Road Ranger Background

Florida's Road Ranger service patrol program is a free service offered by the Florida Department of Transportation (Department) and other transportation agency partners. Initially used to manage vehicle incidents in construction zones, this program has since expanded to all types of incident responses, becoming one of the most effective elements of the Department's Traffic Incident Management (TIM) Program. Road Ranger Service Patrols (Road Rangers) provide a direct service to motorists by quickly clearing minor incidents from travel lanes in close coordination with the Florida Highway Patrol (FHP) and other law enforcement agencies. They also assist stranded motorists with basic services, such as furnishing a limited amount of fuel, assisting with tire changes, and helping with other types of minor vehicle repairs. Road Rangers typically patrol selected portions of Florida's interstates, other major freeways, and construction zones on these facilities.

The Department began funding this statewide program in December 1999. Documented program benefits are:

- Decrease in accidents
- Decrease in incident durations
- Assistance to disabled or stranded motorists
- Removal of road debris
- Decrease in air pollutants related to congestion
- Increase in safety at incident scenes

The program is managed at the local District level as a contracted service provided by private vendors. The Department's Central Office TIM personnel facilitate program issues of statewide interest. Since the program's inception, the Road Rangers have made over 3.9 million service assists with more occurring daily.

Quarterly Data Review

For the first quarter (July - September) of fiscal year 2016/17 (July 2016 to June 2017), the Department received 2,312 comment cards from motorists who received assistance from Road Ranger service patrols. (Note: This does not include customer comments for the Florida's Turnpike Enterprise or the District Four I-595 Road Ranger programs; there are separate processes in place to collect information in these Districts.) Each card is scanned and processed to create Road Ranger Comment Card Summaries, which are provided to each District TIM Program Manager.

The comment cards all have a unique bar code, which allows the Department to analyze data to determine where the motorist received assistance. The return rate for the comment cards varies among the Districts; Figure 1 shows the response rate by District.

Sponsored Facilities

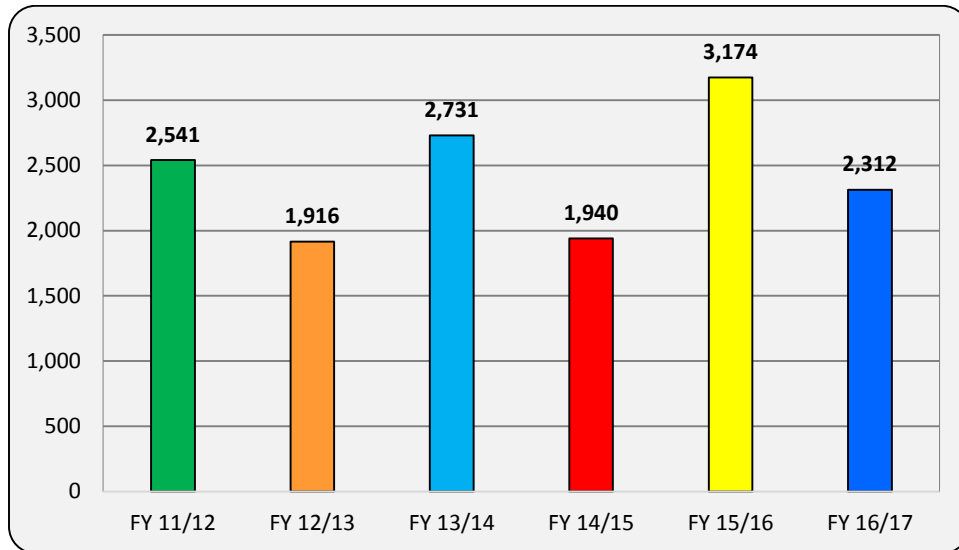

On September 16, 2014, the Department entered into a statewide agreement with Travelers Marketing, LLC for the purpose of seeking sponsorship to supplement additional existing programs. Through this agreement, Travelers Marketing, LLC was able to secure State Farm as a sponsor for the Road Ranger Service Patrol in several Districts in addition to the existing sponsorship of the Florida Turnpike Enterprise. One of the services provided as part of the sponsorship, is collecting information and motorist experiences from visits to the State Farm website: <https://www.assistpatrol.com/>.

When motorists “share their story”, they are asked to provide information about their encounter that correlates to the questions asked as part of the original cards that were used in sponsored Districts and are still used in unsponsored Districts. Each week, a report containing motorist submissions is delivered to the Central Office Road Ranger Program Manager. For the 1st Quarter, Central Office received 70 submissions from motorists that have visited the site.
