for un-laden combination. Vehicle scale weight is 18,840 lbs. less legal weight of 10,000 lbs equals 8,840 lbs. over at .05 cent per pound. The Carrier was also issued a FL 10-day IRP Trip Permit and a FL 10-day Fuel Tax Permit.

Good morning

I am protesting this citation and here is why:
1- we have the irp issued same day he left to go to Florida I attached pictures of the irp tag and the irp paperwork and the cab card.

2- when we switch to irp we change doing business as from c c to Cherokee cars inc and there's a record of that on fmca but we had to order new set of stickers to put on the truck.

Please let me know if you have any other questions. And what is the next step.

Thank you

REMARKS

I conducted a Federal Commercial Motor Carrier Safety Alliance (CVSA) inspection by authority of F.S 316.302, to verify compliance with Federal Motor Carrier Safety Regulations (FMCSR) and Florida State Statues. The truck was traveling on State Road 91 mm 267 entrance northbound. The truck was stopped and inspected. The driver had a paper log. He stated it was his first trip. The truck dot number did not have the same name displayed on the driver side and passenger side doors. The carrier name displayed was cc. inc. Not CHEROKEE CARS INC and the safer check did not have DBA of CC Inc. Penalty assessed $50 fine. The carrier had a valid active USDOT number but did not have operating authority or an MC/XC number. The driver stated he was traveling from Ocoee Floirda to Canton Georgia to deliver the cars. Penalty assessed at $500 fine and placed out of service for INTERSATE OPERATIONS.

Protest Letter for Driver Vehicle Exam Report FL2250004310

Citation Number 000913264

Dear CMVRB,

1. In regards to Weight Violation (Registration (No Cap), we would like to present to the CMVRB that the vehicle being used was a Tractor Trailer (see evidence list provided) and Under Florida Statute 316.545 and FLHSMV guidelines, vehicles with expired, missing, or improper registration face penalties of .05 per pound for weight exceeding 35,000 lbs for tractor-trailers. The threshold for this violation are as follows and we would like to present that this vehicle was a tractor trailer and the weight violation penalty assessment should be adjusted to reflect the legal weight of 35,000 vs the 10,000 that was assessed on this citation.

2. In regards to the Safety Violation 390.21 ID Requirements, we would like to present to the CMVRB that the vehicle was only being used under FL Statute 320.133 which governs Transporter license plates and legal uses. The vehicle was operating with a legally registered and insured transporter tag (see evidence list provided) and was in process of moving a vehicle to a repair shop facility. The carrier was not operating under capacity of a commercial carrier but rather operating under the auspice of transporter tag legal usage and this violation is invalid and should not carry forward to the citation. The vehicle was specifically unmarked because it was not being used as CMV.

3. In regards to the Violation 392.2-SLLSR, we would like the opportunity to present to the CMVRB that the driver and vehicle issued the citation in this particular case "upon information and belief" were operating with Transporter Tags which are generally restricted to moving unregistered vehicles in the course of business, such as towing a vehicle to a repair facility per the FL Statute 320.133. Driver was upon information and belief, operating within the legal use of the Transporter tag. Driver was not aware of the law that If a tow truck driver uses a transporter plate to move a vehicle that does not meet the specific state's definition of "transportable" (e.g., transporting a vehicle for a reason other than initial delivery or repair, or using the plate on the wrecker itself rather than the towed vehicle), a 392.2-SLLSR violation may be issued. Given the driver and Carriers clear safety record we would like to request leniency from the CMVRB. We kindly request that the CMVRB take the carriers and drivers clean driving background into account along with the fact that the intended movement of the vehicles was intended only for a short distance (less than 2 miles) and the Tag being operated under was legally registered and insured (see evidence provided).

In concluding this protest letter, both the Driver and Carrier would like to respectfully request leniency regarding the violations cited above issued against them. We fully

In concluding this protest letter, both the Driver and Carrier would like to respectfully request leniency regarding the violations cited above issued against them. We fully understand the importance of complying with all applicable laws and regulations, particularly those governing commercial motor vehicle operations, and take this matter very seriously.

These violations occurred due to a genuine misunderstanding of the law rather than any intentional disregard for regulations. At the time, the Driver believed he was operating within compliance based on my interpretation of the requirements. We ensure that we will be fully compliant moving forward.

We have always made it a priority to operate safely, responsibly, and in accordance with all rules. This incident does not reflect the usual conduct of the Driver & Carrier, and both are committed to maintaining a strong record going forward. We respectfully ask the Board to take into consideration my good faith, clean history and safety record upon consideration of the results of the Citation.

We sincerely appreciate the Review Board's time and consideration of our request. Thank you for the opportunity to present our explanation, and we respectfully ask for a reduction or dismissal of the violations if deemed appropriate as reflected by our protest comments and evidence provided. Please feel free to contact us for any additional information at 732.744.6448.

Respectfully,

Driver – Andrzej Serafin

Carrier Owner/ Officer– Wolf Transport LLC - Danuta Serafin

REMARKS

Dep. V. Battle pulled over this driver and truck. The driver did not lock the steering into place and was towing a truck-tractor by the rear and had the steer tires on the ground. The truck tractor that was being towed was all over the place and the Deputy pulled him over for that and impeding traffic. Trooper Dion came on scene and called me to the scene. The deputy gave the driver a NTA for improper registration. The carrier was identified by the driver, the registration and the insurance. The driver owns the company and was checkcked on Sunbiz.

The driver was using a transporter plate on a tow truck and was towing a truck tractor. Legal weight for the carrier is 10,000lbs. The cmv was weighed on certified scales and weighed 48,080lbs. The cmv is 30,080lbs over in weight. Penalty accessed as follows: 30,080lbs x $.05/lb = $1,504 Penalty accessed to the carrier.

The cmv needs the carriers US DOT numbers and carriers name on both sides and the cmv has neither. $50.00 Penalty accessed to the carrier.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

REMARKS

Registration (No Cap)
Vehicle is a 5 axle truck tractor conventional auto hauler semi-trailer combination with a wheelbase of 60 ft. hauling automobiles weighing 57,700 lbs.
Vehicle is operating on a LA dealership temp tag and no Florida IRP trip permit on board at the time of stop. Legal weight for an improperly registered laden truck tractor/semi-trailer is 35,000 lbs. making the vehicle lbs. overweight. Penalty assessed at $.05 per pound for a total penalty of $1,135.00
Conventional Car Hauler(over length trailer)
The vehicle has an overall length of 49' 6" (exclusive of overhang) and a trailer length of 53' (exclusive of overhang).
As the overall length exceeds 65 ft, the legal trailer length is 50 feet, resulting in 3 ft of violation; for a penalty of $100.00
Vehicle has a trailer length of 63' 1" (inclusive of overhang) and a kingpin setting of 37' 6"
The vehicle has a proper kingpin setting of 41 ft or less making the legal trailer length 57 ft (inclusive of overhang) resulting in a 6' 1" of violation; for a penalty of $100.00
(only one over length penalty applies; 3 inch tolerance is deducted when assessing penalties)

No permits on board at time of stop.
The driver was given a "Not Apportioned for Florida Explanation".
Driver advised must be corrected prior to departure and/or obtain a permit.
Not on Prepass/Drivewyze
No match on the overdue list.
For questions call: 352-347-3322

MILTON TRUSS

To Whom It May Concern,

This is not really a protest, but a request for consideration. The driver did have a current copy of the oversize permit in his truck. But, it was put in a place that is not normal. So, he couldn't find it during the traffic stop. This was not the fault of the driver – it was the fault of management for not putting it in the proper place. I have attached a copy of the permit and citation.

Sincerely,

Tim Noble

REMARKS

A Indiana straight truck hauling building materials entered the scale facility. The load appeared to be over width. Measured the width of load at 12 ft. 3 inches (3" tolerance), with The State issued tape measure, less legal width of 8 ft. 6 inches (F.S. 316.515); equals 4 ft. over width. Citation issued with a penalty of $250.00 per foot or portion thereof (not to exceed $1000). Vehicle required to be legal before leaving scale facility.

Note: Height measured at 11 feet
Length was measured at 59 feet
Width measured at 12 feet 3 inches which is 3 feet 9 inches counts as 4 feet over legal width of 8 feet 6 inches. Penalty $1000.00

Note: The Permit the driver had was a Blanket permit which expired as of November 12, 2025 no other permits available at time of stop. The drivers company did have a application for A Blanket Permit where the company had ordered a new Permit for 2026. Permit Application# 2579060, but the driver did not have the new Blanket Permit with him at time of stop. Therefore the citation was written.

Hello, I want to protest the given citation. The citation is due to missing CA IFTA Decals. However, CA IFTA Decals are ordered on March 22,2026 and the truck had Temporary Decal Permit, while Decals stickers are getting shipped. Decals are ordered in March, due to the truck being parked from the end of December,2025 to March 22, 2026 at Englewood, FL parking lot. The truck was not drivable prior to March 22nd in 2026 year. There was a miscommunication between Officer and the driver, when Officer was looking for IFTA Decals attached to the truck. Please see attached documents: Temporary IFTA Decal Permit, Lease Agreement and Citation.

CDTFA-442-T REV. 7 (1-25) C2622251255

This *International Fuel Tax Agreement (IFTA) Temporary Decal Permit* is issued by the California Department of Tax and Fee Administration (CDTFA) under the terms of the International Fuel Tax Agreement (IFTA). This permit authorizes the licensee to operate the specified vehicle in all IFTA member jurisdictions. The permit is valid for a maximum period of 30 days and expires on the expiration date noted on the permit.

A valid CDTFA-442-IFTA, *International Fuel Tax Agreement (IFTA) License*, must be carried in the cab of the vehicle along with this CDTFA-442-T, *International Fuel Tax Agreement (IFTA) Temporary Decal Permit.* If you do not produce both credentials, it may result in the requirement to purchase a fuel trip permit, or imposition of a fine or penalty, issuance of a citation, and/or possible seizure of the vehicle. The vehicle will not be released until all tax, penalty, interest, and costs incurred in connection with the impound and storage of the vehicle are paid.

This *International Fuel Tax Agreement (IFTA) Temporary Decal Permit* is in lieu of the IFTA decals and allows this vehicle to be placed into service immediately. Miles operated and fuel consumed while using this temporary decal permit must be reported on your *IFTA Quarterly Fuel Use Tax Return.*

This permit is valid only if issued by CDTFA. Any agent or other person who alters or otherwise produces unauthorized fuel tax credentials is creating fraudulent documents, the use of which may result in civil liability, criminal prosecution, or revocation of the license.

If you have any questions, please call our Customer Service Center at 1-800-400-7115 (TTY:711). Customer service representatives are available Monday through Friday from 7:30 a.m. to 5:00 p.m. (Pacific time), except state holidays. CASE

March 23, 2026

To: Commercial Motor Vehicle Review Board

Please accept this letter as my protest against a citation that I received on Friday March 6, 2026 (5:09pm) at the Plantation Key weigh station in the Florida Keys.

My name is Jorge Luis Hernandez, and I currently own a 2002 white Isuzu dump truck. On Friday 3/6/26 I was traveling on a day trip from Key West to Miami to pick up some stone tiles for a home project. When returning from Miami, I stopped at the Plantation Key weigh station as required to do, pulled on to the scale to get weighed when Ofc. Lynn Slyman came out to the scale asking for my vehicle registration which I gladly provided to her. She then asked me to open my driver's side door to see the vehicle safety compliance certification tag which I showed was up behind the driver's side seat on the inside of the cab. She briefly went back inside of the weigh station and came back out to get my vehicles tag information and then walked over to me and asked me for my driver's license, which I gladly provided to her. After a few moments, she asked me to pull off the scale and move over to the side of the weigh station where I was to park and come inside the office. Once inside the office she stated that my vehicle's registration showed my GVW for the dump truck as 8,800 pounds (which I was unaware of) but she could clearly see that my vehicle compliance tag stated 12,000 pounds. She also told me that the vehicles tag did not match what was on file with the tag office. She asked if I have recently changed the tag for any reason and I did receive a new tag (76FPVE) on 10/27/2025 as the old tag was not legible. The vehicle tag information clearly matches what is on the vehicle registration, so I am unclear on what she meant by the tag did not match the registration. She issued me a $514.05 ticket for my dump truck being overweight when in fact it was not. If my vehicle was in fact overweight, I will gladly pay the $514.05 fine but there seems to be a clerical error on my registration which I did not notice until she mentioned it to me. I have included copies of all the above-mentioned documents to include the citation, my vehicle registration, my driver's license, the vehicle safety compliance tag and my license plate to show the discrepancies at the time the citation was given to me. On 3/10/2026, I went to the Monroe County Tax Collector's Office to ask about the discrepancy on my vehicle registration and was told that they did not know how the 8,800 pounds was calculated for my truck registration and they have since corrected it on their end. When I spoke to the Tax Collector's Office about this issue they told me that there was nothing further that they

could do to correct the mistake on the old registration and all they could do was correct the GVW for future circumstances. I explained to them that I received a citation due to a clerical error on my registration, but they explained there was nothing further they could do to help protest my citation due to this error. I have added a copy of the new registration along with this letter to show that the registration GVW has been corrected with the Tag Office and it was a clerical error which I did not notice until Ofc. Slyman pointed it out to me.

Thank you for your time,

Jorge Luis Hernandez

IMPORTANT INFORMATION

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

To Whom It May Concern,

I am writing to protest a citation issued for an expired vehicle tag. At the time of the stop, my vehicle registration and vehicle insurance was valid and not expired.

Attached is a copy of my Georgia registration showing an expiration date of November 29, 2026. This confirms that my tag was current when the citation was issued.

Based on this information, I respectfully request that this citation be reviewed. Please contact me if any additional information is needed.

Thank you for your time and consideration.

Sincerely,

Michael Johns

REMARKS

CMV straight truck (Gross Speciality = Dump Truck), in Interstate operations from GA to FL was stopped for a CVSA inspection. The inspection was conducted in accordance with F.S. 316.302(9) & 316.545(1). The CMV driver (owner) is taking the CMV (which he sold) to his brother in Wilmer, Alabama from Milan, Georgia. The CMV driver is operating at 280 air/nautical miles with no RODs when required. The CMV is also displaying another carriers USDOT information that is NOT his but from when he originally purchased it. The CMV is a three axle unit, operating in more than one IFTA member jursdication, declared at 43,000lbs on a SUSPENDED GA registration. The CMV has no valid IFTA or permits. Further as the registration is SUSPENDED the legal weight of the CMV is 10,000lbs. The CMV was weighed on certified static scales to be 24,300lbs, over by 14,300lbs. The carrier is also registered for INTRAstate operations when conducting INTERstate operations. The below listed penalties were assessed to the carrier in conjunction with the inspection:

1) Markings: $50.00.
2) IFTA: $45.00 fee + $50.00 penalty = $95.00.
3) No RODs: $100.00.
4) Failure to Register: $500.00.
5) Weight/IRP: Legal 10,000lbs, weighing 24,300lbs, over 14,300lbs, penalty assessed at $0.05 per lbs for an assessment of $715.00.

The total assessment to the carrier is $1,460.00 with the driver advised of payment, protest, & if OOS operations are observed additional penalties will be assessed including criminal sanctions.

Subject: Contesting Traffic Citation #[000913180]

Dear Sir or Madam,

I am writing to formally contest the traffic citation issued to me on March 11, 2026 in Port Everglades (Broward County).

I respectfully request a hearing to dispute this citation. I believe the ticket was issued in error for the following reasons:

I was inspected by Florida Highway Patrol (FHP) and 2 separate issues were found. The registration of my Truck was mistakenly registered as 26000 lbs instead of 80 0000 lbs required for container work. This mistake took place last year during renewal of the document. Accidentally was registered for an inferior class. I didn't notice it until the inspection that day. I corrected the Registration the following day.
The second issue was the gross weight of the vehicle. The officer using the portable scale calculated the weight in 84 400 lbs, that equals to more than 38 metric tons.
I didn't argue with the officer, but I was sure that number was far from accurate. I was issued a fine of $ 2920 at 5 cents per pound for the difference between 26 000lbs to 84 400 lbs.
58 400 lbs x 0.05$ = 2920 $
After the inspection I delivered the container at the port where the scale weighs the truck at 27.9 tons (metric tons) that equals 61 559 lbs. See port ticket below. The difference was 22 841 lbs, at 0.05$ represent a difference of $1142 .
I don't question the methods used by the officer but I think the different air tire pressure played a role in the miscalculation.
I knew instantly there was a mistake. One time at 32 tons my truck was unable to reach 40 mph. That morning I had a normal drive.

I attached some pics for your evaluation.

I respectfully ask the court to review my case and reduce the amount of the fine if possible. I take my job very seriously and respect the law to the full extent, but some issues are out of the reach of the driver. The best I can do is to learn from everyday
experience. Thanks in advance.

Sincerely,
Edel Paifer

To: Commercial Motor Vehicle Review Board
Florida Department of Transportation

Subject: Appeal of Citation Issued on March 4, 2026

Dear Members of the Review Board,

I am writing to formally request a review and dismissal of the citation issued to me on March 4, 2026, for allegedly operating a commercial motor vehicle without required corrective lenses.

I respectfully contest this citation on the grounds that my Florida driver's license does not indicate any restriction requiring the use of corrective lenses while operating a motor vehicle. The information reflected on my medical card indicating a need for glasses appears to have been entered in error. My use of glasses is limited to reading purposes only and is not necessary for driving. I have attached my current drivers license to this request to support my protes.

Due to this discrepancy, I believe the citation was issued based on incorrect information. I am currently taking steps to have my medical card corrected to accurately reflect my vision requirements.

I respectfully request that this citation be dismissed, as it was issued for a violation that is not accurate. I hope your decision will reflect the facts presented and result in the removal of this citation.

Thank you for your time and consideration.

Sincerely,
Tevin McCloud

CASE
26-05-094

Report Number FL 2737002333
Driver- Silverio Reis De Oliveira
Alliance Architectural Hardscape Inc.

Dear Florida Highway Patrol,

I am writing to respectfully request a reconsideration or mitigation of the penalties for a ticket issued on 3/9/2026.

I accept full responsibility for my actions and understand the seriousness of traffic regulations designed for public safety. However, I would like to bring to the court's attention that I have since fixed some violations and take responsibility for my lack of knowledge at the time being. I have a clean driving record and strive to follow all traffic laws. I have reflected on these mistakes and understand the importance of vigilance while driving.

I took instant action to resolve some of the violations that were issued to me, such as:

1. Renewed Registration
2. Proof of Insurance (listed on the registration)
3. DOT has been changed to Interstate Carrier

I am attaching those documents to my email to be reviewed in hopes of dismissing those violations.

As far as the other violations, I kindly request that I have more time to file for biennial FMCSA registration and IFTA fuel tax. That is if it is still required now that the DOT had been changed to Interstate.

I am aware of the penalty's and request kindly to consider a withholding of adjudication (no points) or a reduction in fines, as a full conviction will significantly impact my CDL and driving record.
Thank you for your time and consideration of my request.

Sincerely,
Silverio Reis De Oliveira

REMARKS

Vehicle Inspection Report – SR-91 Northbound near Mile Marker 265

Inspection Summary:

During a routine safety inspection, several compliance issues were identified with the commercial motor vehicle (CMV):

Vehicle Details:
Weight: 69,100 lbs
Legal Unladen Weight Limit: 10,000 lbs
Overweight by: 59,100 lbs
Rear Tandem Drive Axles: 49,400 lbs (exceeds allowed 44,000 lbs by 5,400 lbs)

Compliance Violations:
Registration: Expired on December 31, 2025, with less than 90 days overdue.

Operating Authority: The vehicle is operating without valid authority in Florida; it is an intrastate carrier registered in Massachusetts but displaying a commercial plate.

IFTA Documentation: No International Fuel Tax Agreement (IFTA) decals or reports attached, despite the vehicle's GVWR of 86,000 lbs and three axles.

Actions & Penalties:
Expired Registration: Fine of $1,000
Lack of Operating Authority: Fine of $500
Missing IFTA Documentation: Fine of $45

Additional Notes:
A fine of $250 for the axle overload violation was noted but not issued at this time.

Important information for vehicle owners

- Certificate of Registration: Every person operating a motor vehicle shall have the Certificate of Registration for the motor vehicle and/or trailer, in the vehicle, in some easily accessible place. The records of the RMV constitute the official status of the vehicle registration.
- Change of Address: By law, you must report any change of address to the RMV within 30 days. Visit Mass.Gov/RMV to change your address. Once you have reported the address change to the RMV, please write corrected address in box provided above.
- No Insurance Card Required: Massachusetts law does not require an insurance card. M.G.L. Chapter 90, Section 34, and Chapter 175, Section 113A, requires the vehicle's owner to maintain a compulsory motor vehicle liability insurance policy or bond for bodily injury coverage and property damage insurance. The insurer is required by law to electronically notify the Registry of Motor Vehicles if coverage lapses. The vehicle owner is then notified by the RMV to obtain new insurance within 10 days or the registration will be revoked. Bonds are filed with the State Treasurer's Office.
- Transferring Your Plates: Massachusetts General Law (M.G.L. Chapter 90, Section 2) allows you to transfer valid registration plates from this vehicle to a newly acquired new or used motor vehicle or trailer while you obtain insurance and a new registration. See the Transferring a Registration Section on the RMV's website at Mass.Gov/RMV for more information.
- Cancel the registration plates if:
  - The vehicle has been sold or junked and the registration is not going to be transferred to another vehicle.
  - You move to another state and you register the vehicle in that state.
  - The insurance policy is not renewed or is cancelled and there is no plan to obtain a new policy.

Protest of: Citation Number 000914444

Good Day CMVRB,

My name is Derrick L. Ward, I am the owner/operator of DLWPI Trucking LLC. I am the driver of the truck in which Trooper P. J. O'Neill pulled over on March 13, 2026.

I am emailing you this protest of the following items on the citation:

1. **Violation code 392.2 – SLLIRP Section 392.2 Unit C IRP Apportioned tag violation**
2. **Violation code R3 $355 Overweight 7,100**
3. **IRP/Fuel Tax Temporary Permit $30 IRP Trip Permit**
4. **Violation code 395.8A1 – HOSP section 395.8(a)(1) Unit D Failing to have a record of duty status**
5. **Violation code 395.3 Unit D $100 Property Carrying Vehicle OOS Hours**

My testimony is as follows:

For the Line items I numbered above 1, 2 and 3:

I drive a 26' 2018 International 4300 Box Truck (Straight Truck)

CASE
26-05-095
PAGE 1 OF 13

VIN: 1HTMMMML7JH524205

The Gross Vehicle Weight Rating is 26,000 lbs. My truck was empty as I was dead heading from Fort Lauderdale, FL going North toward Orlando, FL. Trooper O'Neill weighed my truck and asked me if I was really empty. I said yes my truck is empty. He then asked me to step out of my truck, to open the box. I unlocked my box, and started rolling up the door until he told me to stop. He looked inside and verified the truck was empty.

On the citation, Trooper O'Neill said my truck was overweight by 7100 pounds. 10 hours after sitting at the West Palm Beach service plaza, I drove to the Love's country store in Fort Pierce, FL and weighed the Truck . The gross weight was 17,320 lbs, which is well under the GVWR of 26,000 lbs. **So I ask the board to remove this from my record and remove the $355 assessment. I have attached the CAT scale weight ticket**

Furthermore, I contacted the North Carolina IRP department via Email. I advised them that Trooper O'Neill made me pay for an IRP/Fuel Tax temporary permit, because I do not have Apportioned plates.

The IRP Office confirmed the following: You currently have a for-hire plate weighted at 26,000 lbs. You also have an MC # that authorizes you to cross state lines. The only reason you would need to switch to an apportioned plate is if your gross weight exceeds 26,000 lbs. and needs to be raised. This next descriptive (2.3.2) is your scenario at 26,000 lbs. or less. You are set up as a common carrier.

2.3.2 INTERSTATE REGULATED FOR HIRE REGULATING AGENCIES
FEDERAL HIGHWAY ADMINISTRATION (FHWA)
Authority to operate as Interstate Regulated For-Hire is acquired from the FHWA. A Motor Carrier Number (MC#) and a Certificate of Authority to operate as a Common or Contract Carrier is issued when all the requirements have been met.
COMMON CARRIER: any carrier for-hire to the general public engaging in the transportation by motor vehicle of property or passengers forcompensation.
• CONTRACT CARRIER: any carrier for-hire under contract to a particular person, firm, or corporation engaging in the transportation by motor vehicle of property or passengers for compensation.
REQUIREMENTS
FEDERAL HIGHWAY AUTHORITY & INSURANCE IS IN THE CUSTOMER'S NAME
• Motor Carrier Certificate of Authority (new authority)
• Proof of Insurance - BMC91(X) (new authority & change insurance)
• Authority and Insurance must be posted on FMCSA website
• Proof of Payment of UCR Fees
CUSTOMER SHOULD RECEIVE
• For - Hire License Plate
• Registration Card

So I ask the board to remove this from my record and remove the $30 IRP Trip Permit fee. I have also attached 2 emails from IRP. One is a screenshot of the email because the above excerpt would not print.

For the Line items I numbered above 4 and 5

I have been temporarily using paper logs due to Great financial distress. The truck mentioned above was purchased in June 2025, and we have had many serious repair problems from the very beginning. The repair problems took us out of service weeks at a time, which caused us to fall behind on personal bills, including the mortgage, and the trucking company bills. We have a high overhead and with the truck which we poured all of our money into, being out of service for so many weeks at a time, it was very, very hard for paying bills. We were using Motive ELD service and could no longer pay them. So they discontinued the ELD service. Once the truck was finally repaired, I spoke with Motive and the representative said I could no longer pay for the ELD service monthly, but I would have to pay for it in full. That was not attainable for us attributing to our current financial distress. Once trooper O'Neill issued the citation, my wife found information on a different ELD company called, ELD Mandate. We called them the same day on March 13, 2026. This company allowed us to pay for the ELD service monthly and sent the ELD equipment overnight, and I installed it the next day, March 14, 2026.

I am submitting the email stream below to prove **some** of the repair issues. I did not send all of the emails as it would inundate this communication.

I was using the paper logs temporarily, until we could get above water. I am submitting screenshots of my paper logs, proving I was really keeping track of my hours of service when Trooper O'Neill pulled me over.

So I ask that the board remove this from my record and remove the **$100 Property Carrying Vehicle OOS Hours fee.**

Thank You all for your time,

Derrick L Ward

Timely Destination!

to me

The first part of this narrative from our titling manual (2.3) references vehicle weight of more than 26,001 lbs.

2.3 INTERSTATE FOR-HIRE OPERATIONS (vehicle weight is more than 26,001 pounds and crossing state lines needs to be processed at Raleigh and Charlotte IRP offices.)

DEFINITION: Transporting Property or Passengers by Motor Vehicle Between or Through Two or More States For Compensation (Crossing State Lines).

FMCSA – FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

UCR – UNIFIED CARRIER REGISTRATION PROGRAM - The Unified Carrier Registration (UCR) Program replaced the Single State Registration (SSR) Program and this program requires individuals and companies that operate commercial motor vehicles in interstate or international commerce to register their business with a participating state and pay an annual fee based on the size of their fleet. Also under the

UCR Program companies operating solely as brokers, freight forwarders or leasing companies are also required to register and pay a fee associated with the lowest fleet size.

All property and passengers transported INTERSTATE is classified either Regulated by the FHWA or Exempt from FHWA regulation.

This next descriptive (2.3.2) is your scenario at 26,000 lbs. or less. You are set up as a common carrier.

2.3.2 INTERSTATE REGULATED FOR HIRE REGULATING AGENCIES

FEDERAL HIGHWAY ADMINISTRATION (FHWA)
Authority to operate as Interstate Regulated For-Hire is acquired from the FHWA. A Motor Carrier Number (MC#) and a Certificate of Authority to operate as a Common or Contract Carrier is issued when all the requirements have been met.

- COMMON CARRIER: any carrier for-hire to the general public engaging in the transportation by motor vehicle of property or passengers for compensation.
- CONTRACT CARRIER: any carrier for-hire under contract to a particular person, firm, or corporation engaging in the transportation by motor vehicle of property or passengers for compensation.

Subject: Request for Consideration – Overweight Citation

Attention: Miss Lisa

At approximately 8:50 PM, driver Mr. Bonner was pulled into the weigh station in Nassau County while transporting new vehicles. The load was found to be overweight.

Mr. Bonner has over 40 years of driving experience, and in similar situations, drivers are often given the opportunity to adjust the load in order to comply with weight requirements. However, on this occasion, he was not given that opportunity.

Had he been allowed to remove one or two vehicles, our company had the ability to dispatch a smaller unit (hotshot) to retrieve the excess vehicles within a few hours in Jacksonville, Florida, allowing the load to be brought into compliance.

I, Joseph Smith, recently purchased this truck around the beginning of March. This is currently my only truck, and as a small business owner, this citation places a significant financial burden on me. With current fuel costs and operating expenses, this is a hardship that I am struggling to manage.

I respectfully ask for your consideration in this matter and any possible leniency you may be able to provide.

Thank you for your time and understanding.

Sincerely,
Joseph Smith

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Commercial Motor Vehicle Review Board (CMVRB)

Subject: Formal Protest of R2 Violation – Florida
Citation Number: 000915374

Dear Members of the Review Board,

I am writing to formally protest the R2 violation issued in the State of Florida against my company, Murquizo Trucking LLC, under citation number 000915374.

After reviewing this matter, I respectfully request reconsideration of this violation based on the circumstances at the time of the stop. The unit involved was **Unit #26**, which was a newly added vehicle to our fleet. While the temporary registration in the vehicle had expired, the vehicle was in fact properly registered under the International Registration Plan (IRP), and a valid cab card had already been issued.

At the time of the inspection, the original cab card was not present in the vehicle as it had been left at our office. However, the registration itself was valid and active, and there was no intent to operate outside of compliance.

Murquizo Trucking LLC maintains all vehicles in compliance with IRP requirements, and this situation was an oversight in ensuring that the most current cab card was inside the vehicle—particularly as this was a newly added unit—rather than a failure to properly register the vehicle.

I have attached supporting documentation to verify compliance, including:

- A copy of the valid IRP cab card
- Vehicle registration records

Based on this information, I respectfully request that the Board consider dismissing or reducing the R2 violation, as the vehicle was properly registered at the time and the issue was limited to documentation not being present in the vehicle.

We have since reinforced internal procedures to ensure that all current cab cards are placed in each unit immediately upon issuance to prevent similar situations in the future.

Thank you for your time and consideration. Please feel free to contact me if any additional information is required.

Sincerely,
David Solis

Protest of Commercial Motor Vehicle Citation – Registration Violation

To the Commercial Motor Vehicle Review Board:

I am respectfully requesting a review of Commercial Motor Vehicle Citation #000913806 issued in Hamilton County, Florida, for a registration violation.

At the time of the stop, the vehicle was registered under the International Registration Plan (IRP) through the State of Georgia. Prior to the citation, an IRP registration supplement had already been processed and approved through the Georgia Trucking Portal on February 3, 2026 (Attachment 2), and an invoice was issued at that time (Attachment 3).

We subsequently received written notification from the Georgia MVD Commercial Registration Unit stating: "This is to inform you that payment for your supplement is due before 3/5/2026 12:00:00 AM. If payment is not received and processed, the account noted below will be locked." (Attachment 4). We mistakenly understood this communication to mean that we had until March 5, 2026, to remit payment while remaining in compliance. Based on that understanding, we believed the registration status remained valid pending payment before the stated deadline.

Upon being informed during the stop that payment was required prior to operation, we immediately remitted payment and brought the registration fully current the same day. Proof of payment and updated IRP documentation are attached (Attachment 5). This was not an intentional failure to maintain proper registration, but rather an administrative misunderstanding regarding the effective validity date versus the payment deadline communicated by the Georgia MVD. The matter was corrected promptly and in good faith.

Given the immediate corrective action taken and the fact that the registration supplement had already been processed and invoiced prior to the stop, I respectfully request dismissal or reduction of this citation.

Additionally, I respectfully request the opportunity to appear before the Board via virtual hearing to provide clarification and answer any questions regarding the circumstances of this matter, if necessary.

Thank you for your time and consideration.

Sincerely,

Chad Dennard
