

## Florida Department of Transportation

RON DESANTIS  
GOVERNOR

605 Suwannee Street  
Tallahassee, FL 32399-0450

JARED W. PERDUE, P.E.  
SECRETARY

### POLICY

Effective: August 24, 2022  
Office: Strategic Development  
Topic No.: 000-525-045-b

### MANAGED LANES POLICY

In support of the Department of Transportation's (Department's) mission of providing a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of our environment and communities, it is the policy of the Department to employ managed lanes.

The Department will strategically implement and operate managed lanes that are designed to maximize the movement of people and goods by utilizing any combination of vehicle eligibility, transit, access control, tolling, and other applicable techniques. Managed lanes will be considered as an alternative to increase capacity on corridors to address existing and future congestion but shall not be implemented on existing general use lanes for limited access facilities.

The Department will prioritize this approach to deploy a safe, community centric, resilient, equitable, and accessible transportation system.
