

CHARLIE CRIST GOVERNOR

605 Suwannee Street Tallahassee, FL 32399-0450 STEPHANIE C. KOPELOUSOS SECRETARY

June 16, 2008

Mr. David Gibbs Acting Division Administrator Florida Division Office Federal Highway Administration 545 John Knox Road, Suite 200 Tallahassee, FL 32303

Attn: Ms. LeeAnn Jacobs

RE: STIP Amendment No. 08-09a

Mr. Gibbs:

With this letter and pursuant to the authority delegated to FDOT by the Governor, I approve the attached STIP Amendment for the Port of Miami Tunnel Public Private Partnership (PPP) Project.

In compliance with Title 23 CFR 450.22, I certify that the changes to the STIP were developed in accordance with the applicable requirements of the Federal Transportation Statutes.

The STIP Amendment for this project falls outside the normal scope and context of traditional STIP Amendments because of the long duration of the project and the unique procurement process being used. This project will be implemented on an expedited basis using a long-term public private partnership concessionaire agreement under which availability payments will be paid to the concessionaire for a period of 35 years, which is well beyond the traditional four years of the federal STIP and TIP documents.

The purpose of this amendment is to provide disclosure of the intent to federalize this project for the purpose of qualifying the concessionaire for eligibility to apply for credit assistance under the provisions of The Transportation Infrastructure Finance and Innovation Act of 1998 (TIFIA). Projects receiving TIFIA credit assistance must meet the same federal requirements under Title 23 U.S.C. and related federal regulations as any project receiving Title 23 federal grant funding.

There is no Title 23 federal grant funding included in the availability payments for this project. All payments due under the concessionaire agreement will be funded with a combination of state and local funds.

The attached Exhibit B lists the project programming in the Department's Work Program for all phases and all years of the project. This programming is also included in the federal FY09 STIP, due to be approved effective October 1, 2008.

STIP Amendment No. 08-09a For the Port of Miami Tunnel Public Private Partnership (PPP) Project June 16, 2008 Page Two

The overall scope of the project has not changed, and new funds have not been added to the project beyond what was already planned for the design, construction, operations and maintenance of the facility over the life of the concessionaire agreement.

There are several Exhibits attached to this STIP Amendment request as follows:

Exhibit A: Description of the Project from Initial Financial Plan.

Exhibit B: Spreadsheet displaying the project programming in the Department's Work Program for all phases and all years of the project.

Exhibit C: Copy of the Administrative Amendment for the 2008 STIP. The purpose of the amendment is to update the Port of Miami Tunnel Project on page 43 of 151, Section A1, to match the POMT item in the 2009 TIP that was approved by the MPO Board on May22, 2008, and to provide acknowledgement of the intent to federalize this project for the purpose of qualifying the concessionaire for eligibility to apply for credit assistance under the provisions of The Transportation Infrastructure Finance and Innovation Act of 1998 (TIFIA).

Exhibit D: Copy of Miami-Dade MPO TIP Board Resolution for Port of Miami Tunnel Project, which provides acknowledgement of the intent to federalize this project for the purpose of qualifying the concessionaire for eligibility to apply for credit assistance under the provisions of The Transportation Infrastructure Finance and Innovation Act of 1998 (TIFIA).

Please contact me if you have any questions regarding this request.

Sincerely,

James B. Jobe, C.P.A., C.G.F.M

Manager, Federal Aid Management Office

Exhibit A to Port of Miami Tunnel Amendment No. 08-09a

Project Description

Executive Summary

The Florida Department of Transportation ("FDOT") wishes to develop, design, construct, finance, operate and maintain the Port of Miami Tunnel & Access Improvement Project (the "Project") through a public-private partnership. The Project consists of three primary components: (1) widening of the MacArthur Causeway Bridge; (2) tunnel connections between Watson Island and Dodge Island (the Port of Miami); and (3) connections to the Port of Miami roadway system. The tunnel connection between Watson Island and Dodge Island will run beneath the Main Shipping Channel in Biscayne Bay and is intended to improve safety and to provide primary freight and alternative access to and from the Port of Miami.

FDOT issued a Request for Qualifications on February 17, 2006 and addenda thereto (as subsequently amended, the "RFQ"). FDOT issued these and all subsequent procurement documents for the Project pursuant to Chapter 334.30 of the Florida Statutes ("PPP Law"). The PPP Law grants FDOT the authority to solicit proposals from and enter into agreements with private entities, or consortia thereof, for the building, operation, ownership or financing of transportation facilities such as the Project.

Pursuant to the procurement process outlined in the RFQ, FDOT short-listed the three proposers who submitted their respective financial and technical qualifications as detailed in the Statements of Qualifications. FDOT then issued a Request for Proposals to these short-listed proposers, which includes various RFP documents and addenda thereto (as subsequently amended, the "RFP"). Proposals were submitted on March 5, 2007.

Following the receipt and evaluation of the proposals, FDOT chose Miami Access Tunnel ("MAT") (a consortium headed by the French construction firm Bouygues Travaux Publics and global investment bankers Babcock & Brown) as the best value proposer. FDOT's selection was based on its overall evaluation of the proposals and FDOT's conclusion that MAT offered the best value in its Proposal, based on its Maximum Availability Payment ("MAP"), together with its approach to project management, design and construction, quality assurance and control, and operations and maintenance of the Project.

Upon the approval of financial support from Miami-Dade County and the City of Miami, FDOT announced in February 2008 its intent to award a contract ("Concession Agreement") to MAT for the right to design, build, finance, operate, and maintain the Project (the "Concession"), in return for payment during a 35-year contract term (the "Contract Term"). Upon the completion of final contract negotiations, MAT will execute the Concession Agreement with FDOT, and it is referred to in this initial finance plan as the concessionaire ("Concessionaire").

The Concessionaire has proposed a private finance package comprising equity and debt to fund the design and construction of the Project. The Concessionaire will repay equity and debt with payments from FDOT. These payments will include (i) amounts payable to Concessionaire upon achievement of a milestone as set forth in Section 4.1.2.1 of the Concession Agreement ("Milestone Payments), and (ii) performance-based payments (the "Availability Payments").

FDOT has selected a Design, Build, Finance, Operate and Maintain method of project delivery for the Project because it offers the following benefits: cost savings and improved risk management, time savings, a single point of responsibility, the opportunity for innovation, better quality control, and a reduced administrative burden for the Department.

CHARLIE CRIST GOVERNOR Office of Director of Transportation Development 1000 NW 111 Avenue, Miami, FL 33172 Phone: 305-470-5464

STEPHANIE C. KOPELOUSOS SECRETARY

June 2, 2008

Jose-Luis Mesa, Director Metropolitan Planning Organization Secretariat 111 N.W. 1st Street, Suite 910 Miami, Florida 33128-1999

RE: Administrative Amendment to the 2008 TIP for the Port of Miami Tunnel (POMT)

Dear Mr. Mesa:

The Department is requesting your approval of an administrative amendment to the 2008 Transportation Improvement Program (TIP). The purpose of the administrative amendment is to update the Port of Miami Tunnel, Project #DT2511563, on page 43 of 151, Section A1, to match the POMT item in the 2009 TIP that was approved by the MPO Board on May 22, 2008. This amendment is needed in order to fully disclose to the Federal Highway Administration the intent to qualify the concessionaire for eligibility to apply for credit assistance under the provisions of Transportation Infrastructure Finance and Innovation Act (TIFIA) of 1998, thereby federalizing the project.

The project information for item #DT2511563, on page 43 of 151, Section A1, should be updated to match the format for the POMT item in the 2009 TIP. The project information is exactly the same as the information in the 2009 TIP approval, except for the inclusion of the updated fiscal year 2008 funding (identified below), and the exclusion of fiscal year 2013. The amendment should also include the spreadsheet displaying the project programming for all phases, and all years of the project, which was included at the end of the 2009 TIP.

FY 2008 Funding Amounts for 2008 TIP Administrative Amendment: (\$000's)

PE	DIH	\$	105
	DI	\$	72
	GMR	\$	43
ROW	DIH	\$	6
	LF	\$50	0,000
CST	LF	\$95	5,000

Mr. Jose-Luis Mesa June 2, 2008 Page 2

This administrative amendment will also extend the 2008 TIP timeframe to include the period between July 1, and September 30, 2008, since the 2009 TIP will not become effective until October 1, 2008. This will reconcile the Port of Miami Tunnel project for the period between the beginning of the State and Federal fiscal years. This request follows the process outlined in the MPO Program Management Handbook (page 5-25), and Federal Aid Technical Bulletin 04-01, dated June 10, 2004.

Please acknowledge your approval of this administrative amendment by signing below, and returning this letter to our office. Please keep a copy for your file. Thank you for your ongoing cooperation, and please contact me if you have any questions.

Sincerely,

Alice N. Bravo, P.E., Director

Office of Transportation Development

MPO RESOLUTION # 10-08

RESOLUTION APPROVING THE FISCAL YEAR 2009-2013 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Interlocal Agreement creating and establishing the Metropolitan Planning Organization (MPO) for the Miami Urbanized Area requires that the MPO provide a structure to evaluate the adequacy of the transportation planning and programming process; and

WHEREAS, the Transportation Planning Council (TPC) has been established and charged with the responsibility and duty of fulfilling the aforementioned functions; and

WHEREAS, the TPC has reviewed the FY 2009-2013 TIP and finds it consistent with the goals and objectives of the Transportation Plan for the Miami Urbanized Area; and

WHEREAS, the MPO Board acknowledges the intent of the Florida Department of Transportation and Miami-Dade County to federalize the Port of Miami Tunnel project for the purpose of qualifying the concessionaire for eligibility to apply for credit assistance under the provisions of the Transportation Infrastructure Finance and Innovation Act of 1998 (TIFIA),

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BOARD OF THE METROPOLITAN PLANNING ORGANIZATION FOR THE MIAMI URBANIZED AREA:

SECTION 1. That the attached errata sheet is incorporated in the 2009-2013 Final Draft TIP document.

SECTION 2. That the FY 2009-2013 Transportation Improvement Program is hereby approved.

The adoption of the foregoing resolution was moved by Board Member Julio Robaina. The motion was seconded by Board Member Linda Bell, and upon being put to a vote, the vote was as follows:

Chairman Bruno A. Barreiro-Aye Vice Chairwoman Barbara J. Jordan-Absent

Board Member Lynda Bell	-Aye	Board Member Joe A. Martinez	-Absent
Board Member Kevin A. Burns	-Absent	Board Member Dennis C. Moss	-Absent
Board Member Jose "Pepe" Diaz	-Absent	Board Member Julio Robaina	-Aye
Board Member Audrey M. Edmonson	-Aye	Board Member Dorrin D. Rolle	-Aye
Board Member Shirley M. Gibson	-Aye	Board Member Marc D. Sarnoff	-Absent
Board Member Carlos A. Gimenez	-Aye	Board Member Natacha Seijas	-Absent
Board Member Perla T. Hantman	-Aye	Board Member Katy Sorenson	-Aye
Board Member Sally A. Heyman	-Aye	Board Member Rebeca Sosa	-Absent
Board Member William H. Kerdyk	-Absent	Board Member Javier D. Souto	-Nay
		Board Member Richard L. Steinberg	-Aye

The Chairperson thereupon declared the resolution duly passed and approved this 22nd day of May, 2008.

METROPOLITAN PLANNING ORGANIZATION M.P.O.
