

12.4 MILLION

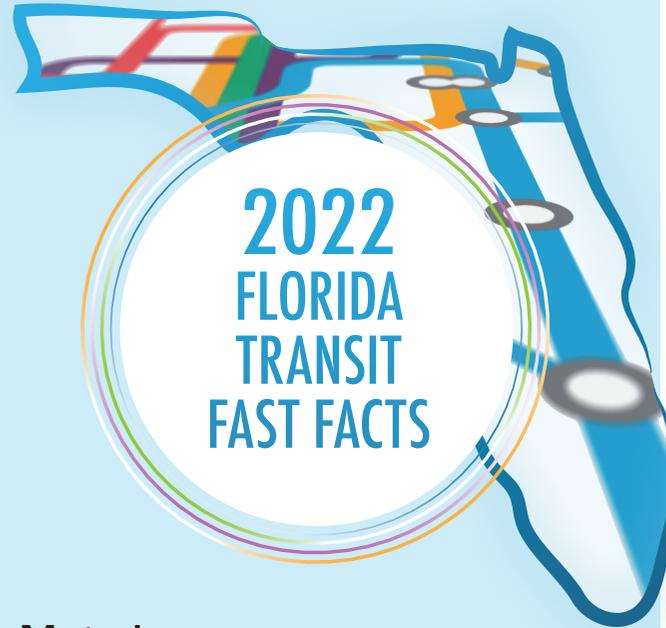

residents (57% of Florida's population) live within one half-mile of an urban fixed transit route (motorbus or rail).

17.6 MILLION

people (82% of Florida's population) live within total urban transit service areas, which includes access to demand-response services (Dial-A-Ride).

In addition to Florida's 30 urban transit systems, there are two vanpool services with data included in the statewide totals. The Tampa Bay Area Regional Transportation Authority (TBARTA) provided services with 160 vanpools in 2021. Beginning in 2021, FDOT District One began sponsoring a vanpool program within its district, Commute Connector, with 17 vanpools in its first year of operation.

Commuter Rail

The South Florida RTA provides regional commuter rail service (Tri-Rail) between Palm Beach, Broward, and Miami-Dade Counties, and SunRail began commuter rail service between Volusia, Seminole, Orange, and Osceola Counties in 2014.

Paratransit

Numerous paratransit services in Florida provide travel options to those who are transportation disadvantaged.
